Local Funds—Roads.

No. 212. Read the following Proceedings of the Board of Revenue, dated 10th June 1875, No. 1574:—

Read the following letter from H. ST. A. GOODRICH, Esq., Acting Collector and President of the Local Fund Board, Vizagapatam, to H. E. STOKES, Esq., Acting Secretary to the Board of Revenue, dated 22nd April 1875, No. 686:—

I HAVE the honor to forward, herewith, an estimate, amounting to Rupees 14,400, for special repairs to the portion of the trunk road between Tuni and Nakkapilly, a distance of $12\frac{1}{2}$ miles.

2. There is only a maintenance grant of Rupees 200 per mile allowed for the trunk road—*vide* Item No. 4, Part II., of the Local Fund Budget for 1875-76. This portion of the road is reported to be quite impassable in wet weather, and the present estimate provides metalling six inches thick and fifteen feet wide throughout, except in a few places which were previously metalled. It also provides for digging side ditches, clearing jungles, turfing, &c. No masonry works have been provided, as the Range Officer considers that the present dams will answer the purpose.

3. As the work is most emergent and necessary, the Local Fund Board of the Vizagapatam Circle have, at a meeting held on the 15th instant, passed the estimate; I have therefore the honor to request the Board will obtain the sanction of Government for the execution of the work in question when funds are available.

4. Copy of the District Engineer's letter, giving cover to the estimate under notice, is herein enclosed for your information.

ENCLOSURE No. 1.—Estimate.

ENCLOSURE No. 2.—Copy of District Engineer's letter.

THE estimate, amounting to Rupees 14,400, for special repairs to the portion of the Great Northern Road between Tuni and Nakkapilly (length $12\frac{1}{2}$ miles) is submitted for the sanction of Government.

2. The road in question is reported to be in such a bad condition that it is quite impassable during the rainy season. There is a maintenance grant of Rupees 200 a mile for the entire length of the road in Part II. of the current year's budget, but the District Engineer states that with this small sum little or nothing can be done in the way of thoroughly repairing it.

3. It is observed that the execution of the work is to be undertaken when funds are available.
