No. 269. Read the following papers:—

Read the following Proceedings of the Board of Revenue, dated 4th June 1875, No. 1504:—

Read the following letters:—

From E. B. POWELL, Esq., Director of Public Instruction, to H. E. STOKES, Esq., Acting Secretary to the Board of Revenue, dated Madras, 24th February 1875, No. 418.

I HAVE the honor to forward, for the information of the Board of Revenue, copy of a letter, No. 164, of the 13th instant, from the Deputy Inspector of Schools for the conjoined Circles of Gooty and Pennacondah, giving cover to the Local Fund Budget Estimates of those Circles for 1875-76. It is to be regretted that the estimates were not forwarded to this office at an earlier date.

2. I am inclined to think that additional provision should be made for Results grants and an extra Inspecting Schoolmaster. Mr. Fortey is in favor of at once separating the Educational charge of the Pennacondah Circle from that of the Gooty Circle. I doubt, however, if there is an immediate necessity for giving each Circle a separate Deputy Inspector, and I do not propose to recommend the measure to Government.

ENCLOSURE No. 1.

From M. HANUMANTHA ROW, Deputy Inspector of Schools, Gooty and Pennacondah Circles, to H. FORTEY, Esq., Inspector of Schools, 2nd Division, dated Auloor, 13th February 1875, No. 164.

I BEG to submit herewith the Budget Estimates of the Gooty and Pennacondah Circles for 1875-76.

2. I regret that I have to send in the different statements of the budgets just when the Government is about to sanction them. A reference to the "despatch date" on the Statement I. of the Gooty Circle will show that I am not to be blamed for the late submission: I got them only a week or ten days ago when I was out in the villages of the Adoni Taluq.

3. The provision in the Pennacondah Budget, under the heads of "Inspection" and "Results grants," is more than that for the last year, 500 in one item and 230 in the other. In the Gooty Budget the provision for "Results grants" has been lowered by 500 Rupees, and that for "Inspection" remains unaltered. With the increased number of schools there ought properly to have been an additional provision under both the heads. A Supplemental Budget will ere long be submitted, I think, by the Gooty Board, and I will seize that opportunity to have the additional provision made.

4. I take this opportunity of begging you that you will kindly once more urge upon the Director of Public Instruction to appoint another man of my grade to the Pennacondah Circle. The number of schools has been largely increased and I cannot visit them as often as I wish. I am at present to depend entirely upon the Inspecting Schoolmasters for the improvement of Pial Schools. With the large area to travel, and the number of schools to examine for grants, I am sorry that I cannot take part in their work. I commenced examining schools for grants in August last, and I will not be able, I think, to finish them by the end of February as I am required to do.

From J. H. MASTER, Esq., President of the Local Fund Boards, Bellary, to H. E. STOKES, Esq., Acting Secretary to the Board of Revenue, dated Ramandroog, 20th March 1875, No. 81.

With reference to paragraph 28 of the Proceedings of the Board of Revenue, No. 3,716, of 30th December 1874, I have the honor to inform you that each bungalow in the Bellary Circle has only one pensioned Sepoy on Rupees 5 and a Sweeper on Rupees 4½, and the Local Fund Board state that it is impossible to reduce this establishment.

2. Adverting to paragraph 54 of the Board's Proceedings the Gooty Circle Board propose to entertain three more Inspecting Schoolmasters on Rupees 20 each, so that each taluq in the Circle may have one. If this proposal be sanctioned there will be four Inspecting Schoolmasters on Rupees 20 each, and one on Rupees 25; but as it is necessary that there should be different grades to enable the Circle Board to give encouragement to those who deserve promotion, I would propose that out of the three additional hands applied for the salary of two may be fixed at Rupees 30 and Rupees 25, respectively.

3. In reply to paragraph 72 of the Board's Proceedings the Vice-President of the Pennacondah Local Fund Board states that provision, to the extent noted in the margin, is made in the estimate for the Cumbadoor road for gravelling, metalling, and tamping the four miles of the road at different places in their Circle, but that it is so insignificant that it was practically considered none at all, when taken into consideration with the large estimate for the road. The large amount of Rupees 15,366 entered in the estimate as passed by the Board of Revenue for gravelling must therefore be for the Bellary portion of the road.

	Rs.
Metalling	4,022
Gravelling	438
Tamping	27
Total ...	4,487

4. With reference to paragraph 83 of the Board's Proceedings under reply, I have to state that the Bellary Circle Board have, in a resolution passed at a Meeting held on the 3rd November 1874, declared their inability to contribute towards the up-keep of the Kallyandroog Dispensary, as their budget for 1875-76 was closed before the receipt of the application from the Pennacondah Circle; but I have requested the Bellary Circle Board to reconsider their resolution, and to provide for the contribution from the General reserve, the result will be communicated to the Board of Revenue when received.

5. In regard to paragraphs 26 and 84 of the Proceedings, I have the honor to state that the Pennacondah and Bellary Circle Boards have both proposed to entertain a separate Superintendent of Vaccination for their Circles, and to request therefore that the sanction of Government may be obtained for the appointments accordingly. With reference to paragraph 26 also the Bellary Local Fund Board request sanction for batta and contingencies on account of vaccination (which are very small) to be met from the General reserve, as they do not wish to reduce the Vaccine staff.

Proceedings of the Madras Government, Financial Department,
30th June 1875.

6. I beg to submit a revised Statement IV.-B. as required in paragraph 85 of the Board's Proceedings under report, and copies of the Proceedings* of the Local Fund Boards passed on the subjects concerned.

7. I also submit copy of the last paragraph of a letter, No. 28, of the 11th instant, from the Vice-President, Local Fund Board, Pennacondah Circle, with reference to the late order of Government calling for a report from the District Engineer on the Cumbadoor road.

* Board's Proceedings, dated 30th December 1874, No. 3,716.

3. In paragraph 54 of their Proceedings above alluded to, the Board commented upon the insufficient number of Inspecting Schoolmasters attached to the Gooty Circle, *viz.*, two for five taluqs. The Local Fund Board have now resolved to entertain three more Inspecting Schoolmasters in the current year on a uniform salary of Rupees 20 a month. The President proposes that, out of the three additional hands, the salaries of two may be fixed at Rupees 30 and 25 respectively so as to give room for the promotion of those deserving encouragement. The Board agree with the President, and accordingly request the sanction of Government for the entertainment of three Inspecting Schoolmasters on Rupees 30, 25, and 20, with the usual allowances. The charge will doubtless be approved by the Local Fund Board.

4. The Bellary and Pennacondah Local Fund Boards propose to entertain separate Superintendents of Vaccination for their Circles on Rupees 70 a month each. The Board recommend the proposal for the sanction of Government. There are ample funds available under the General Fund to meet the additional cost. The batta and contingencies required for vaccination in Bellary may be met from the General reserve.

5. The detailed information furnished in the revised Statement IV.-B. will be embodied in the office copy of the budget of the Pennacondah Circle.

6. The explanations to the other points noticed in the Board's review call for no remark.
