Local Funds—Reports.

No. 3. Read the following letter from H. NEWMAN, Esq., President of the Local Fund Boards, Kistna District, to the Hon. D. F. CARMICHAEL, Officiating Chief Secretary to Government, Fort St. George, dated Masulipatam, 9th June 1875, No. 777:—

In paragraph 3 of the Order of Government, No. 1083, dated 19th May last, it is observed that there was an absence of any accurate information regarding the transactions of the year in my report as Vice-President of the Guntoor Local Fund Board, and that it was my duty to obtain detailed information.

2. I have the honor to explain that the accounts of the Local Funds are not kept in the Vice-President's office. He is supplied with a monthly account compiled in the President's office. As regards those items which appear to him to require explanation when furnishing the annual report, the Vice-President has no detailed accounts to refer to with him, and the only way to obtain accurate detailed information is to point out the various items regarding which doubts may arise in order that they may be corrected in the President's office, where the required information exists, so that the whole account can be corrected before final submission to the Board of Revenue.

3. It is not possible for the Vice-President to obtain details of the items without writing to the President, and that is what I did.

4. With respect to my having made an inadequate excuse for inaction with respect to the failure to establish dispensaries, I have the honor to explain that the three dispensaries were established very shortly after the date of my letter. Hospital Apprentices had been applied for, since Government had recently objected to the employment of Hospital Assistants. These last only had been provided for in the draft budget, but the Board of Revenue altered the allotment so as to provide for the apprentices. I understood from the Civil Surgeon that there was likely to be a difficulty in obtaining these. They, however, were sent from Madras, and the dispensaries were established at once without any inaction or delay. Medicines had been indented for and were shortly supplied.

5. As far as I know, the dispensaries could not have been established earlier than they were, as the Government Order that apprentices only should be employed was a recent one; the apprentices were applied for, and employed as soon as they came.

6. I have the honor to request that you will do me the favor of laying my explanation before Government.
