Census.

No. 31. Read the following Proceedings of the Board of Revenue, dated 29th June 1875, No. 5867 (Miscellaneous):—

Read G.O., Public Department, dated the 12th June 1875, No. 775, requesting the Board of Revenue to prepare and submit a table showing the villages in the Presidency containing 1000, 2000, and 3000 inhabitants, respectively.

The list in Appendix No. VIII. of the Census Report shows the name and population of *each* village where the population exceeds 5000, and the Board presume that what is now wanted is a similar list of all villages* containing a population of 1000 and upwards but less than 5000. The preparation of this list, by extracting the necessary particulars from the Village Census Returns already printed, will fully occupy two Clerks for a period of two months, and, as the Board's permanent establishment is already overworked, they request that they may be authorized to entertain two hands, on a salary of Rupees 25 each, for two months. The cost can be met from general savings under *Administration*.

* The number of these villages is 7574.
