No. 37. Read the following Proceedings of the Board of Revenue, dated 24th June 1875, No. 1749 :—

Read the following letter from A. MACGREGOR, Esq., President of the Local Fund Boards, Malabar District, to H. E. STOKES, Esq., Acting Secretary to the Board of Revenue, dated Calicut, 25th February 1875, No. 459 :—

I HAVE the honor to state that a sum of Rupees 6,380 has been surrendered by the District Engineer out of the allotment for works already made for this year, to be appropriated to works either requiring fresh allotments or assignments in addition to the provision in the current year's budget, as shown in the accompanying list.

2. The original allotment for the first work in the current year's budget was Rupees 7,080; of this Rupees 6,000 have already been surrendered in favor of incomplete* works for last year, and there remained only a balance of Rupees 1,080; but as the actual expenditure exceeded the allotment by Rupees 600, provision must be made to meet the excess.

* Board's Proceedings, No. 2,991, dated 15th October 1874.

3. The estimate for the second work amounts to Rupees 1,020, and the Local Fund Board have sanctioned it, and the work is being carried out in anticipation of allotment of funds; only Rupees 600, the amount that would be spent before the close of the official year, is entered in the list.

4. The Board of Revenue, in sanctioning† the revised estimate for the third work, remarked that the balance of the estimate, Rupees 4,136, should be provided for in the list of incomplete works for last year; but only Rupees 1,076 have been provided for, for want of funds: hence a sum of Rupees 3,060, the balance, is entered in the list.

† Board's Proceedings, dated 11th April 1874, Mis. No. 2,423.

5. The fourth is for re-erecting the wooden superstructure of Kadingapoya Bridge on the road from Calicut to Tambercherry Ghaut, the piles and platform of which were carried away by a flood during the late monsoon. This work has been included in the revised estimate for Rupees 5,170 submitted with my letter, No. 746, dated 27th Februarv 1874, and sanctioned by the Board in their Proceedings, dated 11th April 1874. The amount shown in that estimate for the work was Rupees 1,942. The amount now applied for is Rupees 670, or Rupees 2,612 is the total cost of the two estimates.

6. The fifth is for rebuilding a portion of the abutment of Poonoor Bridge, which fell some time ago. In Revenue Board's Proceedings, dated 5th June last, No. 3,762, a sum of Rupees 2,480 was sanctioned for renewing the wood-work of the above bridge; but as the work cannot be completed before the abutments are re-erected, the District Engineer has surrendered a sum of Rupees 1,000 from the allotment of Rupees 2,480, for the construction of the abutment.

7. The sixth work being emergent, provision is now proposed from the funds available. It is requested that sanction to these proposals may be accorded at the earliest possible date, to admit of the funds being utilized in the short period remaining.
