Municipal—Medical.

No. 15. Read the following letter from H. S. THOMAS, Esq., President of the Municipal Commission, Combaconum, to the Hon. D. F. CARMICHAEL, Officiating Chief Secretary to Government, Fort Saint George, dated Point Calimere, 20th July 1875, No. 162:—

I have the honor to forward copy of a letter from the Vice-President of the Combaconum Municipal Commission, bringing to notice that the Civil Dispensary at that station being located in the north-eastern corner of the town, the patients, especially the female section thereof, residing in the western and southern parts, suffer much inconvenience in resorting to it for medical aid; and that the Municipal Commissioners have, therefore, resolved (copy of resolution enclosed) to open a Branch Dispensary in the heart of the town.

2. The town extends about four miles from east to west and about two from north to south, and therefore if the people of the southern and western extremities of it require medical assistance, they are obliged to travel two or four miles before they can obtain it, and are thus put to much inconvenience. I, therefore, fully concur with the Commissioners in thinking it desirable to open a Branch Dispensary in the centre of the town, and recommend that it may be sanctioned.

3. The tolls for the current year having been let out on contract for Rupees 18,570, against the Budget Estimate of Rupees 14,000, the Commissioners have proposed to meet the cost of the above Dispensary for the present year from savings under this head. From next year provision will be made in the Budget.

4. This Dispensary, being only a branch of the main one, there is no need for a Hospital Apprentice; and I think a second-class Hospital Assistant may be safely entrusted with its charge, subject to the general superintendence of the Apothecary.

From T. GOVINDA ROW, Officiating Vice-President of the Municipal Commission, Combaconum, to H. S. THOMAS, Esq., President of the Municipal Commission, Combaconum, dated Combaconum, 28th June 1875, No. 67.

I have the honor to inform you that, in consequence of the Civil Dispensary at this station being situated in the north-eastern end of this town, which measures about four miles from east to west and two from north to south, the patients, especially women, living in western and southern parts, find it very inconvenient to resort to it every morning for medical aid. In consideration of this the Commissioners have resolved, in their meeting of the 15th instant (copy of resolution enclosed), to open a Branch Dispensary, to be located in the heart of the town. As a Medical Officer of longstanding and experience should be in charge of the institution the Commissioners desire to appoint a second-class Hospital Assistant.

2. I have the honor to request you will be good enough to communicate with the Surgeon-General and procure the services of a second-class Hospital Assistant as early as convenient.

Proceedings of the Municipal Commissioners, dated 15th June 1875.

Present.

M.R.Ry. T. Govinda Row Avergal, Vice-President.

,, T. Soondrappier ,,
,, Gobusubaraya Chettyar Avergal.
Mr. J. G. Ashworth.

* * * *

2. The Commissioners observe that the present Dispensary being situated at one end of the town, a considerable portion of the population find it inconvenient to resort to it. They consider it necessary, therefore, to open a Branch Dispensary somewhere near Ramasamy Pagoda. The cost is computed at about 700 Rupees per annum, inclusive of the pay of a second-class Hospital Assistant to be in charge of it, and as this sum might be paid out of the savings of the current year, they resolve to open the Dispensary as soon as the services of an Hospital Assistant can be procured.
