Local Funds—Medical.

No. 143. Read the following letter from W. LOGAN, Esq., President of the Local Fund Boards, Malabar, to the Honorable D. F. CARMICHAEL, Officiating Chief Secretary to Government, Fort St. George, dated Calicut, 10th August 1875, No. 386:—

I have the honor to forward a memorial received from Mr. J. W. Minchin for the erection of a Hospital and for the establishment of a Medical Officer and Civil Dispensary at Devala, in South-East Wynaad, and to state that I propose shortly to address Government through the Board of Revenue on the subject after making certain inquiries regarding the patients at the Goodalore Hospital.

From J. W. MINCHIN, Esq., for the Devala Hospital Fund Committee, to His Excellency the Hon. W. R. ROBINSON, C.S.I., Governor of Madras, dated Devala, 30th July 1875.

I have the honor to enclose a list of moneys subscribed for the erection of a Hospital and for the establishment of a Medical Officer and Civil Dispensary in the District of Devala in South-East Wynaad.

2. Rupees 2,942 have now been collected for the erection of the necessary buildings, and Rupees 2,304 are promised annually from the Coffee estates towards the salary of the Medical Officer in charge and the upkeep of the dispensary and hospital.

3. There is already a hospital and dispensary, at Goodalore, at a distance of fourteen miles from the site proposed for the Devala Hospital. The Goodalore Hospital is kept up at the expense of the Malabar Local Funds. The institution is exceedingly well-conducted, and has been of the greatest service. The Apothecary in charge of it is respected, and has been ready to attend patients at considerable distances when called upon, while the hospital is largely resorted to by natives of all classes. But this hospital is found too distant from the large number of estates now opened in the Devala, Charambady, and Nella Cotta Districts. The proprietors of about 4,000 acres of coffee in these divisions of Wynaad have accordingly subscribed money to establish a hospital more conveniently situated for their estates. They feel that, in addition to the cost of the Goodalore Hospital, they cannot ask for further assistance for this district from the Malabar Local Fund Board, while any diversion of the funds from the Goodalore Hospital, to assist in the establishment of a like institution at Devala, would affect the value of a charity which they all recognise as of the greatest utility. A large proportion of the Goodalore Hospital patients come from the Ouchterloney Valley District, part of the Nilgiri Fund Circle, while that Board supplies no part of the expenses. Were the Nilgiri Local Funds to bear half the expenses of the Goodalore Hospital, the sum thus saved to the Malabar Local Funds might be transferred to the Devala Hospital.

4. But as such an arrangement would cause much dispute and correspondence we venture to petition the Madras Government for a special grant-in-aid from Provincial Funds towards the erection of buildings, and a regular monthly allowance, in proportion to the amount of private subscriptions towards the pay of the Medical Officer, and upkeep of the dispensary.
