In the Local Fund Budget
Estimates of the two circles for
1875-76, the cost of Vaccine

October 1874 No: 1415, Copy of which is herein enclosed, proposing certain changes in the cost and recommending that, Should it be feasible, there ought to be two Superintendents for the District and 2 Vaccinators for each Taluq.

3. The draft Budget Estimate of the Cocanada Circle already sent to Board gives a closing balance of only Rupees 1180. under General funds. Of this, the Local Fund Board at a meeting held on the 13th Instant, resolved that Rupees 1000 be given to the head "Vaccination" for the employment of another

Superintendents

Superintendents and some more Vaccinators &c.

4. I have therefore the honor to request that if the Board of Revenue are willing, they will be good enough to order the necessary alterations to be made in this Circle Budget at the time of their review, after Consulting the Superintendent General on the Subject.

2. In submitting this estimate, I would beg to point out to you that the amount of Rupees 50 provided as batta to mottirs for furnishing lymph is quite inadequate to meet the demands. It gives only a little more than 4 annas to each Vaccinator monthly. It is absolutely necessary that at least 2 Rupees to each Vaccinator must be provided for to carry out the work satisfactorily.

3. The amount allowed for Service labels is also below what is actually required, and it is therefore necessary that Rupees 80 double the amount now sanctioned must

must be provided for in future

4. I would again bring to your notice the inadequacy of the Vaccine Staff and recommend that should it be feasible there ought to be two Superintendents to the District and two Vaccinators to each Taluq (Vide letter No 1011, dated 16th September 1873 from this office on the subject

PROCEEDINGS OF THE BOARD OF REVENUE, dated 26th April 1875.

Read again letter from the President of the Local Fund Boards, Godavery District, dated 24th November 1874, No. 118, recorded in Board's Proceedings, dated 17th December 1874, Miscellaneous No. 8,864:—

Read also the letter from W. S. FOSTER, Esq., President of the Local Fund Boards, Godavery District, to J. GROSE, Esq., Secretary to the Board of Revenue, dated Rajahmundry, 15th December 1874, No. 132:—

IN continuation of paragraph 5 of my letter, dated 24th November 1874, No. 118, I have the honor to enclose herein a copy of the Vice-President's letter, No. 190, dated 3rd instant, and an extract from the resolutions of the Ellore Circle Board, dated 23rd November last, from which you will observe that they propose to entertain an establishment of Rupees 1,965 for the next year on account of vaccination. The amount allotted in the Budget for the next year is Rupees 1,280. The increase now proposed by them is Rupees 685. The total cost for the whole district will amount to Rupees 4,485 as particularized in the margin. I think this is an ample grant for meeting all the requirements of the Superintendent-General of Vaccination stated in his letter, No. 1,415, dated 17th October last, copy of which was already forwarded with my letter, No. 118, above quoted.

ENCLOSURE No. 1.

From R. SEWELL, Esq., Vice-President, to W. S. FOSTER, Esq., President of the Local Fund Boards, Godavery District, dated Settipetta, 3rd December 1874, No. 190.

IN reply to your letter, No. 318, dated 28th October last, I have the honor to forward, herewith, a copy of resolution No. 1 of this Board, dated 23rd November last, from which you will observe that the Board are of opinion that vaccination should be more widely extended, and they accordingly resolved to recommend that the staff for the circle for the ensuing year should be increased as follows:—.

2. One Superintendent of Vaccination, two first-class Vaccinators, and five second-class Vaccinators; each of the large taluqs of Ellore and Yernagudem to have two Vaccinators, as the villages in them are far from each other; the remaining taluqs of the circle to have one each, the villages in them being near to one another. I think the appointment of a Superintendent on the salary proposed is necessary, so that there may be a strict supervision over the work. If there is only one Superintendent over the entire district, the area seems too great for him to make any personal inspection of the vaccine operations. But the proposal to entertain a separate Superintendent for this circle cannot be enforced unless the Cocanada Board wishes to have a separate Superintendent for their circle. If this is not done, the charge for the present Superintendent should be borne by that Board solely instead of apportioning it between these two circles. A charge of Rupees 2 per month to each of the seven Vaccinators is allowed for batta to mothers of

the vaccinated children, on the recommendation of the Superintendent-General of Vaccination. A yearly charge of Rupees 50 for stationery, Rupees 40 for postage stamps, and Rupees 75 for contingencies is also allowed. The increase of the charges, viz., Rupees 685 thereby incurred over the allotment made under that head can be met from the General Reserve for the year 1875-76; I request therefore that you will be so good as to obtain the sanction of Government to entertain the staff as proposed by the Board after consulting the Cocanada Board on the subject.

(Signed) W. S. FOSTER,
President.

ENCLOSURE No. 2.—Copy of Resolution of Local Fund Board.

IN the foregoing letters the President proposes, on the recommendation of the Inspector of Vaccination, to strengthen the vaccine establishment of the Cocanada and Ellore Circles during 1875-76.

2. The details of the vaccine staff, as sanctioned in the Budgets of 1874-75, are as follows:—

Cocanada Circle	Two first-class Vaccinators on 18 Rs. each.	
	Four second-class do.	at 10 do.
Ellore Circle	Two first-class do.	at 18 do.
	Three second-class do.	at 10 do.

One Superintendent on Rs. 70 for both circles.

3. The particulars of the existing staff, as detailed in paragraph 1 of the Inspector's letter enclosed in the President's first letter, differ from those given above. Moreover the particulars of the sum of Rupees 1,000 which the President desires to have allotted in the Cocanada Circle for 1875-76, in addition to the provision of Rupees 1,520 therein made, are not stated. The President is requested to furnish at once a list showing the number of Vaccinators employed at present in each circle, and the additional number proposed to be entertained in 1875-76, with their respective salaries. The Board will then be in a position to apply for the sanction of Government for the additional charge.
