Local Funds—Education.

No. 132. Read the following Proceedings of the Board of Revenue, dated 23rd November 1874, No. 3362:—

Read the following letter from Colonel R. M. MACDONALD, Acting Director of Public Instruction, to the Hon. D. F. CARMICHAEL, Acting Chief Secretary to Government, Fort St. George, through the Board of Revenue, dated 14th October 1874, No. 1923:—

I have the honor, with reference to G.O., No. 1589, of the 21st ultimo, to state that the high cost per pupil in some of the proposed schools of the Chicacole Circle is partly owing to the smallness of the probable attendance. Thus only fifteen boys are expected at Korasavada and twenty at Nagarikatacam, at each of which stations two masters are provided on salaries of Rupees 12 and Rupees 8. At Kurigam, which as regards relative cost stands third, only fifteen boys are expected, and although only one master is provided, the expenditure on servants, books, furniture, and sundries is on the same scale as in the other schools.

2. I am of opinion that a combination of fixed salaries and result grants would be preferable to the arrangement proposed by the Board, but as in the case of the Chittoor Circle, *vide* paragraph 3 of my letter, No. 1673, of the 15th September, I would leave it optional with the Board to adopt this system hereafter.

3. When that contingency occurs, it will be necessary to decide whether the change of system shall take the form laid down in G.O., No. 1216, of the 30th July 1874, or that sanctioned in G.O., No. 741, of the 30th April 1874, the apparent inconsistency of which is again pointed out by Mr. Fortey. In my letter, No. 1828, of 2nd October, I have already stated my views on this point.

Submitted for the orders of Government, with reference to G.O., Financial Department, 21st September 1874, No. 1589.

No. 133. ORDER THEREON, 29th January 1875, No. 172.

The expensive nature of the Local Fund Schools proposed renders it impossible for the Government to permit their establishment now, and leave it optional with the Board to adopt the combined system hereafter.

2. The Local Board will be desired to prepare a revised scheme under which the sum now allotted may be made to provide for the education of a much larger number of children. The system of a combination of fixed stipends and result grants seems to possess in some respects a superiority over other methods, and should receive the careful consideration of the Board.

Pros. Board of Revenue. 23 Nov. 1874. No 3362

For Orders

The Director appears to have misunderstood the object of the reference, which was to ascertain whether in his opinion the large sum allotted for a few Local Fund Schools of the ordinary kind in a few localities would not suffice for the establishment of a number of schools on the combined system throughout the circle.

The money will not suffice for the purpose of Education throughout the Circle - Be cannot avoid the impression that some effort should be made in this direction. By Order and
