Read again Board's Proceedings, dated 12th April 1875, No. 895.

Read also the following letters :—

From H. SEWELL, Esq., President of the Local Fund Boards, Trichinopoly District, to H. E. STOKES, Esq., Acting Secretary to the Board of Revenue, dated 21st July 1875, No. 36.

In reply to the Proceedings of the Board of Revenue, No. 895, dated 12th April 1875, I have the honor to append in the margin the actual receipts and charges of the tolls for the official year 1874-75.

	Rs.	A.	P.
Total receipts from 1st April 1874 to 31st March 1875 ...	29,681	12	3
Expenditure	3,452	10	1
Net ...	26,229	2	2

2. The ground upon which the Local Fund Board agreed to pay the contributions to the Municipalities was this: As the Local Fund Board considered that a toll on their own account might, in conjunction with the Municipal Tolls, press the rate-payers heavily, proposed to the Trichinopoly and Srirangum Municipalities the desirability of taking over the Municipal Tolls and paying a lump sum, half the net proceeds, to the Trichinopoly, and Rupees 1,000 to that of Srirangum. The latter having had no toll of its own readily agreed to the proposal, but the Commissioners of Trichinopoly were of opinion that the Local Fund Board should pay them Rupees 17,000 instead of Rupees 14,000 as entered in the Budget, and that they were not able to construct a loop-line for the through traffic to pass untolled, but they gave no reason whatever for claiming 3,000 Rupees over that entered in the Budget. Neither did the Local Fund Board state any reason for fixing it at Rupees 14,000. One of the officials who is a member of both the Local Fund and Municipal Boards informs me as follows :— When the Municipality had the tolls to themselves the average income was Rupees 21,000. Of this it was considered that two-sevenths, *i.e.*, Rupees 6,000, would fairly represent the through traffic and should be the Local Fund share, leaving Rupees 15,000 for the Municipality. When the Local Fund Board took the management and tolled exit from the town as well as entrance into it, the estimate was raised to Rupees 30,000, and it was considered fair that the Municipality should get half this, being the same amount that they got before. Srirangum, as before observed, was to get Rupees 1,000. By some mistake or other Rupees 15,000 instead of Rupees 16,000 were entered in the Budget for both the Municipalities, and it was this consideration that induced the President of the Local Fund Board to seek the sanction of the Board of Revenue for the payment of Rupees 1,000 to the Trichinopoly Municipality (over the amount entered in the Budget) from the unexpended balance.

3. Besides this personal explanation of one of the Official Members of both the Boards, I see nothing on record as regards the settlement between the Local Fund Board and Trichinopoly Municipality as to the principle by which the revenue of the tolls should be shared by them.

4. When the Government and the Board thought that a loop-line should be constructed and maintained by the Municipalities, and that the Local and Municipal Boards should come to some understanding as regards their respective shares in the revenue, the Trichinopoly Municipality declared their inability to construct the loop-line and left the question of shares to be settled by Government, because they considered it a general one.

5. Copies of all the resolutions of the Local Fund Board and Municipalities on the subject are herein enclosed.

3. Read G.O., No. 40, dated 11th January 1875, orders on the subject of the levy of tolls on through traffic by Municipal and Local Fund Boards and the Memorandum of the 2nd Division Commissioner.

The Board are of opinion that it is almost impossible to ascertain what is really the amount of through traffic. They have collected certain statistics which, however, are so manifestly unreliable as to be worthless. The Board are also of opinion that a loop-line would not actually divert the through traffic. They think that the fairest plan is to divide the tolls equally between the Municipal and Local Fund Boards, on the ground that the traffic passes over roads kept up by both Boards.

OOTACAMUND,
13th July 1875.

THESE papers relate to the division of the tolls levied at Trichinopoly and Srirangum between the Local and Municipal Boards.

2. The tolls levied by the Municipalities in question were taken over by the Local Fund Board as tolls under Act IV. of 1871 from the beginning of 1874-75. Toll was levied on traffic both ways, but apparently no notification sanctioning the levy of tolls under the Local Funds Act has ever been published, though the proposal was sanctioned in G.O., Financial Department, dated 12th January 1875, No. 48. This was the first year in which tolls were authorized for the Srirangum Municipality, and the Commissioners agreed to accept a lump sum of Rs. 1,000, the amount entered in their estimate, in lieu of their share of the new tolls.

3. The President, Local Fund Board, has now submitted all the resolutions of the Trichinopoly Municipality and the Local Board relative to the te[illegible]s of the transfer. No definite agreement was arrived at, but the Local Board resolved that half the net proceeds should be paid to Trichinopoly and Rupees 1,000 to Srirangum. Rupees 14,000 for Trichinopoly and Rupees 1,000 for Srirangum were accordingly entered in the Local Fund Budget for 1874-75, but the total net yield was taken at Rupees 30,000. The actual net yield, however, has been only Rupees 26,229-2-2.

4. The Trichinopoly Commissioners first demanded Rupees 17 [illegible] and included the sum in their revised budget (G.O., dated 2nd July 1874, N[illegible] 107), but the Local Board rejected the demand (Resolution, 11th May 187[illegible] they next demanded that Rupees 15,000 should be paid, that being half the [illegible]imated yield; and, with reference to this application, the Board called [illegible]formation in their Proceedings read above. It seems that Rupees 14,0[illegible]ave [illegible]ctually paid in 1874-75.

5. The Board, in the light of the information now furnish[illegible]d, t[illegible]Pres[illegible]ent, see no reason whatever to comply with the demand of the Mu[illegible]pal Commissioners as regards 1874-75, but would not require them to refund the difference between what they have received and the actual half net. The Board are of opinion that the arrangement proposed by the Local Fund Board originally, and now assented to by the Trichinopoly Commissioners, *viz.*, that half the net yield should be paid to Trichinopoly and Rupees 1,000 to Srirangum, is a fair adjustment of the matter. They think it should be adopted from the beginning of 1875-76, and not as prescribed in G.O., dated 11th January 1875, No. 40, from the beginning of 1876-77 only. It amounts to taking about one-third of the former income of the Trichinopoly Municipality from tolls, and this accords with what has been approved by Government in some other towns similarly situated.

6. The entries in the Local Budget of 1875-76 are—

	RS.
Revenue from tolls	29,000
Contribution to Trichinopoly	15,000
Do. to Srirangum	1,000

but the actual half net should be paid. The tolls have been rented under G.O., Financial Department, dated 18th March 1875, No. 606, for Rupees 21,500.

Proceedings of the Local Fund Board at a meeting held on the 9th April 1873.

—

Para 5. Read President's memo dated 25th March 1873 proposing that the Local Fund Board take over all the Tolls in the possession of the Municipality and allot a fair share to the Municipalities of Srirangam and Trichinopoly.—

Resolved that the President of the Municipal Commissioners be requested to ascertain the views of the Commissioners and that the subject be brought up for discussion at a full meeting.

—

Extract from the Proceedings of the Municipal Commissioners for the Town of Trichinopoly at a meeting held on the 26th April 1873.

Para III — Read Extract from the Proceedings of the Local Fund Board asking the views of the Municipal Commissioners on the proposal that all the Tolls should be handed over to the Local Fund Board.—

Resolved

Resolved that as the question is one of General Importance which can only be decided by Government, the Municipal Commissioners do not feel themselves in a position to express any opinion on the subject beyond stating that the amount raised by Tolls is urgently required in the Town.

—

Extract from the Proceedings of the Municipal Commissioners of Srinagar dated 2nd May 1873 - Informing that they have no objection to the Municipal Tolls being taken over by the Local Fund Board.

—

Proceedings of the Local Fund Board at a Meeting held on the 24th Sept. 1873.

Para 2. Read Government Order No 1207 dated 26th August 1873 informing that the Govt. have no objection to the collection of all Municipal Tolls in Trichinopoly and Srinagar being handed over to the

the Local Fund Board as proposed.

Resolved that Tolls be established at the north end of Coleroon bridge on the road from Conjeveram to Srinagar (No 2) at the entrance of the Trichinopoly Municipal limits by the new burying ground on the Conjeveram road near Sirkarpalayam (No 21) and at the places now occupied by Municipal Tolls.

Secondly - That the Tolls be kept under direct management for the first Year until it is ascertained what the proceeds will be and that for the 1st Year 1/2 the net proceeds be paid over to the Trichinopoly Municipality & Rupees 1000 to the Srinagar Municipality, as it is difficult to estimate at present what the Total amount may be and what share ought to be allotted to each corporation concerned.

PROCEEDINGS OF THE BOARD OF REVENUE, dated 12th April 1875.

Read the following letter from J. B. PENNINGTON, Esq., President of the Local Fund Board, Trichinopoly Circle, to H. E. STOKES, Esq., Acting Secretary to the Board of Revenue, dated 24th March 1875, No. 16 :—

ADVERTING to the accompanying copy of the Proceedings of the Local Fund Board, No. 43, dated 24th February 1875, I have the honor to state that the Commissioners of the Trichinopoly Municipality have now applied for Rupees 15,000 in lieu of tolls, instead of Rupees 14,000 as entered in the Local Fund Budget for 1874-75.

2. Up to the end of February, tolls have only yielded Rupees 27,163, of which Rupees 2,503 have been spent on construction and establishment charges, leaving net Rupees 24,660.

3. But the original estimate was Rupees 30,000 *net*, and it was agreed to give the Municipality half the net proceeds, pending further consideration ; but by some mistake only Rs. 15,000 was entered in the Local Fund Budget for *both* Municipalities. The Trichinopoly Municipality, however, estimated to receive Rupees 15,000, and is much in want of the money.

4. I request the Board's sanction, therefore, to pay the sum of Rupees 1,000. The amount can be met from the unexpended balance at the end of the current official year.

ENCLOSURE No. 1.—Extract from Proceedings of Local Fund Board.

IF the arrangement made was that the Municipalities should receive half the net collections from the tolls, the Board fail to see any reason why this arrangement should now be departed from on the strength of an estimated yield entered in the budget. The actual collections and charges to the end of 1874-75 should be ascertained and reported.

2. The Board, on going through all the correspondence on their records connected with the transfer of the tolls to the Local Fund Board, are unable to find any distinct settlement of the question. They observe from G. O., dated 2nd July 1874, No. 1,107, Financial Department, reference to an increase of the contribution by the Local Fund Board to Rupees 17,000, for which credit was taken in the revised Municipal Budget.

3. The President will report without delay the actual net receipts for 1874-75, and will report on what grounds the original contributions to the two Municipalities were arrived at; sending copies of all resolutions of the Local Board and communications between them and the Municipalities on the subject.

From H. SEWELL, Esq., President of the Local Fund Boards, Trichinopoly District, to H. E. STOKES, Esq., Acting Secretary to the Board of Revenue, dated 21st July 1875, No. 36.

IN reply to the Proceedings of the Board of Revenue, No. 895, dated 12th April 1875, I have the honor to append in the margin the actual receipts and charges of the tolls for the official year 1874-75.

	RS.	A.	P.

Expenditure	3,452	10	1

2. The ground upon which the Local Fund Board agreed to pay the contributions to the Municipalities was this: As the Local Fund Board considered that a toll on their own account might, in conjunction with the Municipal Tolls, press the rate-payers heavily, proposed to the Trichinopoly and Srirangum Municipalities the desirability of taking over the Municipal Tolls and paying a lump sum, half the net proceeds, to the Trichinopoly, and Rupees 1,000 to that of Srirangum. The latter having had no toll of its own readily agreed to the proposal, but the *Commissioners of Trichinopoly were of opinion that the* Local Fund Board should pay them Rupees 17,000 instead of Rupees 14,000 as entered in the Budget, and that they were not able to construct a loop-line for the through traffic to pass untolled, but they gave no reason whatever for claiming 3,000 Rupees over that entered in the Budget. Neither did the Local Fund Board state any reason for fixing it at Rupees 14,000. One of the officials who is a member of both the Local Fund and Municipal Boards informs me as follows:— When the Municipality had the tolls to themselves the average income was Rupees 21,000. Of this it was considered that two-sevenths, *i.e.*, Rupees 6,000, would fairly represent the through traffic and should be the Local Fund share, leaving Rupees 15,000 for the Municipality. When the Local Fund Board took the management and tolled exit from the town as well as entrance into it, the estimate was raised to Rupees 30,000, and it was considered fair that the Municipality should get half this, being the same amount that they got before. Srirangum as before observed was to get Rupees 1,000. By some mistake or other Rupees 15,000 instead of Rupees 16,000 were entered in the Budget for both the Municipalities, and it was this consideration that induced the President of the Local Fund Board to seek the sanction of the Board of Revenue for the payment of Rupees 1,000 to the Trichinopoly Municipality (over the amount entered in the Budget) from the unexpended balance.

3. Besides this personal explanation of one of the Official Members of both the Boards, I see nothing on record as regards the settlement between the Local Fund Board and Trichinopoly Municipality as to the principle by which the revenue of the tolls should be shared by them.

4. When the Government and the Board thought that a loop-line should be constructed and maintained by the Municipalities, and that the Local and Municipal Boards should come to some understanding as regards their respective shares in the revenue, the Trichinopoly Municipality declared their inability to construct the loop-line and left the question of shares to be settled by Government, because they considered it a general one.

REFERRED to the Board of Revenue for their opinion.

(Signed) C. MACLEAN,
Acting Under Secretary,
for Offg. Chief Secretary.

OOTACAMUND,
3th July 1875.

THESE papers relate to the division of the tolls levied at Trichinopoly and Srirangum between the Local and Municipal Boards.

2. The tolls levied by the Municipalities in question were taken over by the Local Fund Board as tolls under Act IV. of 1871 from the beginning of 1874-75. Toll was levied on traffic both ways, but apparently no notification sanctioning the levy of tolls under the Local Funds Act has ever been published, though the proposal was sanctioned in G.O., Financial Department, dated 12th January 1875, No. 48. This was the first year in which tolls were authorized for the Srirangum Municipality, and the Commissioners agreed to accept a lump sum of Rs. 1,000, the amount entered in their estimate, in lieu of their share of the new tolls.

3. The President, Local Fund Board, has now submitted all the resolutions of the Trichinopoly Municipality and the Local Board relative to the terms of the transfer. No definite agreement was arrived at, but the Local Board resolved that half the net proceeds should be paid to Trichinopoly and Rupees 1,000 to Srirangum. Rupees 14,000 for Trichinopoly and Rupees 1,000 for Srirangum were accordingly entered in the Local Fund Budget for 1874-75, but the total net yield was taken at Rupees 30,000. The actual net yield however has been only Rupees 26,229-2-2.

4. The Trichinopoly Commissioners first demanded Rupees 17,000 and included the sum in their revised budget (G.O., dated 2nd July 1874, No. 1,107), but the Local Board rejected the demand (Resolution, 11th May 1874). They next demanded that Rupees 15,000 should be paid, that being half the estimated yield; and, with reference to this application, the Board called for information in their Proceedings read above. It seems that Rupees 14,000 have been actually paid in 1874-75.

5. The Board, in the light of the information now furnished by the President, see no reason whatever to comply with the demand of the Municipal Commissioners as regards 1874-75, but would not require them to refund the difference between what they have received and the actual half net. The Board are of opinion that the arrangement proposed by the Local Fund Board originally, and now assented to by the Trichinopoly Commissioners, *viz.*, that half the net yield should be paid to Trichinopoly and Rupees 1,000 to Srirangum, is a fair adjustment of the matter. They think it should be adopted from the beginning of 1875-76, and not as prescribed in G.O., dated 11th January 1875, No. 40, from the beginning of 1876-77 only. It amounts to taking about one-third of the former income of the Trichinopoly Municipality from tolls, and this accords with what has been approved by Government in some other towns similarly situated.

6. The entries in the Local Budget of 1875-76 are—

	Rs.
Revenue from tolls	29,000
Contribution to Trichinopoly	15,000
Do. to Srirangum	1,000

but the actual half net should be paid. The tolls have been rented under G.O., Financial Department, dated 18th March 1875, No. 606, for Rupees 21,500.
