Proceedings of the Madras Government, Financial Department,
7th September 1875.

Local Funds—Medical.

No. 35. Read the following letter from Surgeon-General E. G. BALFOUR, Surgeon-General, Indian Medical Department, to the Honorable D. F. CARMICHAEL, Officiating Chief Secretary to Government, Fort St. George, dated Fort St. George, 19th August 1875, No. 433 :—

With reference to paragraph 2 of the Order of Government, No. 1595, of 4th August 1875, requesting me to place a second-class Hospital Assistant at the disposal of the Municipality of Combaconum for employment in the proposed branch dispensary at that station, I have the honor to report, for the information of Government, that the present number of Hospital Assistants are all required for the Imperial and Provincial Services of Government, without leaving any available for new Municipal Dispensaries. The demands of the public service and the prevalence of cholera so generally over the Madras Presidency render it impossible to spare a single man with safety. I would, therefore, recommend that the Combaconum and other Municipalities be advised to look to pensioned medical subordinates for their present requirements until the Medical College shall educate the numbers necessary to meet the growing wants of the country.

No. 36. ORDER THEREON, 7th September 1875, No. 1782.

Communicated to the President of the Combaconum Municipality, and to the President of other Municipalities in the provinces.

(True Extract.)

Officiating Chief Secretary.
