Proceedings of the Madras Government, Financial Department,
8th September 1875.

Local Funds—Budget.

No. 44. Read the following Proceedings of the Board of Revenue, dated 16th August 1875, No. 2298 :—

Read the following letter from J. H. GARSTIN, Esq., President of the Local Fund Boards, South Arcot District, to H. E. STOKES, Esq., Acting Secretary to the Board of Revenue, dated Trivanallur, 2nd June 1875, No. 52 :—

I HAVE the honor to forward herewith, for sanction, the Supplemental Budget of the Virdachellum Circle for the current year as submitted by the Vice-President, together with a copy of his letter, No. 91, dated 17th May 1875, covering the same.

2. It will be seen from paragraph 18 of Mr. Irvine's letter that a transfer of Rupees 6,300 from General Fund Balance to Road Fund is necessary to carry out some of the important works, and, under the circumstances therein set forth, I request that the amount may be so transferred in accordance with Resolution No. 12 of the Proceedings of the Circle Board, dated 10th instant (copy enclosed), and placed at the disposal of the Public Works Department.

President, Local Fund Boards.

VIRDACHELLAM,
16th May 1875.

50

ENCLOSURE No. 2.

From G. D. IRVINE, Esq., Vice-President of the Local Fund Board, Virdachellum Circle, to J. H. GARSTIN, Esq., President of the Local Fund Boards, South Arcot District, dated Virdachellum, 17th May 1875, No. 91.

I HAVE the honor to forward herewith the Supplemental Budget for 1875-76 for the Virdachellum Circle passed by the Local Fund Board at their last special meeting drawn up in accordance with the instructions contained in the Board's Circular Memorandum, No. 575, dated 7th May 1874.

2. The following shows the amount available for allotment under Road Fund :—

	Rs.	
The actual opening balance on the 1st April 1875	24,314	
Deduct probable charge for Public Works Department Supervision for 1874-75 as per President's letter, No. 169, dated 22nd April ...	26,573	
Balance ...	2,259	
Add Road Fund Reserve of 1875-76 which is also available for allotment.— *Vide* Circular Order of the Board of Revenue, No. 624, dated 27th April 1875	8,300	
	+ 6,041	or 6,040 Rs. in round numbers.

3. It will be observed from the above that the Road Fund balance of 1874-75, added to the Road Fund Reserve of 1875-76, after making due deductions for the yet unadjusted charge for the Public Works Department Supervision for 1874-75, is about Rupees 6,040. But the Board observe that there would be an unexpended balance of Rupees 10,679 from the current year's allotment of Rupees 12,000 for the metalling of the Virdachellum-Porto Novo Road, as by transfer of funds from other works the amount (Rupees 10,679) was expended on the work last year, so that the Board considered that $\frac{6040}{10679}$ Rupees available for allotment under Road Fund.

4. The first five items call for no remark ; funds have been provided for the completion of sanctioned works in progress.

5. Money was sanctioned for Item* No. 6 twenty months ago, and a revised estimate for one of the tunnels is now promised by the District Engineer on account of the insufficiency of the water-way provided for in the estimate. The District Engineer applies for an allotment of Rupees 2,500 in excess of the previous year's expenditure of Rupees 4,976 on the work. The Board have accordingly granted the amount in the hope that the revised estimate will soon be submitted and the work completed within the year.

* Estimate was sanctioned on the 15th October 1873 by Government.

6. Item No. 7 is an entirely new work, but it is a work of great importance, and the want of a proper bridge over the Passimuthan Oday is greatly felt. It is on the much-frequented road from Cuddalore to Combaconum, and the break in the line is a great impediment to the traffic. The Local Fund Board therefore, in consideration of the difficulty experienced, passed the plan and estimate, and promised, on the 24th March last, to allot funds in 1875-76 to complete the work. The sanction of Government has not yet been received for this work.

7. Item No. 8 is another work of importance. It is the metalling of the Sathacoodal Road on the Virdachellum Cusbah Tank bund. The metalling is proposed also with a view to strengthen the bund and keep the town of Virdachellum from being over-flowed at times of unusual floods by a breach. The Board therefore allotted funds for the metalling of the road and constructing the necessary tunnels thereon, as without these the road would be of little use.

8. Item No. 9 calls for no remark. It only provides funds to pay some old dues under Repairs "Communications" for 1871-72 and 1872-73. The expenditure is sanctioned by the Board of Revenue in their Proceedings, No. 3,087, dated 22nd May 1874.

9. Item No. 10 provides funds for repairing the Nakravandangudi Branch Road and constructing tunnels thereon. The necessity of the work has been remarked on by you to the Board

of Revenue in your letter, No. 16, dated 20th February 1875. The Board of Revenue acquiescing in your opinion sanctioned the project in their Proceedings, No. 1,822, dated 6th March 1875.

10. Item No. 11 provides funds for maintaining the Kallakurichi-Sankarapuram Road. The metalling of the road has been completed, but the construction of the tunnels is now in progress, and the District Engineer represented to the Board at their last meeting that the grant is absolutely necessary for the preservation of the metal. The Board therefore acting upon the suggestion of the District Engineer granted Rupees 1,100 for the maintenance of the road.

11. In Petty New Works provision is made for the completion of two sanctioned works in progress, being Items Nos. 1 and 2.

12. Item No. 3 provides funds for a temporary causeway to the Manimukhtanaddy River at Virdachellum during the time the bridge is being built. The want of this work has been very much felt, and the Board was requested to allot the necessary funds in your letter, dated 21st April 1875, No. 159.

13. Item No. 4 provides funds for filling up approaches to the tunnels on the Virdachellum-Salem Frontier Road. The Board have allotted funds, as the road, tunnels, and all will be simply useless if the approaches were not filled up. The work has received the sanction of the Board of Revenue.

14. Item No. 5 like Item No. 4 is a sanctioned work, and it provides funds for the construction of a flat boat at Komarakshi over the Kan Saheb Canal as a temporary measure for facilitating traffic on the road till the bridge is built, for which estimate has not yet been received though called for so far back as the 30th June 1873.

15. Item No. 6 is a small work, and the construction of the tunnel would remove a great hinderance to the traffic on the important Salem Frontier Road.

16. Item No. 7 is also a sanctioned work, and the Board have provided funds for it in consideration of the dangerous state of the present tunnel, which requires reconstruction.

17. *Petty Repairs.*—Item No. 1 provides funds for maintaining the 2½ miles of the Branch Road from Virdachellum-Porto Novo Road to Keenanur Anicut. The Board have sanctioned the grant in accordance with the District Engineer's recommendation.

18. You will observe that a transfer from the General Fund to the Road Fund is required to carry out some of these works, and the Board, in their Resolution No. 12 of their Proceedings at the last meeting, have requested sanction for it. Should the sanction not be obtained, the Board would wish that Items Nos 7, 8, and 10 under the head "Communications" should be those to be struck out of the Budget. They trust however that, looking to the importance of the works proposed, Government may be induced to accord their sanction to the transfer.

19. The following shows the funds available for allotments under General Funds :—

	Rs.
Actual opening balance on the 1st April 1875	38,262
Deduct estimated opening balance of 1875-76	20,000
Again deduct the probable charge of Public Works Department Supervision for 1874-75	4,272
	13,990
Add General Fund Reserve for 1875-76	3,280
Add also General Fund closing balance for 1875-76	6,110
Total...	23,380

20. It will here be observed that the General Fund Balance of 1874-75, added to the Reserve and closing balance of 1875-76, after making due deductions for the estimated opening balance which is included among the receipts of 1875-76 in the Original Budget, and the probable cost of Public Works Department Supervision, is about Rupees 23,380 available for allotments under General Funds.

21. Items Nos. 12, 13, and 14 provide funds for the completion of sanctioned works in progress.

22. Item No. 15 provides funds for the Chinna Salem Water-supply Project ; money was voted for this work on the 27th June 1874, but the estimate has not been received. The Board however have made a provision of Rupees 2,000 for the work in the hope that the estimate will soon be submitted and the work completed within the year. The Chinna Salem people have promised a contribution of one-third of the entire charge.

23. Item No. 16 provides funds for the construction of quarters for the Apothecary, Virdachellum dispensary. No suitable accommodation can be had in the town, and hence the provision in the Budget.

24. *Petty New Works.*—A provision of Rupees 500 is made for the construction of a dead-house in connection with the dispensary. The Local Fund Board sanctioned the work and called upon the District Engineer to submit an estimate on the 24th February 1875, but it has not yet been received. It will be passed by the Local Fund Board and sent up as soon as possible.

25. Provision of Rupees 408 is made for furniture, books, &c., for the eight new schools to be opened in the Circle. The provision is in accordance with the School Deputy Inspector's recommendation. No provision is made for this in the Original Budget.

26. As all the furniture required for the dispensary was not purchased out of the allotment of Rupees 1,000 in the Supplemental Budget of 1874-75, the Board have made a provision of 800 Rupees for the purpose.

27. The Original Budget contains no provision for supplies under "Contingencies" for the dispensary. The Board accordingly made a provision of Rupees 240 for the purchase of perishable articles, &c.

28. The Board have allotted Rupees 1,200 for scavengering the principal towns in the Circle, *viz.*, Virdachellum, Porto Novo, and Chinna Salem. No provision for this very important branch of Local Fund expenditure has hitherto been made.

(True Copy.)

(Signed) J. H. GARSTIN,
President.

Enclosure No. 3.—Extract from Proceedings of Local Fund Board.

With the foregoing letter the President submits, for sanction, the Supplemental Budget of the Virdachellum Circle for the current year.

2. The Supplemental Budget is made up of—

Statement II-A.—Detail of allotments for Public Works.

	Rs.	Rs.
Communications	22,961	
Sanitary and Miscellaneous	8,598	
		31,559
Statement III		408
Do. IV-A		1,040
Do. IV-B		1,870
Total ...		34,877

3. Statement II-A.—Statement II-A contains nineteen items with an aggregate allotment of Rupees 31,559.

4. All the items except Nos. 7, 8, 11, 12, 17, and 18 are the incomplete works of 1874-75. None of the works call for remark with the exception of the 6th and 17th Items. A revised estimate is promised for the 6th Item. The 17th is an unsanctioned work, and appears to have been brought forward from the Supplemental Budget of 1874-75. The President will expedite the submission of the necessary plans and estimates for these works.

5. STATEMENT III.—In this statement provision is made to the extent of Rupees 408 for the purchase of furniture and books and maps for eight of the Local Fund Schools, no provision having been made on this account in the current year's budget.

6. STATEMENT IV-A.—A sum of Rupees 1,040 is entered in Statement IV-A for the Virdachellum dispensary. Rupees 800 of this amount is for furniture and Rupees 240 for supplies required for the institution.

7. STATEMENT IV-B.—A sum of Rupees 1,870 is provided for Sanitation, and is distributed thus:—

		RS.
1.	Works undertaken for the improvement of water-supply ...	400
2.	Scavengering towns	1,200
3.	Removal of prickly-pear	270
	Total ...	1,870

8. The Vice-President points out that of the proposed allotment of Rupees 22,961 for road works, only Rupees 16,720 are available as shown in the margin, leaving Rupees 6,241 to be provided for. The Local Fund Board propose to transfer Rupees 6,300 from the General Fund balance (including Reserve) of Rupees 23,380. It will be observed that, even after deducting the allotment of Rupees 11,916 in the present Budget, there will remain Rupees 11,464 from which the proposed transfer of funds can safely be effected. The Board however observe that the transfer is sought to enable the Local Board to commence some entirely new works, the chief of which, estimated to cost Rupees 6,500, is a bridge on the road from Cuddalore to Combaconum, the importance of which will be much diminished by the construction of the railway.

	RS.
Actual Road Fund balance on 1st April 1875	24,314
Deduct cost of Public Works Supervision not charged in the accounts of 1874-75	26,573
