Municipal—Loans.

No. 46. Read the following letter from J. R. COCKERELL, Esq., President of the Municipal Commission, Coonoor, to the Hon. D. F. CARMICHAEL, Officiating Chief Secretary to Government, Fort St. George, dated Ootacamund, 31st July 1875, No. 53 :—

With reference to Order of Government, Financial Department, No. 1206, dated 3rd ultimo, I have the honor to submit a revised application for a loan of Rupees 7,248 to be granted to the Coonoor Municipal Commissioners under the Public Works Loan Act (XXIV. of 1871).

2. The requirements of the Revised Rules dated 15th October 1873 have been complied with, and the application has been published for a month in the local Official Gazette.

3. The estimate referred to in the application was submitted with this office letter, No. 7, dated 6th February last, printed in Proceedings of Government, No. 261, of 20th idem.

Application for a Loan from Government to the Coonoor Municipality.

We, the undersigned Members of the Coonoor Municipal Commission, being the persons legally entitled to the control and management of the municipal funds of this town, desire to obtain a loan from Government under the Local Public Works Loan Act (XXIV. of 1871) and Rules made thereon, No. 2987, dated Fort William, 25th April 1872, and the Notification, No. 3761, Financial Department, dated Fort William, 15th October 1873.

2. We desire to borrow Rupees 7,248 on the security of the total aggregate amount of the proceeds of all cesses, rates, and taxes received by us as the Municipal Commissioners of this town, and of all receipts from property which may be vested in us as a body for the purpose of the municipal fund under our control. The work for which we purpose borrowing the above sum is one of public utility, and is situated within the local limits of our authority and is intended for the benefit of the general community dwelling within such limits.

3. The work for which the loan is required is one of very great importance to our town : it is for the construction of market-sheds, which, we are of opinion, will prove a remunerative investment and be at the same time a good security for the loan. A copy of the estimate furnished by the District Engineer for constructing the market-sheds is herewith forwarded. We are willing to bind ourselves and our successors, as Municipal Commissioners of this town, to pay 4½ per cent. a-year for the purposed loan of Rupees 7,248, and interest upon the outstanding principal debt shall be paid half-yearly on the 30th June and 31st December and the principal shall be repaid in such instalment, and that not less than one-quarter of the whole shall be repaid within five years and not less than one-half within ten years, and not less than three-quarters within fifteen years, and the whole within twenty years at the most.

4. We are, however, of opinion that a rapid increase in the market tolls will enable us to liquidate the debt within a considerably less time than that above purposed.

5. We append to this application a statement of the income of this Municipality from all sources and of expenditure for the last three years. There are no prior charges upon the income of this Municipality or upon any property vested in us as Commissioners.
