No. 140. ORDER THEREON, 21st September 1875, No. 1861.

The Municipal Commissioners of Tuticorin submit for approval an amendment of Article 25 of their bye-laws* whereby they propose to levy license fees on carpenters' and blacksmiths' sheds on the beach, and for docking boats, dhonies, and ships on the beach; but as money so raised within port limits would properly belong to Port Funds, the proposition submitted by the Municipal Commissioners of Tuticorin cannot be sanctioned.

* Sanctioned by G.O., dated 13th March 1868, No. 330, Public Department.

2. It is observed that the notification published in the *Fort St. George Gazette*, dated 13th September 1866, extending the provisions of the then Madras Towns Improvement Act (X. of 1865) to Tuticorin, and thereby constituting a Municipality for that town, extended the limits of the township on the east to the sea; but both by Section 4 of the repealed Imperial Act XXII. of 1855, and Section 5 of the Imperial Act XII. of 1875 now in force, the limits of a port are defined to extend to fifty yards of the foreshore beyond high-water mark. So much therefore of the above-mentioned notification, as extends the limits of the township of Tuticorin, under the authority of an Act passed by the local Legislature, beyond

port limits, is inoperative; and the jurisdiction of the Municipal Commissioners of Tuticorin consequently ceases, towards the east, at the point on the beach where the fifty yards beyond high-water mark begins.

3. For the same reason Articles 28 and 29 of the bye-laws of the Municipality of Tuticorin, providing for the hauling up of boats on the beach and the landing of coral, must be considered inoperative, as these are matters clearly within the jurisdiction of the Master Attendant within port limits.

4. Copy of these Proceedings, and of the letter from the President of the Municipal Commission of Tuticorin above recorded, and of G.O., dated 13th March 1868, No. 330, Public Department, will be furnished to the Acting Master Attendant of Madras in his administrative capacity for such observations as he may have to offer on the subject.
