Proceedings of the Madras Government, Financial Department,
24th September 1875.

Local Funds—Roads.

No. 177. Read the following Proceedings of the Board of Revenue, dated 3rd September 1875, No. 2476:—

Read the following Proceedings of the Madras Government, dated 30th July 1875, No. 1,576, Financial Department:—

ABSTRACT.—*Local Funds, Roads.*—The plan and estimate for the iron girder bridge over the Korakory nullah, in Ganjam District, refused sanction.

COMMUNICATED to the President of the Local Fund Boards, Ganjam.

2. The Board are not aware that any proposals for the levy of tolls have been made, but as the project of an iron girder bridge has now been disallowed, it does not appear that any advance will now be required from Provincial Funds, and there will be no necessity to levy tolls to pay interest thereon.

3. The estimates for the bridge, according to the original design, and for the road amounted to Rupees 34,650. To the end of last official year Rupees 15,845 were expended; and in the Budget of 1875-76, and Board's Proceedings, 21st August 1875, No. 2,353, Rupees 16,785 have been allotted for the current year. The remainder of the estimate, Rupees 2,020, can be met from the sum of Rupees 12,215, the balance of the special grant, which it was proposed to expend in bridging the road from Surla to Aska, for which work estimates are not yet ready. Subject to the approval of the Local Board, Rupees 2,020 are hereby allotted for the deviation road and bridge, and the Accountant-General is requested to place the amount at the disposal of the Public Works Department.

4. It would seem advisable that the design and estimate for the masonry bridge should now be submitted for the remarks of the Chief Engineer.
