184-'88 Bundle 184 - 188 32/33

Medical—Civil Subordinate Establishment.

Read the following papers :—

No. 184. From Surgeon-General E. G. BALFOUR, Surgeon-General, Indian Medical Department, to the Hon. D. F. CARMICHAEL, Officiating Chief Secretary to Government, Fort St. George, dated Fort St. George, 10th June 1875, No. 328.

In G.O., No. 1001, of 7th May 1875, His Excellency the Governor in Council sanctioned the establishment of a Civil Medical Service.

2. The orders issued for the raising of that body have been arranged in the enclosed codified form for insertion into the Madras Medical Code, and I have the honor to submit them for consideration and approval.

3. In paragraph 5 of my letter, No. 43, dated 2nd February 1874, I recommended that the period of age for entertaining candidates for the Civil Apothecary grade, possessing the Matriculation Certificate, "should not be under eighteen nor above nineteen years of age; those who are to be examined by the Second Department test, should not be under fifteen nor above eighteen years of age, which is the rule at present." In paragraph 17 of the Order, No. 1001, however, Government has made general ruling that "no candidates for the higher grade should be accepted under the age of eighteen."

4. I have the honor to submit to His Excellency in Council, as preferable to what Government has now ordered as to the age of above eighteen as a general ruling, the existing rule of not below fifteen nor above eighteen years of age, and I beg to recommend that period of life, in preference to the age of above eighteen ordered by Government.

5. The appended regulations proposed for the Civil Medical Service, if approved by Government, would appropriately find a place in Section IV. of the Medical Code, at the end of the regulations governing the establishment of Assistant Surgeons, both classes being subject to the conditions of the Uncovenanted Civil Service Rules; and as Section IV., and the following section which treats of the Military Subordinate Medical Department, are now in the hands of the printer, I have the honor to request the early orders of Government.

No. 185. From Surgeon-General E. G. BALFOUR, Surgeon-General, Indian Medical Department, to the Hon. D. F. CARMICHAEL, Officiating Chief Secretary to Government, Fort St. George, dated Fort St. George, 23rd July 1875, No. 399.

With reference to paragraph 23 of the Order of Government, Financial Department, No. 1001, of 7th May 1875, I have the honor to forward, for submission

to, and approval of, the Honorable the Governor in Council, the accompanying form of Articles of Agreement for the Civil Medical Service furnished by the Government Solicitor.

2. The sum in which Civil Hospital Apprentices and Pupils are to be respectively bound, has been left blank by the Government Solicitor for the orders of Government, and I would recommend, for the favorable consideration of His Excellency in Council, that Apprentices be bound in Rupees 1,000, and Pupils in Rupees 400, which would be about the sums they will have received during the period of their pupilage, as under :—

			Rs.
Apprentices if Matriculated—			
Precollegiate	Rupees 15 × 12	= 180	
Collegiate	,, 20 × 12 × 3	= 720	
			900
If not Matriculated, an additional—			
Precollegiate year	Rupees 15 × 12	=	180
			1,080
Pupils—			
Precollegiate	Rupees 7 × 12 × 2	= 168	
Collegiate	,, 9 × 12 × 2	= 216	
			384

3. I had the honor, in my letter, No. 328, of the 10th June, to submit, for the approval of Government, a Draft of Rules for the management and guidance of the Civil Medical Service, and for incorporation in the edition of the Medical Code now passing through the Press ; and as that section of the Code in which these rules should find a place is about to be struck off, and only suspended for the necessary sanction of Government to those rules, I solicit the early orders of Government respecting them.

No. 186. From Surgeon-General E. G. BALFOUR, Surgeon-General, Indian Medical Department, to the Hon. D. F. CARMICHAEL, Officiating Chief Secretary to Government, Fort St. George, dated Fort St. George, 27th July 1875, No. 405.

I have the honor to re-submit Draft of Rules for the Civil Medical Service, revised in conformity with Official Memorandum, No. 268, of the 22nd instant.

2. The age at which candidates become eligible for the Civil Apothecary class, has been left unaltered in the revised draft; but I would again submit, for the favorable consideration of the Honorable the Governor in Council, the advisability of adopting the limit prescribed for the corresponding branch of the Military Department, *viz.*, not below fifteen nor above eighteen years. In the draft the minimum is fixed at eighteen years without any limit, and as the rule stands at present, applicants who may be past the age of profitably choosing a profession must be entertained, if they merely possess literary attainments sufficient to successfully compete for an appointment.

No. 187. From Surgeon-General E. G. BALFOUR, Surgeon-General, Indian Medical Department, to the Hon. D. F. CARMICHAEL, Officiating Chief Secretary to Government, Fort St. George, dated Fort St. George, 11th August 1875, No. 424.

With advertence to my letters entered in the margin, I have the honor to enclose, for submission to, and early orders of Government, printed Forms 10 and 11, Section IV. of the Medical Code, containing the rules and regulations applicable to the Civil Medical Service, as in the printed form it may be more convenient for His Honor in Council to consider the subject with a view to final orders.

No. 328 of 10th June 1875.
,, 399 of 23rd July ,,
,, 405 of 27th July ,,

2. The inaccuracies contained in the manuscript copy of the form of Agreement furnished by the Government Solicitor, in reference to the pay, &c., of the Civil Apothecary and Civil Hospital Assistant Classes have been rectified, and the same form rendered applicable to both classes. The sums entered in the penalty clause are Rupees 1,000 and Rupees 400 respectively, as recommended in my letter, No. 399, of the 23rd July 1875, for the reason that those sums represent the amount of stipend that would ordinarily be drawn by the two classes during the period of their pupilage.

3. His Honor in Council may deem it expedient to pass early orders on the subject, in consequence of the succeeding forms of the Medical Code being held in abeyance, pending the disposal of Forms 10 and 11 now submitted.

No. 188. ORDER THEREON, 25th September 1875, No. 1896.

The Rules submitted by the Surgeon-General with his letter, dated 27th July 1875, are sanctioned by the Government with the alteration as to age suggested by the Surgeon-General in paragraph 2 of his letter. The form of Articles of Agreement submitted with letter, dated 23rd July 1875, and the penalty amounts suggested by the Surgeon-General for binding successful candidates, are also approved.

Medical—*Civil Subordinate Establishment*—Rules for the Civil Medical Service sanctioned, with the alteration as to age, and the form of Articles of Agreement and the Penalty amounts suggested by the Surgeon-General for successful candidates, approved.

CIVIL APOTHECARY.

KNOW ALL MEN by these Presents, that I,

residing at within the local limits of Madras, Medical Student, am held and firmly bound unto the Right Honorable the Secretary of State for India in Council in the sum of (1,000) One thousand Rupees, to be paid to the said Secretary of State for India in Council, or to his certain Attorney of Successors or Assigns, for which payment to be well and truly made, I bind myself, my Executors, Administrators, and representatives firmly by these presents. Sealed with my seal and dated this day of 18 .

WHEREAS the above bounden

is one of the successful Candidates for admission into the Madras Civil Medical Department in the grade of Hospital Apprentice, the terms and conditions of which service are as follows, that is to say—

I. That every Candidate for the said Madras Civil Medical Department shall, during the period of* year commencing from the day of 18 , regularly attend a pre-collegiate course of instruction in Medicine at a hospital to which he may be appointed.

II. That the Candidate shall also, during the period of three years thence next ensuing, be and remain a student in the Madras Medical College, and devote his whole time and attention to the course of instruction taught at such College, and at the completion of such last mentioned period of three years will submit himself for examination, and use his utmost endeavours to obtain from the said Medical College a certificate of qualification as a Civil Apothecary.

III. That the Candidate shall, on obtaining such certificate of qualification, serve the Madras Government acting on behalf of the abovenamed the Right Honorable the Secretary of State for India in Council for the term of seven years, commencing from the date of the Candidate's obtaining such certificate of qualification as aforesaid, in the capacity of a Civil Apothecary, and during such period of service will duly and faithfully serve the said Secretary of State, his Successors, and Assigns to the best of his skill and ability, and whenever called upon by the said Madras Government or the Madras Medical Department to go to any place in the Presidency of Madras, will forthwith proceed there, and on arrival will do, fulfil, and perform all the duties of his appointment to the satisfaction of the said Madras Government and of his superiors in the said Madras Medical Department, and will not leave any station or place to which he may at any time have been appointed, without first obtaining sanction of the said Madras Government or his superiors in the said Madras Medical Department for his so doing; and will also, at all times during his said service, demean and behave himself orderly and obediently in all things towards the Medical or other Officer or Officers under whose orders he shall from time to time be placed; and will not waste, destroy, or make away with any of the medicines, medical stores, or other property of the said Secretary of State which shall from time to time be in his care or possession or under his control.

* If matriculated, one year; if otherwise, two years.

IV. That the Candidate shall be entitled to receive the monthly sum of (15) fifteen Rupees during his year's course of study as a pre-collegiate student at any of the hospitals to which he may be appointed.

V. That the Candidate shall be entitled to receive the monthly sum of (20) twenty Rupees during his three years' course of study as a student in the said Madras Medical College.

VI. That the Candidate shall, during his period of service of seven years from the date of his receiving from the said Medical College a certificate of qualification, receive the following monthly pay or salary, *viz.*:—

For the first two years pay of Rupees 50.

From three to seven years pay of Rupees 50, and charge allowance of Rupees 25 if holding an independent charge.

AND WHEREAS the Candidate has agreed to comply with the above-recited conditions, and for the purpose of securing the due and faithful performance thereof, hath agreed to enter into the above-written Bond or obligation subject to the condition hereunder written.

Now the condition of the above-written Bond or obligation is such, that if the above bounden

shall from time to time and at all times during the continuance of his service under the said Secretary of State for India, his Successors and Assigns, under the above-recited terms of studentship and service, respectively save, defend, and keep indemnified the said Secretary of State, his Successors and Assigns, from and against all loss, costs, damages, and expenses which may be sustained by him or them on account of any failure on the part of the said

in the performance of his duties either as pre-collegiate or collegiate student, or as a Civil Apothecary under the said Government of Madras, and also of from and against any neglect, mismanagement, embezzlement or loss which may be occasioned to the said Secretary of State, his Successors or Assigns, in consequence of any medicines, medical stores and other articles and things belonging to the said Secretary of State, his Successors or Assigns, which shall from time to time or at any time be entrusted to him the said

or come into or under his hands, custody, possession, control or power in the course of the duties of his said employment; or if he the said

shall at any time during either of the said three several periods of three and seven years respectively, leave the service of the said Secretary of State, his Successors or Assigns, with the previous consent in writing of the said Government of Madras, or of the said Medical Department acting on its behalf, then the above-written Bond or obligation shall be null and void, but otherwise the same shall be and remain in full force and virtue.

OFFICE OF SURGEON-GENERAL, I. M. D.,
Fort Saint George, 10 June 1875.

From

SURGEON-GENERAL EDWARD BALFOUR,
Surgeon-General,
Indian Medical Department,
Fort Saint George.

To

The Chief Secretary to Government
Financial Department
Fort Saint George.

SIR,

In G.O. No. 1001 of 7 May 1875 His Excellency the Governor in Council sanctioned the establishment of a Civil Medical Service.

2. The Orders issued for the raising of that body have been arranged in the enclosed codified form for insertion into the Madras Medical Code and I have the honor to submit them for consideration and approval.

3. In para 5 of my letter, No 43 dated 2nd February 1874, I recommended that the period of age for entertaining Candidates for the Civil Apothecary Grade possessing the Matriculation Certificate "should not be under 18 nor above 19 "years of age; those who are to be examined by the "Second Department test, should not be under 15 "nor above 18 years of age; which is the rule at "present" In para 17 of the Order, No 1001, however,

Government has made gueral puling that "no Can-
"-didates for the higher grade should be accepted under
"the age of eighteen."

4. I have the honor to submit to His Excellency in Council, as preferable to what Govern-ment has now ordered as to the age of above 18 as a gueral puling, ~~the~~ the existing rule of not below 15 nor above 18 years of age, and I beg to recommend that period of life, in preference to the age of above 18 ordered by Government.

5. The appended regulations proposed for the Civil Medical Service, if approved by Government, would appropriately find a place in Section IV of the Medical Code, at the end of the regulations governing the establishment of Assistant Surgeons, both classes being subject to the conditions of the Uncovenanted Civil Service rules; and as Section IV and the following Section which treats of the Military Subordinate Medical Department, are now in the hands of the printer, I have the honor to request the early orders of Government.

I have the honor to be

Sir,

I have the honour to submit herewith for the information of Government printed copies of the Civil Medical Code, entirely the result of the labours of the Civil Medical Service of Madras, under orders now issued.

I have the honour to be,
Sir,
Your most obedient servant,
Surgeon-General
Indian Medical Department

N/1587.

of age, of Vaccination, and of physical fitness for the public service, signed by a Commissioned Medical Officer of the British or Indian Establishment, with testimonials as to character and respectability.

4. Entrance examination. The entrance test for this grade shall be, as a rule, the matriculation Certificate: Should the number of matriculated applicants exceed the number of vacancies to be filled, they will be subjected to the following departmental test, in order to admit of the most successful competitors being selected viz:

5. The examination will be confined to testing the competing Candidates' knowledge of the English language, — in the meaning of words and phrases, in grammatical construction of sentences, and in grammar generally. The questions will be prepared, and the results of the examination determined, by the Educational Department.

6. Should the number of matriculated applicants be fewer than

than the number required for the Government service, the whole of the candidates, matriculated or otherwise, will be subjected to the competitive examination prescribed for Military Hospital Apprentices in Section V paras 11 to 15, and the number required to fill up existing vacancies will be taken from the top of the graded list prepared by the Educational department in the order of merit.

7. Agreement. Successful candidates will be bound by Articles of Agreement in the following form, to serve Government for a period of 7 years after receiving their Certificate of qualification from the Medical College.

(Here enter form when received from the Government Solicitors)

8. Pre-Collegiate Course. Civil Hospital Apprentices who have matriculated, will be attached to a Civil or Military hospital at the station where their parents or other relations may

may be residing, for preliminary training for one year preparatory to admission into the Medical College; and those who have not matriculated, will be attached for two years. Their pre-collegiate pay for the whole period will be Rs. 15 per mensem.

9. Half-yearly Examination. During hospital training, they will be subject to half yearly examinations in the subjects mentioned in section V paras 21 to 25. At the end of their hospital course, they will be drafted into the Medical College for three years in the order of merit attained at these examinations, the Curriculum being the same as that for the 2nd Department of the Medical College. Their College pay for the whole period will be Rs. 20 per mensem.

10. The rules and regulations for the training in Hospital and the Medical College of Military Medical Students of both classes prescribed in Section V of the Medical

Specimen there enclosed taken off to Summary is missent for misconduct

Medical Code, are generally applicable also to the Civil Subordinate Medical Department.

11. Promotion and Pay. On the completion of the 3rd year of study at the Medical College, Civil Hospital Apprentices will be examined as to their qualifications, if found qualified for advancement to the grade of Civil Apothecary, they will be promoted thereto, and receive the undermentioned monthly salary;- the promotion from grade to grade being determined by periods of service, until the establishment becomes more fully developed; after which, restrictions will be made regarding the number of each grade, and promotion given only on the occurrence of vacancies. In any case promotion will be dependent on passing successfully periodical examinations.

C. A. Watson D.G.

Surgeon General IMD

Mem. Civil Medical Service
& Civil Hospital Assistants
1874/75.

(Amended Draft.)

The Civil Medical Service

1. Object The Civil Medical Service is established to supply Medical Officers for the Civil Departments of Government, and for service in Civil Dispensaries maintained by Municipalities and Local Fund Boards. For the present those entertained for Provincial Service directly under Government, and those for Local Service under Municipal or Local Fund Boards, are all entertained on one establishment for General Service.

2. Designation. It consists of two classes, styled Civil Apothecaries, and Civil Hospital Assistants.

3. Civil Apothecary class.

Qualifications. The Civil Apothecary class is open to all irrespective of race or creed. Candidates for this class are designated Civil Hospital apprentices, and they must not be below 18 years of age. They must produce certificates of age, of Vaccination, and of physical fitness for the public

Service

service, signed by a Commissioned Medical Officer of the British or Indian Establishment, with testimonials as to character and respectability.

4. Entrance examination.

The entrance test for this grade shall be, as a rule, the matriculation Certificate. Should the number of matriculated applicants exceed the number of vacancies to be filled, they will be subjected to the following departmental test, in order to admit of the most successful competitors being selected viz:

5. The examination will be confined to testing the competing candidates' knowledge of the English language, — in the meaning of words and phrases, in grammatical construction of sentences, and in grammar generally. The questions will be prepared, and the result of the examination determined, by the Educational Department.

6. Should the number of matriculated applicants be fewer than the number required for the Government,

service

service, the whole of the candidates, matriculated or otherwise, will be subjected to the competetive examination prescribed for Military Hospital Apprentices in Section V paras 11 to 15, and the number required to fill up existing vacancies will be taken from the top of the graded list as prepared by the Educational Department, in the order of merit.

7. Agreement. Successful candidates will be bound by articles of agreement in the following form, to serve Government for a period of 7 years after receiving their Certificate of qualifications from the Medical College.

(Here enter form already submitted to Government for orders)

8. Pre-Collegiate Course. Civil Hospital Apprentices who have matriculated, will be attached to a Civil or Military hospital at the station where their parents or other relations may be residing, for preliminary training for one year preparatory to admission into the Medical College; and those who have not matriculated, will be

be attached for two years. Their pre-collegiate pay for the whole period will be Rs. 15 per mensem.

9. Half yearly Examinations. During hospital training, they will be subject to half yearly examinations in the subjects mentioned in Section V paras 21 to 25. At the end of their hospital course, they will be drafted into the Medical College for three years in the order of merit attained at these examinations, the curriculum being the same as that for the 2nd Department of the Medical College. Their College pay for the whole period will be Rs. 20 per mensem.

10. The rules and regulations for the training in Hospital and the Medical College of Military Medical Students of both classes prescribed in Section V of the Medical Code, are generally applicable also to the Civil Subordinate Medical Department.

11. Promotion and Pay. On the completion of the 3rd year of study at the Medical College, Civil Hospital Apprentices will be examined as to their qualifications. If found qualified, for

for advancement to the grade of Civil Apothecary, they will be promoted thereto, and receive the undermentioned monthly salary, - the promotion from grade to grade being determined by periods of service, until the establishment becomes more fully developed; after which, restrictions will be made regarding the number of each grade, and promotion given only on the occurrence of vacancies. In any case promotion will be dependent on passing successfully periodical examinations.

	Pay	Charge allowance
First 2 years	50	"
3 to 7 "	50	25
8 to 14 "	75	50
15 to 21 "	100	50
22 to 28 "	125	50
29 to 35 "	150	50

12. Leave and Pension. Civil Apothecaries are entitled to leave and pension under the rules applicable to the Uncovenanted Civil Service.

13. Civil Hospital Assistants Qualifications. The Civil Hospital Assistants class is open to all candidates irrespective

irrespective of race or creed. Candidates for this class are called Civil Medical Pupils, and they must not be below 15 nor above 19 years of age, and they must produce Certificates of age, of Vaccination, and of physical fitness for the public service, signed by a Commissioned Medical Officer of the British or Indian Establishment, with testimonial of character.

14. Entrance examination. The entrance examination will be that prescribed in Section V paras 45 to 47, and the pre-collegiate course will extend over two years, on a stipend of Rs. 7 per mensem for the whole period.

15. Articles of agreement. Successful candidates will be bound by Articles of agreement to serve Government for a period of 7 years from date of receiving Certificate of qualification from the Medical College. The form will be the same as that employed for Civil Hospital Apprentices, with the exception of the sum entered in the penalty clause. Civil Medical Pupils will be bound in the sum of Rs 5

16. Half yearly examination. Civil Medical Pupils will, during their pre-collegiate course, be subject to the same half yearly examinations as Civil Hospital Apprentices, and they will be drafted into the Medical College in their order of merit for their two years' pre-collegiate course, in which they will follow the curriculum of the Junior department of the Medical College. Their College pay will be Rs. 9 per mensem for the whole period.

17. Promotion and Pay. On the completion of the second year of study at the Medical College, Civil Medical Pupils on examination if found qualified for advancement, will be promoted to the grade of Civil Hospital Assistant, and receive the undermentioned salary, contingent on passing successfully periodical examinations.

	Pay	Charge Allowance
Under 7 years	Rs. 20	10
8 to 14 "	30	10
15 and upwards	40	10

Leave and Pension

18. Civil Hospital Assistants are entitled to leave and pension under the rules governing the Uncovenanted Civil

Civil Service.

The scales of salaries for the two grades of Civil Hospital Apprentice and Civil Medical Pupil are subject to the confirmation of the Government of India, to whom the whole subject has been referred for orders.

Edwd Balfour

Surgeon General

Surgeon General I. Inv. D.

Chief Secretariat,

~~City~~ Cossr 187 5.

1st. September.

Dear Mr. Carmichael,

Will you kindly say that I and Dr. Balfour on the question of my 7 candidates? Pro papers that at the top of the bundle. I see that Dr. Balfour has published his advertisement for this year, taking candidates at 15. I suppose he was authorized.

Dear Carmichael

If orders on my letter 424 of 11 ults. could be found, it would be an aid to the work of my office. The Young men cannot be formally entered and take them & the College seems on the 1st prox a & the Code cannot be altered

Yours truly

Arthur Balfour
