with an allotment for contingencies of Rupees 2 per mensem, of which however only 1 Rupee a-month has for sometime been expended. It has now been reported to the Local Fund Board that the Monegar is of little or no help to travellers; that he does not stop in the choultry at nights; and that he frequently absents himself from the place altogether. The Tahsildar recommends that this servant, as well as the sweeper on 1 Rupee a-month, may be dispensed with, the work of the latter being performed by the two Talayaries.

and I request to be informed whether the saving thus effected will lapse to Government, or become an asset at the disposal of the Local Fund Board for repairing the choultry.

The Board of Revenue approve the Circle Board's proposal to dispense with the services of the Monegar and Sweeper attached to Ellis' Choultry, and to raise the salaries of the Waterman and Talayaries, and accordingly recommend it for the sanction of Government.

2. The President is informed that the saving effected by the change in the Establishment will of course remain in favor of the institution, and be available for its repair.
