No. 199. Read the following Proceedings of the Board of Revenue, dated 27th September 1875, No. 2694:—

Read the following letter from G. VANSAGNEW, Esq., President of the Local Fund Board, Nellore, to H. E. STOKES, Esq., Acting Secretary to the Board of Revenue, dated 27th August 1875, No. 947:—

I HAVE the honor to submit copy of a letter from the Officiating Superintending Engineer, dated 23rd instant, together with its enclosures, as noted in the margin, and to request that the Board will obtain the early sanction of Government to the estimate, amounting to Rupees 25,600, for improving and completing the westernmost 14 miles of the road from the Port of Kottapatam on the coast, *via* Ongole, to Cumbum.

2. This is one of the most important lines of communication in the district, and the part of it included in this estimate has never been really made, and in parts has merely had the jungle cleared and side channels dug.

3. Rupees 7,000 were allotted for the work in the current year's budget, but owing to the delay in the submission of the estimate, and the anticipated difficulty in getting the work under weigh in that somewhat desolate part of the country, the Local Fund Board lately sanctioned the transfer to the Great Northern Road of Rupees 3,000 out of the above allotment.

4. This leaves Rupees 4,000 to be spent this year on the work, and to enable the Superintending Engineer to do this, I have, as requested in paragraph 3 of his letter, authorized him to collect materials in anticipation of sanction.

ENCLOSURE No. 1.

From R. SMITH, Esq., Officiating Superintending Engineer, Nellore, to G. VANSAGNEW, Esq., President of the Local Fund Board, Nellore, dated 23rd August 1875, No. 47.

I HAVE the honor to submit for sanction an estimate, amounting to Rupees 25,600, for completing and improving the Cumbum road from the 46th milestone to the Kurnool frontier within the limits of the 60th mile.

2. As labor and water are very scarce, in the locality traversed by this reach of the road, provision has been made in the estimate, for hutting all the work-people, with the exception of the few procurable in the immediate vicinity of the works, and for securing a supply of water for the laborers, for tamping, &c. A special allowance has also been made in the estimate for watercarts and road-rollers.

3. If the Board would permit me to collect materials in anticipation of sanction I should be glad, as the progress in that out-of-the-way place will, I fear, be slow for some time after the commencement of active operations.

ENCLOSURE No. 4.—Appendix.

Proceedings of the Madras Government, Financial Department,
26th October 1875.

THE estimate, amounting to Rupees 25,600, for improving and completing the westernmost 14 miles of the road from the Port of Kottapatam on the coast, *via* Ongole, to Cumbum is submitted for the sanction of Government.

2. The component parts of the estimate are—

	Rs.
1. Earthwork	5,115
2. Gravelling	1,162
3. Metalling	13,248
4. Turfing	419
5. Masonry works	2,227
6. Sundry items	1,642
7. Superintendence, &c.	1,787
Total ...	25,600

3. The necessity for the work is explained in the President's letter.

4. It will be observed from paragraph 9 of the Board's Proceedings, dated 31st August 1875, No. 2,451, that the allotment of Rupees 7,000 for the work in question has been appropriated for works appearing in the current year's supplemental budget; and, unless the President can point out some other source from which funds can be provided for expenditure during the current year, the Superintending Engineer should be desired at once to stop expenditure on the work.

5. In anticipation of the sanction of Government to the estimate the President may enter the work in the ensuing year's budget now under preparation in the district.
