*Proceedings of the Madras Government, Financial Department,
2nd February 1875.*

Medical—Allowances.

No. 30. Read the following letter from R. B. CHAPMAN, Esq., Secretary to the Government of India, Financial Department (Leave and Allowances), to the Hon. D. F. CARMICHAEL, Acting Chief Secretary to Government, Fort St. George, dated Fort William, 18th January 1875, No. 324 :—

With reference to your letter, No. 1341, dated 20th September 1873, and to Financial Resolution by the Government of India, No. 323, of this date, which has been separately communicated to the Government of Madras, I am directed to say that, before fixing a scale of allowances to Medical Subordinates for the medical charge of lock hospitals when the allowances have to be defrayed from the provincial revenues, the Governor-General in Council gave careful consideration to the objection raised by the Government of Madras in paragraph 2 of the above letter.

2. When only a single local Government is interested in any provincial expenditure, it would not be the wish of the Government of India, as a general rule, to exercise any interference.

3. But where, as in the present case, the question affects a general scale of allowances, it appears necessary that a rule should be laid down to regulate the practice everywhere. Thus uniformity is secured, and the inconveniences of a varying practice obviated. It has seemed necessary, therefore, that the power of determining allowances under such circumstances should be retained by the Government of India.

4. The Governor-General in Council hopes that the Government of Madras will recognize the expediency of this procedure.
