Proceedings of Government, Judicial Department, 7th December 1874, *No.* 2249.

Read the following letter from Colonel R. M. MACDONALD, Inspector-General of Registration, to the Hon. D. F. CARMICHAEL, Acting Chief Secretary to Government, Fort St. George, dated Madras, 30th November 1874, No. 175:—

I have the honor to submit a letter, No. 77, of the 27th November, from the Registrar of Madura, from which it appears that the District Engineer is unable to provide any accommodation for the Special Sub-Registrar of Pulney in the new Cutcherry now being erected at that station, because the design of the building is apparently different from that of the Standard Plan contemplated in G.O., No. 680, of the 28th May 1871, and the design cannot now be altered without the sanction of Government.

2. I have, therefore, the honor to request the sanction of Government for such alteration in the design as may be necessary to admit of one room being provided for the Sub-Registrar now, and a second room at some future period.

3. It will be observed from the Registrar's letter that the present Taluq Cutcherry has been sold, and that there will be no accommodation for the Special Sub-Registrar in the bungalow which has been rented for the use of the Cutcherry, unless a verandah is converted into a room. The estimate submitted, Rupees 72, seems moderate, and I have the honor to request sanction for the expenditure proposed.

Instructions will be issued in the Public Works Department for the addition of a room for the Registration Department in the new Cutcherry at Pulney, and for the conversion of the verandah of the bungalow alluded to into a room for the immediate accommodation of the Sub-Registrar.

(True Extract.)

(Signed) D. F. CARMICHAEL,
Acting Chief Secretary.

Communicated to the District Engineer, Madura, for compliance.

2. The District Engineer will carry out the addition to the Taluq Cutcherry at Pulney which is required by the Inspector-General of Registration in the manner provided for by the Consulting Architect in his letter, communicated under G.O., No. 680, of the 20th May 1871, adding verandahs in accordance with the present sanctioned design for the Cutcherry.

3. The addition, by order, of verandahs to all Taluq Cutcherries does not give District Engineers ground for objecting to carry out the sanctioned additional accommodation for Registrars.

4. It will be considered in the Financial Department whether the cost of providing special accommodation for Registrars and their establishments shall not be met by special funds set aside from Registration income.

Proceedings of the Madras Government, Public Works Department,
20*th January* 1875.

Kindly let the Bills & Estimates (and Act) be examined as to intention of legislation as to the application of funds.

I was a member of the Legislature which passed the Act and feel sure that the intention was to apply the proceeds under this Act to the purposes of the Act only.

I think that it were most undesirable to lump up these proceeds with the General Provincial

3. The addition, by order, of verandahs to all Taluq Cutcherries does not give trict Engineers ground for objecting to carry out the sanctioned additional ommodation for Registrars.

The Bill, the Act, the Vol the Debates are put up.

Sir R. Temple merely said (what everyone allows) that there was no wish to oppress people with heavy fees &c to make a revenue out of Registration. Our average fee is Rl. 6.0!

I submit that if we improved & expand the system, we are entitled, under the Provincial system, to the surplus -

Of course cuts down Police - the assignt is 33 Lacs - the Budget 36. We get 1 Lac from Registration, Cess, charges (not calculated) for building & Direction - the Estate is 2 Lacs
