Municipal Reports.

No. 37. Read the following letter from J. KELSALL, Esq., Vice-President of the Municipal Commission, Rajahmundry, to W. S. FOSTER, Esq., President of the Municipal Commissions in the Godavery District, dated Rajahmundry, 16th September 1875, No. 58:—

I have the honor to furnish the report called for in paragraphs 3, 5, 8, and 9 of the Government Order on the working of the Rajahmundry Municipality for 1874-75 (G.O., 28th June 1875, No. 1366).

2. *Paragraph* 3.—The net proceeds (Rupees 397-13-0) of house-tax arrears was shown in Statement I., the refunds (Rupees 7-12-10) having been deducted from the gross demand (Rupees 405-9-10). The same deduction should have been shown in the proper column of Statement IV.

3. *Paragraph* 5.—The Supplemental Budget was sent to you with letter, No. 15, of April 26th. It has been sanctioned by Government in G.O., 5th June 1875, No. 1236.

4. *Paragraph* 8.—Nothing was expended on the registration of births and deaths. People either report these occurrences in their households in person, or we gather the information from reports of the Police, or of the subordinate servants of the Municipality. Under Sections 92 and 93 it is the duty of the parents or relatives to give the information. I have again reminded the inhabitants of this duty, and, if there is no improvement, shall institute prosecutions in two or three leading cases as an example.

5. *Paragraph* 9.—In the centre of the town there is the Provincial School, and there is also a special school for Mahomedan boys with an attendance of fifty one boys. There are five elementary schools supported by the Municipality—one under the salary system, and four aided by results grant:—

(1.) Madanasingupeta Anglo-Vernacular School has sixty-five boys under a master who has passed the Matriculation Standard, and who has two assistants. There are four classes in which the lessons of Standards I., II., III., and IV. are taught. A salary grant of Rupees 180 has been made for this school.

(2.) Chitrapuvari School has an attendance of forty lads. There are three classes learning the lessons of first, second, and third standards. A sum of Rupees 116-8-0 has been given to the teacher as results grant.

(3.) Vullitota Vidhi School contains thirteen boys, and is divided into three classes. Lessons of first, second, and third standards are taught. A results grant of Rupees 32-8-0 has been received by its teacher.

(4.) Innespeta School has sixteen boys. In its two classes first and second standard lessons are taught. The master has been paid Rupees 32-8-0 as results grant.

(5.) Merakavidhi School has an attendance of fourteen lads, and the teacher has trained them in first and second standard lessons. The Commissioners have paid him a results grant of Rupees 25-8-0.

6. A sum of Rupees 20 has been contributed to the Local Fund Board for the inspection of all these schools. The total sum paid by the Municipality for education in 1874-75 was Rupees 407. As these schools are in different parts of the town, there is no difficulty in obtaining education.

No. 38. ORDER THEREON, 8th November 1875, No. 2170.

It would appear from the Vice-President's letter that the registration of births and deaths in the Rajahmundry Municipality is not being carried out according to the requirements of the Towns Improvement Act. The Government gather that no Registrar has been appointed under Section 88, and that other arrangements required by the law are still in abeyance. The President of the Municipality is requested to make personal inquiry into this matter, and to report what reasons, if any, exist for omitting to carry out registration systematically under the Act.

2. The educational operations now reported seem to be satisfactory. Four schools are receiving result grants, and one is in receipt of a salary grant; the number of boys under instruction is 199.

3. The second paragraph of G.O., dated 28th June 1875, has not yet received a reply.
