Proceedings of the Madras Government, Financial Department,
13th November **1875.**

Petty Construction and Repairs.

No. 62. Read the following Proceedings of Government, in the Public Works Department, dated 7th October 1875, No. 2870 :—

ABSTRACT.—Intimating that as the tracks in the Rumpa country, Godavery District, are avowedly not *roads* requiring any professional supervision but jungle *tracks*, they must be considered as works of "Petty Construction and Repair," and provided for accordingly.

No. 63. ORDER THEREON, 13th November 1875, No. 2191.

There is obviously some mistake in the assumption that Financial G.O., No. 364, dated the 19th February 1875, transferred certain charges from the "Public Works" Budget to the "Revenue" Budget.

2. All that the Order cited did, was to transfer certain charges specified from the Public Works Budget to "Petty Construction and Repairs"—Public Works—Provincial.

3. It is not feasible to assign from the assignment under the head mentioned the grant-in-aid of Rupees 2,500 for opening out tracks in the Rumpa country, and it is necessary therefore that endeavours should be made for its provision from savings in allotments for other public works.

Proceedings of the Madras Government, Public Works Department,
7th October 1875.

No. 95. Read the following Proceedings of the Madras Government in the Financial Department, dated 15th September 1875, No. 1,834:—

ABSTRACT.—*Rumpa Country.*—A grant-in-aid of Rupees 2,500 for opening out tracks in the Rumpa Country, Godavery District, sanctioned; the money being assigned by the Public Works Department in January or February next from savings in allotments for other works.

No. 96. ORDER THEREON, 7th October 1875, No. 2,870.

CIVIL WORKS, No. 8.

IT is remarked that funds cannot be provided for these works in the Public Works Budget, with reference to G. O.,* No. 364, of 19th February 1875, Financial Department, transferring similar charges for the Ganjam and Vizagapatam Districts from that Budget to the Revenue Budget. These communications are avowedly not *roads* requiring any professional supervision, but jungle *tracks* which must be considered as works of "Petty Construction and Repair," and provided for accordingly.
