Read the following papers :—

No. 83. Proceedings of the Board of Revenue, dated 4th October 1875, No. 2770.

Read the following letter from W. S. WHITESIDE, Esq., Collector of North Arcot, to H. E. STOKES, Esq., Acting Secretary to the Board of Revenue, dated Palamanair, 17th September 1875, No. 504 :—

With reference to G.O., dated 4th August last, No. 1,594, communicated with the Board's foot-note, Miscellaneous No. 8,156, dated 8th instant, attached to G.O., dated 16th August last, No. 1,666, I have the honor to observe that the members of the Local Fund Boards of the Chittoor and Vellore Circles are unanimously of opinion that it is very undesirable to utilize the vaccine staff " for other sanitary purposes," as contemplated by the Acting Sanitary Commissioner (*vide* paragraph 2 of his letter to the Chief Secretary to Government, No. 1,103, dated 20th July 1875, embodied in Government Proceedings, dated 4th August last, No. 1,594). Experience has shown that the present vaccine establishment is barely sufficient to meet the requirements of the legitimate duties of the department, and the Boards are clear that the imposition of additional work as petty Sanitary Inspectors will, without doubt, result in neglect of their proper employment, while lazy vaccinators will be furnished with a capital excuse when their Returns of work done are inspected and commented on.

2. As the Acting Sanitary Commissioner appears seriously to contemplate this employment of the vaccinators in the scheme he is now drawing up, I have the honor to suggest that, before the scheme in question is laid before Government for final orders, it may be circulated to all Local Fund Boards for an expression of their views thereon.

Submitted for the orders of Government through the Sanitary Commissioner.

(A true Copy and Extract.)

(Signed) H. E. STOKES,
Acting Secretary.

No. 84. From Surgeon-Major H. KING, M.B., Acting Sanitary Commissioner for Madras, to the Hon. D. F. CARMICHAEL, Officiating Chief Secretary to Government, Fort Saint George, dated Madras, 11th October 1875, No. 1810.

I have the honor to submit, for the orders of Government, Proceedings of the Board of Revenue, No. 2770, of 4th October 1875.

2. As I have already applied for and obtained (after considerable delay) the views of the Municipalities and Local Fund Boards upon the feasibility of utilizing the Vaccination Department as Sanitary Reporters, I am unable to see any advantage in submitting the point to them over again before making detailed suggestions to Government on the subject. I shall be careful to state explicitly the opinions and objections of the Boards, and Government will be in a position to decide whether a further reference is necessary or desirable.
