PROVINCIAL SERVICES—CIVIL ENGINEERING COLLEGE.

No. 22. Proceedings of Government, 7th January 1875, No. 22.

The Governor in Council observes that the charge for the Civil Engineering College now forms a debit against Provincial Services the assignment for which is fixed.

2. The pay of the Principal of the College is Rupees 600 per mensem, or Rupees 7,200 per annum, in addition to which he draws his Military allowance, which also forms a debit against Provincial Services.

3. The "Military Allowance" budgeted for during the current year amounts to Rupees 5,204; but it appears from the Budget Estimates for 1875-76 that it will be raised to Rupees 12,027 or by Rupees 6,823 consequent on the Principal attaining the rank of Lieutenant-Colonel.

4. His Excellency in Council finds that Provincial Services cannot bear this additional charge. He directs, therefore, that the pay of the Principal be consolidated, and that the appointment be thrown open to the Civil as well as the Military Branch of the Service. The pay will be fixed with reference to the pay of the Principal of the Presidency College.

5. The Director of Public Instruction will be requested, in the Educational Department, to report on the subject in communication with the Chief Engineer, taking into consideration, whether any changes are necessary in the constitution of the College in consequence of the establishment of the College at Cooper's Hill, England, and whether the education given in the College here should not be restricted to the lower grades of the Executive.

(True Extract.)

Acting Chief Secretary.

To the Educational Department.

3. The "military allowance" budgeted for during the current year amounts to Rs. 5,204, but it appears from the Budget Estimates for 1875-76 that it will be raised to Rs. 12,027, or by

I agree in this - but consider that a consolidated salary would be still better. There is no reason why the Principal should be a military man. and this disad. advantage - viz that on attaining promotion, he will leave the College for Departmental work - the College then losing an experienced teacher

No. 22.

Civil Engineering College - The Director, in communication with the Chief Engineer, requested to report on the subject of throwing open the Military Branch of the College as well as the to be fixed; also whether any changes in the constitution of the College are necessary with reference to the establishment of the College at Cooper's Hill, England.

by Rs 6823 consequent on the Principal attaining the rank of Lieut-Colonel. 4 His Excellency in Council finds that Provincial Services cannot bear this additional charge. He resolves therefore, after careful inquiry and consideration to direct that the maximum pay of the Principal shall be restricted to that of an Executive Engineer, 2nd Grade viz., Rs 800 plus military pay proper, which will depend upon the army rank of the officer in charge.

5. Orders will accordingly be issued in the Public Works Dept to give effect to this arrangement from the 1st April 1875.

6. Meanwhile copy of these Proceedings will be submitted to the Govt of India for their confirmation.

and the Dept getting an officer whose experience in its work is limited or antiquated. I would therefore first ascertain the of the Civil as well as the Military branch of the Service. The pay in this case should be determined according to the reference to the pay of the Principal of the High School.

I think too

The P.W. Dept.
- Director of Public Instruction
- Accountant General.

that we ought now to consider what changes are necessary in consequence of the establishment of Cooper's College at Home. It seems at least advisable for us to check here what is being done there - for we can hardly begin to find room for Royal Engineers - Cooper's College even for our own students - and the Government wishes when we

Should restrict our operations to the lower grades of the Executive.

I agree with Mr. Smith & Mr. Robinson
30/12

I am of opinion that
 the Principal of the
 Civil Engineering Col-
 lege at Madison, if
 an Officer of the P. W.
 Dept. should draw
 the same Consolidated
 Salary that he would
 have drawn had he
 remained in the
 Dept.; his name
 being retained on
 its list, in statics,
 to regulate his pro-
 motion, the highest
 rank & salary attain-
 able being those of

Executive Engineer 1st
Grade or Rs 950 -

The lower ranks and
salaries are

S. Inf. 2nd Gr. Rs 800

Do 3rd — „ 650

Do 4th — „ 550

In addition to which
Officers of Royal Engi-
neers would draw as
Pay Paper -

Lt Colonels - Rs 243-8-0

Major - „ 182-0-0

Captains - „ 140-0-0

Should the Salary of
S. Inf. 1st Grade be
thought too much to
allow for the Appoint-
ment, that of S. Inf.

2nd Grade might be fixed^{9C}
as a maximum - The
Principal would then
have the option of vac-
ating the Appoint-
ment on promotion
to the 1st Grade of S.
Inf.; or of remaining
in the Salary of the
lower grade, without
however losing his
place in the Dept.

In fact the pay of
lowest grade may be
fixed as a maximum,
but the result will
be the earlier loss of
men who will have

gained experience in the
duties of Principal
