No. 235. Read the following Proceedings of the Board of Revenue, dated 11th October 1875, No. 2835 :—

Read the following letter from C. T. LONGLEY, Esq., President of the Local Fund Boards, Salem District, to H. E. STOKES, Esq., Acting Secretary to the Board of Revenue, dated 21st September 1875, No. 1,169 :—

I HAVE the honor to request that you will obtain the sanction of the Board of Revenue and Government for an additional Inspecting Schoolmaster for the Salem Circle.

One copy of Inspector's letter.
One copy of Deputy Inspector's letter.
One Resolution.

2. There are at present three Inspecting Schoolmasters, which, as observed by the Board of Revenue in paragraph 20 of their review of the Salem Circle Report for 1873-74 (Revenue Board's Proceedings, No. 808, dated 3rd April 1875), is too small to admit of much being done in the matter both of the improvement of the existing and of opening new schools. The Local Board have accordingly sanctioned an additional Inspecting Schoolmaster. A copy of their resolution under date the 17th instant, as well as those of the letters of the Inspector and Deputy Inspector of Schools, which are full on the subject, are enclosed for the information of the Board of Revenue and of Government. The salary has been fixed at Rupees 30, and the new Inspecting Schoolmaster is to be entertained from the commencement of the next official year

ENCLOSURE No. 1.

From E. C. CALDWELL, Esq., Inspector of Schools, 4th Division, to J. W. JOHNSTON, Esq., Vice-President of the Local Fund Board, Salem Circle, dated Salem, 1st September 1875, No. 1,549.

I HAVE the honor, with reference to your communication of the 9th instant, No. 1,029, to submit copy of a letter by the Deputy Inspector of Schools recommending that provision be made in the budget for the next official year for the entertainment of an additional Inspecting Schoolmaster in the Circle. The number of Inspecting Schoolmasters now employed in the Circle is three with ranges as follows :—

(1). The Salem Range comprising the taluqs of Salem and Ahtur.
(2). The Trichengode Range comprising the taluqs of Trichengode and Namkul.
(3). The Tripatore Range comprising the taluqs of Tripatore and Uttengherry.

2. As the number of schools in the first two mentioned ranges is likely next year to be greater than can be efficiently looked after by one Inspecting Schoolmaster, it is proposed to detach the Womalore Sub-division of the Salem Taluq from the first range and the Trichengode Taluq from the second, and of these to constitute a fourth range, which should form the new Inspecting Schoolmaster's charge. The ranges would then stand as follow :—

(1). The Salem Range comprising the taluq of Salem *ex* the sub-division of Womalore with the taluq of Ahtur.
(2). The Namkul Range comprising the taluq of Namkul.
(3). The Trichengode Range comprising the taluq of Trichengode with the sub-division of Womalore.
(4). The Tripatore Range comprising the taluqs of Tripatore and Uttengherry as before.

3. It will be seen by the table in the Deputy Inspector's letter that the distribution of the schools in the several ranges as proposed will be pretty equable, and a glance at the map of the

district will show that the ranges are well disposed in compact blocks. The number of schools in each of the proposed ranges approaches fifty, which would allow an Inspecting Schoolmaster to visit each school in the range once in two months, leaving him some days to spare for office work and for occasions in which it may be desirable for him to prolong his stay at any school for more than one day, or to visit some schools twice.

4. I may add that I consulted with the Deputy Inspector on the subject of this addition to the staff before he wrote, and that the proposal now put forward has my entire approval.

(True Copy.)

Vice-President.

ENCLOSURE No. 2.

From S. ATCHIALINGA, Mudaliar, Deputy Inspector of Schools, Salem Circle, to E. C. CALDWELL, Esq., Inspector of Schools, 4th Division, dated 26th August 1875, No. 755.

WITH reference to the President's letter requesting to furnish him with a list of educational projects for which provision should be made in the budget for 1876-77, I have the honor to bring to your notice that the combined system schools newly opened require a closer supervision than the result system schools, that it is not practicable to carry out the work efficiently with the present staff of Inspecting Schoolmasters, and that an additional Inspecting Schoolmaster is indispensably required, and to request you to be good enough to ask the President to make provision for the same in the next year's budget.

2. Tripatore and Uttengherry Taluqs being very sickly and extensive, I think it is necessary to increase the salary of the Inspecting Schoolmaster of that range to Rupees 30.

3. The annexed table shows the four ranges as now proposed with the number of schools in each:—

| Range. | Taluq and Division. | Salary. | Name of School. | | | | Head Quarters. |
|---|---|---|---|---|---|---|---|
| | | | Combined System School. | Result System School. | Unaided School. | Total. | |
| | | Rs. | | | | | |
| Salem ... ... | Salem (*ex* Womalore) and Ahtur. | 30 | 19 | 32 | 8 | 59 | Salem. |
| Trichengode.. | Trichengode and Womalore. | 35 | 11 | 15 | 15 | 41 | Senkerri. |
| Namkul ... | Namkul ... ... ... | 25 | 12 | 21 | 8 | 41 | Namkul. |
| Tripatore ... | Tripatore and Uttengherri. | 30 | 19 | 14 | 10 | 43 | Tripatore. |

4. Provision should also be made for opening the intermediate schools proposed in the scheme submitted for the sanction of the Government.

SUBMITTED for the sanction of Government through the Director of Public Instruction.

2. The Salem Local Board propose to entertain a fourth Inspecting Schoolmaster on 30 Rupees from April 1876. The measure is shown to be very necessary, and the new arrangement of ranges seems judicious.

3. The Deputy Inspector of Schools wants to raise the pay of the Inspecting Schoolmaster employed in the sickly taluqs of Tripatore and Uttengherry, but the Local Board apparently do not support this proposal.
