G. R. RESOLUTION.—By the orders in Financial Resolution, No. 1075, dated 12th July 1872, the absentee pay in England of an officer employed on an establishment paid from Provincial Funds is treated as a charge against the Imperial Revenues. The references submitted by the Chief Commissioner of Oudh, and the Government of Bengal, have given rise to the question whether, when an officer on furlough in England elects to draw his furlough pay in India, his furlough pay is to be debited to the Imperial Government, or to the Provincial Government to which the officer is attached. Strictly in such a case the Provincial Revenues should bear the charge; but it might be difficult in many cases to say which province of two or more in which the officer had served should bear the charge, and there would thus be trouble in adjusting the accounts provincially. On this consideration, and as the amount involved will probably be inconsiderable, the President in Council is pleased to rule that the absentee pay of any officer employed on a Provincial Fund establishment proceeding on furlough to England, if drawn in India, shall, as in the case of absentee pay in England, be treated as a charge of the Imperial Government.

The absentee allowance of an officer of a Provincial Fund establishment who spends his leave in India will continue to be a provincial charge.
