Resolution.—All the Local Governments and Administrations, except the Government of Bengal, having agreed to the proposed retransfer of Public Works Charges connected with the Salt Department from Provincial to Imperial, and no particular reason having been assigned by the Government of Bengal for retaining the charge as Provincial, the Honorable the President in Council is pleased to sanction the proposed retransfer with effect from the beginning of 1875-76, and to direct that the amounts noted in the margin, which were allotted to Bengal and Bombay for the charges in question, be deducted from the assignments made for Provincial Services under these Governments.

2. The allotments which were made to Madras and the Punjab for outlay on salt buildings have already been transferred from the Public Works to the Civil (Salt) Department; and no allotments appear to have been made for expenditure on salt buildings in the other provinces; no reduction is, therefore, necessary in the Provincial assignment to any province but Bengal and Bombay.
