I HAVE the honor, as desired by the Board of Revenue in their Proceedings, Miscellaneous No. 8,826, dated 29th ultimo, to transmit, herewith, a statement giving the details of the town and through traffic registered for the month of June last. It will be seen from this that the annual yield of the town and through traffic, as determined by the results of June last, amounts to Rupees 11,170 and Rupees 3,000 respectively, giving, at a rough calculation, a ratio of 1 to through for every 4 of town traffic. The average receipt of the Municipality from the tolls, which are let on contract, amounts to Rupees 10,000 a-year as shown in the margin, and the proportion of receipt from town and through traffic credited to the municipal funds is thus Rupees 8,000 and Rupees 2,000 respectively.
