To

The Honorable W. Huddleston
Chief Secretary to Government
Marine Department
Fort Saint George

Sir

I have the honor to inform you that I was in hopes of receiving material assistance from the Reception Committee in regard to the illuminations of the Lighthouse and the Pier office, but not having as yet been placed in funds on this account by the Committee, I have no alternative but to apply to Government for special funds for this purpose.

2 I submit herewith an estimate prepared approximately and amounting to (600-13-0) Six hundred Rupees and thirteen annas

Ex Tank 2887 of 1875

arrangements for illuminating the Lighthouse, the Pier office, and the surf, the latter with the view of enabling His Royal Highness the Prince of Wales to witness a race between a few Masulia boats and Catamarans alongside of the Pier. This spectacle will probably be one of the greatest interest connected with the illuminations, and is approved of by the Most Noble the Governor.

2 As great difficulty is experienced in obtaining both labor and materials at this juncture without advances, I respectfully solicit a treasury order for the full amount of the Estimate.

I have the honor to be

Sir

your most Obedt Servant
