Local Funds—Medical.

No. 95. Read the following Proceedings of the Board of Revenue, dated 18th October 1875, No. 2896 :—

Read the following letter from C. T. LONGLEY, Esq., President of the Local Fund Boards, Salem District, to H. E. STOKES, Esq., Acting Secretary to the Board of Revenue, dated 21st September 1875, No. 1,173 :—

1. Estimate for constructing a Dispensary at Yercaud.
2. Specification report.
3. Estimate for constructing godown, &c.
4. Do. for constructing latrines.
5. Resolution.
6. Plan (separate cover).

I HAVE the honor to forward a plan and estimates for constructing a Dispensary and out-offices at Yercaud, and to request that the Board of Revenue will be good enough to pass them at an early date.

2. A copy of the Resolution of the Local Fund Board, dated 20th August last, is enclosed for information.

3. The plan and estimates have been checked by the District Engineer, who has countersigned them.

4. The dispensary is at present located in a small building formerly used as a reading-room, but handed over by the proprietors to the Local Fund Board for use as a dispensary.

5. The situation of the present dispensary is not favorable for dispensary purposes; its close vicinity to the lake makes it damp, and in consequence unsuitable for in-patients, of whom there are more at Yercaud than on the plains; it has long been in contemplation by the Board to erect a new building for the dispensary on a more eligible site, as by this step the in-patients, whose number will also increase, will be better accommodated.

6. The present building was occupied only as a temporary measure until a better building could be provided.

ENCLOSURE No. 1.—Plan.

ENCLOSURES Nos. 2, 3, and 4.—Estimates.

ENCLOSURE No. 5.—Specification Report.

ENCLOSURE No. 6.—Extract from Proceedings of Local Fund Board.

IN G.O., dated 24th August 1875, No. 1,715, certain plans for Local Fund Dispensaries were ordered to lie over pending the preparation of a Standard Plan (G.O., Financial Department, dated 28th August 1875, No. 1,740).

2. Such a plan, designed for buildings in the plains, would probably not suit for the Yercaud Dispensary; and the Board therefore request permission to deal with the estimate now submitted independently of the orders above quoted.

(A true Copy and Extract.)

(Signed) H. E. STOKES,
Acting Secretary.

No. 96. ORDER THEREON, 14th December 1875, No. 2435.

It is not clear from the plan of the proposed Dispensary building to what use the ends of verandahs marked with a query are to be put. There is no entrance to them from the wards. It would be convenient if there was an entrance from the surgery into both the male and female wards. A small separate latrine for females, or a separation in the proposed latrine for the sexes, seems required. Subject to these modifications the plan and estimates are approved, and the Board of Revenue can deal with them without reference to the proposed Standard Plan.
