No. 118. From W. E. WRIGHT, Esq., Superintendent of Stamps and Stationery, to the Hon. W. HUDLESTON, Chief Secretary to Government, Fort St. George, dated Madras, 2nd December 1875, No. 574.

With reference to paragraph 3 of my letter, No. 266, dated 6th July 1875, I have the honor to bring to your notice that no advice has yet been received in this office with regard to the stores indented for in supplemental indent, No. 79, dated 3rd February 1874.

2. As the annual indent for stationery for the next year was prepared subsequent to the submission of this supplemental indent, the quantities indented for therein were calculated with reference to those indented for in it, and which were expected to arrive before the supplies asked for in the annual indent.

3. As this, however, has not proved to be the case, and as there seems to be little probability of the stores arriving in time, I beg to bring the matter to your notice, in order that early measures may be taken to have the stores indented for in supplemental indent, No. 79, sent out from England as early as possible, as, unless they arrive early next year, the supply in hand for the year will fall short of the demand.

No. 119. From Lieutenant-Colonel L. F. C. THOMAS, R.A., Superintendent of Stationery, to Colonel R. CADELL, Inspector-General of Ordnance and Magazines, Fort St. George, dated Fort St. George, 3rd February 1874, No. 692.

I have the honor to forward, for submission through the usual channel, the enclosed supplemental indent, No. 79, in triplicate for stationery articles required from England in 1874-75 to meet special requisitions received after the despatch of the last annual indent for stores from England.

2. The drawing paper and pencils are intended to meet the requisitions from District Engineers in the Public Works Department, should it be determined that these issues are hereafter to be made from this office in reference to my letter, No. 392, of date 22nd November 1873.
