Local Funds—Budget.

No. 129. Read the following Proceedings of the Board of Revenue, dated 22nd November 1875, No. 10,471, (Miscellaneous):—

Read the following letter from Colonel R. M. MACDONALD, Director of Public Instruction, to H. E. STOKES, Esq., Acting Secretary to the Board of Revenue, dated Madras, 10th November 1875, No. 2559.

Adverting to the Budget Estimate of the Local Fund Board, Oossoor Circle, for 1876-77, I have the honor to annex extract from a letter from the Deputy Inspector of Schools for the information of the Board, and to state that in other respects I consider the provision made to be sufficient.

EXTRACT from a letter from the Deputy-Inspector of Schools, Oossoor Circle, to the Inspector of Schools, 4th Division, dated Oossoor, 19th October 1875, No. 1381.

6. As regards the staff of teachers, I feel bound to say a few words regarding the schools at Oossoor, Palcode, and Pennagaram.

7. At Oossoor there are at present three Masters, two for the Telugu and one for the Hindustani Division of the school. The Telugu Division numbers over eighty, and the Hindustani over thirty boys. In the former there are three classes and in the latter two classes this year, and next year there will be one more class added in each division after the examination of the school for result grant is over. I consider therefore that the existing staff of teachers, which is retained for the next year also, is altogether insufficient to manage the school in an efficient manner, and that another Master on Rupees 5 a-month should be entertained for the Telugu Division.

8. As regards the Palcode School, I beg to bring to your notice that there are at present four Masters, and that for the next year the Board unaccountably reduced the number to three. The strength of the school at present is over ninety boys, of whom more than fifty belong to the Hindustani, and about forty to the Tamil Division of the school, and there are three classes in the former and four in the latter. Under the present Head Master the school may be expected to rise in strength, and so the existing staff* of teachers at least is absolutely needed.

* Two on Rupees 6 per mensem.
Two on „ 5 „

9. At Pennagaram there are at present three Masters for sixty boys, and it is desirable that the same staff should be continued. The usual strength of the school is over seventy boys, and it has suffered only a temporary loss on account of the feverish character of the season this year.

10. Under the foregoing circumstances, I beg you will be pleased to move the Director of Public Instruction to urge upon the Board of Revenue and the Government to alter the Budget in accordance with the requirements of each school.

* * * *

12. As regards the amounts of probable result grants, the Board fixed them on the principle that they should not exceed the fixed salaries. In most of the schools the amounts entered appear to me to be sufficient. But in the case of those noted in the margin they should be raised to sums entered against them. If the amount of result grant which a school is to earn is to be restricted to a certain sum, it will prove most injurious in its results, and the value of the combined system will be altogether lost.
