Not to be folded or roughly handled

Jails.

Read the following papers:—

No. 81-A. From Colonel A. S. MOBERLY, R.E., District Engineer, Cuddapah, to Colonel G. W. WALKER, R.E., Chief Engineer, Public Works Department, Fort St. George, dated Goondloor, 18th November 1874, No. 1585.

I have the honor to forward for your sanction the accompanying estimate, plan, and section, with specification, amounting to Rupees 620, for demolishing old drains and constructing new ones in the District Jail at Cuddapah, and to inform you that the Inspector-General of Jails has approved the same.

2. I take this opportunity to inform you that there are no funds at my disposal to meet the same, and to request that funds may be allotted when the estimate is sanctioned.

Referred to the Judicial Department for disposal. It is observed that the necessity for the proposed alterations has not been specified nor the nature of the former arrangement that is to be superseded.

FORT ST. GEORGE,
30th November 1874.

(Signed) G. W. WALKER, Colonel, R.E.,
Secretary to Government, P.W.D.

Referred to the Inspector-General of Jails for report, with reference to the remarks of the Secretary to Government, Public Works Department.

FORT ST. GEORGE,
2nd December 1874.

(Signed) D. F. CARMICHAEL,
Acting Chief Secretary.

No. 81-B. From Major T. E. TENNANT, Inspector-General of Jails, to the Hon. D. F. CARMICHAEL, Acting Chief Secretary to Government, Fort St. George, dated Cocanada, 26th January 1875, No. 15.

In returning the enclosed letter from the District Engineer of Cuddapah, No. 1585, dated 18th November 1874, to the address of the Chief Engineer. with your endorsement thereon, dated 2nd December 1874, I have the honor to report that, on inspecting the District Jail at Cuddapah, I found the drains much out of repair and in many places worn out. On taking the levels, the Superintendent found that in some places the drains were unnecessarily deep, and so badly constructed that it would be necessary to demolish the old drains and construct new ones. As this work was not included in the estimate sanctioned by G.O., 30th March 1874, No. 555, Judicial Department, I requested the District Engineer to prepare the necessary plans and estimates, which were duly countersigned, after making a deduction of Rupees 50 on account of the value of convict labor.

2. When funds are available, it will be desirable to build a new District Jail on another site, but I am in hopes that, if the defects in the drainage are corrected and a few necessary repairs made to the present buildings, the construction of a

new Jail may be deferred for the present. I, therefore, request you will be good enough to obtain the sanction of Government for this outlay of Rupees 620.

3. The amount can be debited to the Convict Labor Fund.

No. 81-C. ORDER THEREON, 5th February 1875, No. 251-A.

The Governor in Council sanctions the estimate for Rupees 620 for drains, &c., in the District Jail at Cuddapah, and directs that, including cost of supervision, *viz.*, Rupees 155, the amount be met from the Convict Labor Fund for 1875-76.

2. The balance of the fund will thus be reduced from Rupees 5,478 to Rupees 4,703.

3. The Inspector-General of Jails will submit a budget estimate, in the form appended to G.O., dated 30th October 1874, No. 1856, including the works sanctioned in G.O., dated 30th December 1874, No. 2175, and 23rd January 1875, No. 118, and in this Order.
