2. The Governor in Council is of opinion that provision may, in future, be made for these works in the Civil Department under "Petty Construction and Repairs," Public Works, Provincial, and directs that an allotment be made accordingly in the Budget for 1875-76.

3. The Agents in Ganjam and Vizagapatam, who will arrange for carrying out the works annually under proper supervision, will submit estimates to Government, in the Financial Department, for inclusion in the General Provincial Budget. The estimates should reach Government in December of each year, as the General Budget is prepared in January of the following year.

4. The estimates should show the actual expenditure incurred for the year antecedent to the current year, the grant for the current year, the actuals for eight months of the year, the regular estimate, and the estimate for the ensuing year.

5. The annual reports of the Agents will give an account of the work done and of the condition of the roads.

made in that Budget annually for upwards of Rs 40000 on account of a number of so-called Roads, which are mere clearances of tracks cut through hilly & jungly Districts in every direction (as illustrated by the tracing of Malcah Roads); chiefly, it would appear to me, for Police purposes. They are not laid out with a view to wheeled traffic, except perhaps the Katinga Road in Sanjaum, & one main line in Jeypore Province has also to be made in the Provincial P.W. Budget for at least Rs 25000 per annum on

account of the new Petty Sheut, now being opened by P.W. Officers on a scientific Face -

The consideration has therefore been forced upon me of the question as to which of all these Roads can legitimately be called Public Works, specified for in the Pub. Wks Budget, and I have come to the conclusion embodied in the draft now submitted under the instructions laid down in the Govt. of India Proceedings of October 1865 - In these instructions laid down that works carried out by civil Officers may be charged as Public

Works, which require pro-
fessional skill; in which
they are assisted by occa-
sional visits of the Engi-
neers; and for which
the plans & specifications
are furnished by the Pub-
lic Works Officer - I pro-
pose therefore to remit
for consideration in the
Financial Dept. ~~whether~~
~~how~~ which of the Roads in
question come under that
category -

It is suggested for considera-
-tion in the Financial
Department whether, in the
spirit of the order of the
Govt. of India recorded
with Financial Depart.
Order Dec. 548 of 29. November
1865, provision should
not rather be made for the
above in the Civil Budget
under "Miscellaneous
Petty Works and Repairs"-
an exception being perhaps
made in the case of the
Kalinga Chaut main-
-tenance allowance, as
that Chaut forms portion
of a main line of commu-
-nication, and it might
be well that the Public
Works officers be held

with Public Works Order

that the improvement of

taken up professionally,
as it can be considered
really practicable for

be such as described
in that letter.

It may be taken into
consideration at the
same time whether the

for Jeypore Roads, may not
in future be provided
as above suggested, viz
