Local Funds—Report.

No. 310. Read the following Proceedings of the Board of Revenue, dated 25th November 1874, No. 3,403 :—

Read letter from the President of the Local Fund Board, Trichinopoly Circle, dated 1st September 1874, No. 46.

THE Local Fund Report of the Trichinopoly Circle for 1873-74, received with the foregoing letter, is submitted to Government.

2. RECEIPTS.—The assets amounted to Rupees 2,33,062, made up of an opening balance of Rupees 39,950, and the actual receipts Rupees 1,93,112. These figures agree with those of the Accountant-General.

3. The following statement shows the bare actual receipts of the year as compared with those of 1872-73 :—

	2,01,124	1,93,112	16,196	24,208
Net decrease...	...	...	8,012	

4. It is observed that the total receipts of 1873-74 were Rupees 8,012 less than those of the previous year.

5. The increase in the Provincial Grant for roads was due to the contribution of Rupees 6,750 from Provincial Funds towards the repairing of the Trunk Road from Trichinopoly to Madura, sanctioned in G. O., Financial Department, dated 18th June 1873, No. 852.

6. The Road and Land-cess receipts show a decrease of Rupees 18,802 compared with the collections of the previous year when large arrears were realised. Compared with the estimate of the year, which was more correctly framed than previous estimates, there was a falling off of Rupees 10,310, which is explained to have been due to the non-collection of Rupees 6,110 from the Zemindaries in the Kulitalli Taluq and to arrears outstanding in all the taluqs. The season towards the end of the year was unfavorable.

7. Fees in Travellers' Bungalows decreased, because they were used by a smaller number of travellers.

8. Expenditure, Grant I., Public Works.—The allotments sanctioned for public works according to the Registers maintained in this office were—

New Works.	Rs.	
Communications by P. W. Department	67,363

The President makes the allotment Rupees 1,56,193, or Rupees 1,063 less. The allotments under some of the heads given above also differ, because the transfers of funds authorized from one Agency to the other have not been attended to. The President is requested to state if any register is kept in his office for each year, showing the allotments as appearing in the printed Budget and the subsequent sanctions. If a register is kept up he will be good enough to furnish a copy thereof, showing the particulars of the allotments as given in his report and state if they are correct.

10. The expenditure as given by the Controller, which is only Rupees 40 less than that shown by the President and Accountant-General, is 80·34 per cent. on the total sanctioned allotment. This result is better than in the previous year when only 70·87 per cent. of the allotment was expended ; but, as remarked by the President, further improvement is still to be looked for, especially as regards new works.

11. The charges on account of Establishments were as follow :—

14. There were 151⅞ miles of metalled and 348½ miles of unmetalled roads, or 500⅜ miles of roads in all kept up in the Circle. Of these 470⅞ miles were maintained in good order at an average cost per mile on the metalled roads of Rupees 241, and on the unmetalled roads of Rupees 108 ; 10¾ miles of new road were completed and 2½ were in progress. Two wells on Perambalore and Arealore roads were constructed, and avenues were planted. The tank attached to the Shadikan Chuttrum and the Travellers' Bungalow at Kulpatti were repaired.

5. Metalling road from Trichinopoly to Madura	9,309
6. Do. do. from do. to Dindigul	3,912
7. Re-metalling Allitorei road	3,099

16. As provided for in the Budget Rupees 200 were paid to Srirangam Municipality for the maintenance of roads lying within Municipal limits, which had previously been maintained from Local Funds.

17. The expenditure under Grant I. amounted to Rupees 1,69,890.

18. Grant II., Education.—The Educational Inspecting staff consisted, as in the previous year, of one Deputy Inspector and two Inspecting Schoolmasters and cost Rupees 2,116, of which Rupees 240 were recovered from the Trichinopoly and Srirangam Municipalities in the proportion of Rupees 170 from the former, and Rupees 70 from the latter. As in the previous year the Deputy Inspector had charge of one (the principal) of the three ranges into which the Circle was divided in addition to his ordinary duties, and the other two ranges had each an Inspecting Schoolmaster. Altogether 172 schools were inspected, of which 110 were Aided Schools, (6 Salary Grant and 104 Results Grant Schools). There was no increase on the whole with regard to the number of the Aided Schools, but the number of the pupils was greater than in the previous year by 152. Of the Aided Schools 21 were under Mission management and presented 380 pupils for examination, and the remaining 89 under Native management presented 2,104 pupils. The Salary Grant Schools had 78 pupils and were paid Rupees 469. Results grants, amounting to Rupees 1,907, were paid, but of this Rupees 770 were for grants earned in 1872-73.

19. There were no Local Fund Schools established in the Circle. In their Order, dated 19th May 1874, No. 864, the Government declined to sanction a scheme of Local Fund Schools and the subject is under the consideration of the Local Fund Board.

Memo in reply to letter
G.O. The Governor

It has not hitherto been the practice to review these reports in detail.- In G.O. 2/21st August 1873 No 1183 it was stated that the Board of Revenue should review each report, and that a copy should be submitted for the information of Govt

When the first review came in a short draft order was circulated with the remark "as the "local reports has been re- "viewed in detail by the Bd of "Revenue this is has not been "thought necessary to do so in "the draft G.O. also" The draft having been passed in that case without remark a similar course has been adopted with all subsequent reports which are always circulated in print.
