Municipal Reports.

No. 75. Read the following letter from J. H. GARSTIN, Esq., President of the Municipal Commission, Cuddalore, to the Hon. D. F. CARMICHAEL, Acting Chief Secretary to Government, Fort St. George, dated Cuddalore, 22nd October 1874, No. 198:—

I have the honor to submit, herewith, the Budget of the Cuddalore Municipality, for the year 1875-76.

2. *Receipts.*—The opening balance of the year is taken at Rupees 3,500. This requires a little explanation. In the current year's Budget of receipts two errors were made—

1st.—A sum of Rupees 1,170, the interest on the funded endowment of the Munjacoopum Dispensary, was, by an oversight in the Treasury, not credited to the Municipality during 1873-74, so that two years' interest ought to have been taken credit for in the current year's Budget, but only one was so credited.

2nd.—A sum of Rupees 1,500, which was transferred in 1873-74 to the Municipality from famine subscriptions, was wrongly credited again as a receipt of the current year. Thus the total receipts of the current year should have been 1,500 — 1,170 = 330 Rupees less than entered, and as the closing balances altogether only amounted to Rupees 198, the expenditure as budgetted exceeded the receipts by 132 Rupees. The sale of the tolls-farm, however, realized Rupees 1,950 more than was estimated, thus leaving Rupees 1,620 (after adjusting the Budget deficit and balances of 132 and 198 Rupees, respectively,) as a probable balance at the end of the year, which added to an estimated balance of endowment funds of Rupees 180, and to an estimated collection of Rupees 1,700 of arrears, in excess of the 1,000 Rupees entered in the current year's Budget, makes up a total of Rupees 3,500 as shown below:—

	RS.
From higher rent of Toll Farm	1,950
„ Endowment balance	180
„ Additional collection of arrears	1,700
Total ...	3,830
Deduct required to adjust current year's Budget	330
	3,500

2. The receipts from Rates and Taxes are estimated at Rupees 22,850, being Rupees 900 in excess of those of the current year. This is because the tolls-farm is estimated to bring in Rupees 11,000 instead of Rupees 10,000 as budgetted for the current year. No receipts from the sale of medicines are estimated for, because the Commissioners have determined to issue them gratuitously. As all in-patients and out-patients who go to the dispensary for their medicines have always had them free of charge, the change is not expected to throw any heavy charge on the dispensary funds. The contributions from Local Funds towards the roads and schools in the Municipality have been discontinued in accordance with the suggestions made by the Government and Board of Revenue in their Proceedings, dated the 1st October 1873, No. 1404, and 1st September 1874, No. 6016, respectively

Proceedings of the Madras Government, Financial Department,
12th January 1875.

The Miscellaneous receipts will be decreased by Rupees 1,500 because no more famine subscriptions remain available for transfer.

3. EXPENDITURE—*Grant I.*—No allotment is made for new communications owing to a paucity of funds.

Under Educational, Rupees 1,000 is entered for the commencement of a large school-house of simple design in Old Town, capable of containing from 200 to 300 scholars to be taught by salaried teachers, thus combining the greater number of the existing results-grants schools in the town into one on the salary-grant system, in accordance with the principles of development of elementary education already enunciated by the Commissioners. A sum of Rupees 500 has been entered for erecting fifty wooden lamp-posts and lanterns.

Repairs.—A sum of Rupees 3,500 is entered for repairing roads. The road establishment is to be remodelled; an Overseer on Rupees 50 a month being entertained in lieu of the two present Maistries on Rupees 20 and 12. As the addition of Rupees 15 lately made to the Manager's salary to remunerate him for supervising the works in the Municipality is also to be withdrawn and transferred to the pay of the overseer, the new arrangement will only cost Rupees 3 a month more than the old one, and will probably be much more satisfactory. A sum of Rupees 2,000 has been entered for repairing the two dispensaries at Munjacoopum and Old Town. For the latter institution a building is about to be bought if the proprietor will come to terms.

Grant II., Education.—No provision is made for Municipal Schools or for salary grants, as the caste girls' school has been transferred to the charge of the Educational Department, who also defray the salary grants formerly paid by the Commissioners. A sum of Rupees 1,300 for results grants, or nearly 50 per cent. over the allotment of the current year, is allotted, and Rupees 120 for contribution to inspectorate salary.

Grant III., Sanitation and Medical Services.—The pay of some of the dispensary servants has been slightly raised recently, thus necessitating an increase in the allotment under that head. The total of the major head allotment for the current year was Rupees 6,318, and is Rupees 6,540 for 1875-76. The allotment for vaccination is increased from Rupees 240 to Rupees 840 owing to the introduction of the results-grant system on the same principle as proposed to be introduced by the Local Fund Board into the Cuddalore Taluq, viz., a salary of Rupees 5, supplemented by a results grant of 3 Annas for every successful case—2 Annas to go to the vaccinator and the other Anna between the patient and the Village Munsif. The allotment for registration calls for no remarks, nor does that for conservancy, which is Rupees 7,140 against Rupees 7,178 in the current year's Budget.

Grant IV., Miscellaneous.—The total allotment for lighting is Rupees 2,140 against Rupees 1,452 in the current year's Budget. The increase is necessitated by the increased number of lamps proposed to be put up next year. The other items under this head call for no remark.

Grant V.—The decrease in the cost of Establishment is due to the transfer of Rupees 15 a month from the salary of the Manager to that of Road establishment as explained above.

The other items remain as before and call for no remark.

Proceedings of the Madras Government, Financial Department,
12th January 1875.

No. 76. ORDER THEREON, 12th January 1875, No. 47.

The Budget Estimates of the Cuddalore Municipality submitted with the above letter for 1875-76 are compared below with those for the current year:—

			Travellers' Bungalows ...	200	200
			Other Items	200	50
			Grant V.—		
			Supervision	3,094	2,910
			Balance	198	1,440
Total ...	32,368	31,860	Total ...	32,368	31,860

2. The opening balance appears to have been estimated fairly approximately, but the process by which it was arrived at, as explained in paragraph 1 of the President's letter, is by no means clear or strictly correct. The calculation should have been as noted in the margin. The estimated balance of Rupees 180 of Endowment Funds, referred to by the President, should have been explained.

3. The Receipts of the Municipality are estimated at Rupees 28,360, against Rupees 30,238 of the current year. The decrease is mainly in the "Endowment Receipts," Local Fund Contributions and Miscellaneous, and is explained to be owing, respectively, to the proposal to issue medicines free of charge to all patients having recourse to the dispensary, to the withdrawal of the Local Fund contribution on account of roads,

in accordance with G.O., dated 1st October 1873, No. 1404, and to the contributions from the Famine Relief Fund having ceased. The Government do not approve of the proposal to place no restriction on the issue of medicines free of charge. The tolls have been correctly estimated to yield Rupees 1,000 more than was put down for the current year.

4. The expenditure is estimated at Rupees 30,420, against Rupees 32,170 proposed for the current year. The decrease is chiefly in New Works, Communications, and Sanitary and Miscellaneous. A provision of Rupees 2,000 having been made in the current year's Budget for the erection of a dispensary at the Old Town, the Government do not quite understand the proposal in the present Budget to expend Rupees 1,000 on repairing the old building. The President should explain.

5. The sum of Rupees 500 proposed to be laid out in the purchase of lamp-posts should not be shown under Grant I. as an item of Public Works. Its proper place is Grant IV. Lighting. The only new work, therefore, proposed to be undertaken during the year is the commencement of a large school-house of simple design in Old Town capable of containing from 200 to 300 scholars, with the object of combining the greater numbers of the result-grant schools into one on the salary-grant system. It is stated that this proposal is in accordance with the principles enunciated by the Commissioners in regard to the development of elementary education in the letter recorded in G.O., 7th November 1874, No. 1902. A reference to that letter shows that the Commissioners only proposed to continue the results-grant system supplementing it by degrees by the mixed result and salary-grant system when the schools are sufficiently established to warrant such a step. The President will, therefore, explain how the present proposal to erect a large school-house is connected with the plan of operations sketched in the letter referred to. Further, the increased allotment for result grants provided for under Grant II. do not seem to be consistent with the new proposal.

6. The decrease in the allotment for Education under Grant II. is due to the transfer of the cost of the caste girls' school to Provincial Funds.

7. The increased provision under Vaccination is ascribed to the system of result payments proposed to be introduced after the plan adopted by the Local Fund Board. The Government approve of the changes in the establishment proposed by the Commissioners.

8. It is observed that the allotment of Rupees 2,000 for the repair of the hospital is not shown in column 10 of Statement I-A. The charges for killing dogs and for the Time-gun will appear more properly under Grant IV. than under Grant III., Conservancy.

Municipal Commissioners Office

Cuddalore 22^d October 1874.

From

J. H. Garstin Esquire;

President of the Municipal
Commission. Cuddalore.

To

The Honorable D. F. Carmichael

Acting Chief Secretary to
Government.

St. George.

Sir.

I have the honor to submit here
with the Budget of the Cuddalore
Municipality for the year 1875-76.

2. Receipts. The opening balance of
the year is taken at 3500 Rs. This requires
a little explanation. In the current year's
Budget of receipts errors were made.

1st a sum of 1170 Rs. the interest on the
funded endowment of the Munjaevopann
Dispensary was by an oversight in the
Treasury not credited to the Municipality

during

Boht. of 1875; 3740000

FINANCIAL.

Encl.

G.O., 12th January 1875, No. 47.

JANUARY.

Nos. 75-76.

Cuddalore Municipality. - The Budget Estimates
of this Municipality for 1875-76, reviewed.

During 1873-74, so that 2 years interest ought to have been taken credit for in the current year's Budget, but only one was so credited. 2. A sum of Rupees 1500 which was transferred in 1873-74 to the Municipality from Famine subscriptions was wrongly credited again as a receipt of the current year. Thus the total ^{receipts} of the current year should have been 1500 + 170 = 330 Rs. less than entered, and as the closing balances altogether only amounted to Rs. 198 the expenditure as budgetted exceeded the receipts by 132 Rupees.

The sale of the Pollo-farm however realized 1950 Rupees more than was estimated - thus leaving 1620 Rupees (after adjusting the budget deficit and balances of 132 and 198 Rs. respectively) as a probable balance at the end of the year which was added to an estimated balance of endowment funds of Rs. 180 and to an estimated collection of 1700 Rs. of arrears, in excess of the 1000 Rs. entered in the current year's Budget, makes up a

total of Rupees 3500 as shown below.

From higher rent of Pollo Farm - 1950.

— " — Endowment balance — 180

— " — Additional collection of:

arrears — 1700.

3830

Deduct required to adjust

current year's Budget — 330

Rupees 3500.

2. The Receipts from Rates and Taxes are estimated at 22,850. being 900 Rupees in excess of those of the current year. This is because the Pollo Farm is estimated to bring in 11,000 Rupees instead of Rs. 10,000 as budgetted for the current year. No receipts from the sales of medicines are estimated for because the Commissioners have determined to issue them gratuitously. As all inpatients, and outpatients who go to the Dispensary for their medicines, have always had them free of charge, the change is not

expected to ~~now~~ any heavy charge on the Dispensary funds. The contributions from Local Funds towards the roads and schools in the Municipality have been discontinued in accordance with the suggestions made by the Government and Board of Revenue in their Proceedings dated the 1st October 1873 No 1404, and 1st September 1874 No 6015, respectively. The Miscellaneous receipts will be decreased 1500 Rupees because no more Famine Subscriptions remain available to transfer

3. Expenditure. Grant I. No allotment is made for new Communications owing to a paucity of funds.

Under Educational 1000 Rupees is entered for the commencement of a large school house ~~in old Town~~ of simple design, in the capable of containing from 200 to 300 scholars to be taught by salaried teachers. Thus combining the greater number of the existing results grants school's

11
schools in the Town into one on the salary grant system, in accordance with the principles of development of elementary education already enunciated by the Commissioners. A sum of Rupees 500 has been entered for erecting 50 wooden lamp posts and lanterns.

Repairs. A sum of 3500 Rupees is entered for repairing roads. The road establishment is to be remodelled; an Overseer on 50 Rupees a month being entertained in lieu of the 2 present Maistries on 20 and 12. - As the addition of 15 Rupees lately made to the Manager's salary to remunerate him for supervising the works in the Municipality is also to be withdrawn and transferred to the pay of the Overseer, the new arrangement will only cost 3 Rupees a month more than the old one and will probably be much more satisfactory. A sum of Rs. 2000 has been entered for repairing the 2 Dispensaries at Chumja Coopum and old Town. For the latter Institution a building is about to be bought if the

proprietor will come to terms.

Grant II Education. No provision is made for Municipal schools or for salary grants as the Caste girls school has been transferred to the charge of the Educational Department who also defray the salary grants formerly paid by the Commissioners. A sum of Rupees 1300 for results grants or nearly 50 per cent over the allotment of the current year, is allotted and 120 for contribution to Inspector's salary.

Grant III. ^{Sanitation & medical services.} The pay of some of the Dispensary servants has been slightly raised recently thus necessitating an increase in the allotment under that head.

The total of the major head allotment for the current year was 63184 is 6540 Rs for 1876-76.

The allotment for vaccination is increased from 240 to 840. owing to the introduction of the results grant system on the same principle as proposed to be introduced by the Local Fund Board into the Cuddalore

Valug

Valug, viz: a salary of 5 Rupees supplemented by a results grant of 3 annas for every successful case, 2 annas to go to the vaccinator and the other anna between the patient and the village choonsiff. The allotment for Registration calls for no remarks - nor does that for conservancy which is Rs. 7140 against Rs. 7178 in the current year's Budget.

Grant IV. Miscellaneous. The total allotment for lighting is 2140 against 1452 in the current year's Budget. The increase is necessitated by the increased number of lamps proposed to be put up next year. The other items under this head call for no remark.

Grant V. The decrease in the cost of establishment is due to the transfer of 15 Rupees a month from the salary of the Manager to that of Road establishment as explained above.

The other items remain as before and call for no remark.

I have the honor to be

[illegible]

The Receipts of the Municipality are estimated at Rupees 28360 against Rs. 30238 of the current year. The decrease is mainly in the "Endowment receipts," Local Fund Contributions and Miscellaneous and is explained to be owing, respectively, to the proposal to issue medicines free of charge to all patients having recourse to the

Dispensary

[illegible][illegible][illegible][illegible]

Containing from 200 to
300 scholars with the object
of combining the greater
numbers of the Result grant
schools into one on the
Salary grant system. It
is stated that this proposal
is in accordance with the
principles enunciated by
the Commissioners in regard
to the development of
elementary education in
the letter recorded in G. O.
7th November 1874 No. 1902.

A reference to that letter
shows that the Commission-
ers only proposed to continue
the Result grant system
supplementing it by degrees
by the mixed result and
Salary Grant system
when the schools are
sufficiently established
to

3
to warrant such a step.
The President will there-
fore explain how the
present proposal to erect
a large school house
is connected with the
plan of operations sketched
in the letter referred to.
Further the increased
allotment for Result
grants provided for
under Grant II do not
seem to be consistent with
the new proposal.

The decrease in the
allotment for Education
under Grant II is due to
the transfer of the cost
of the caste girls school
to Provincial Funds.

The increased provision
under vaccination is as-
cribed to the system of
result

result payments proposed
to be introduced after
the plan adopted by the
Local Fund Board. The
Government approve
of the changes in the
establishment proposed
by the Commissioners.

It is observed that the
allotment of Rs. 2000 for
the repair of the Hospital
is not shown in column 10 of
Statement I A. The
Charges for killing dogs
and for the Time gun will
appear more properly
under Grant IV than under
Grant III Conservancy.

Cuddalore Municipal
 Budget for 1875-76.

20.8

Govt. of 1873 Madras.

To
 No 662.

For
 Disposal of

Dated 12th 1873
 Recd. 1873 No. 47

Nos. 75-6

Cuddalore Municipality - Mr. M. M. M.
 Secy of the Municipality for 1875-6
 Cuddalore

Note with reference to remarks
 of the Hon. Mr. Robinson

The following para occurs in
 the order about the recently
 passed and now in the press.

"As the budgets for 1875-76 have
 already been submitted the Govt.
 will ~~not~~ wish to insist upon
 effect being given to this order
 in the ensuing year. but
 all arrangements should be
 completed before the budgets for
 1876-77 have fall due."
