Municipal—Budget.

No. 30. Read the following letter from H. S. THOMAS, Esq., President of the Municipal Commission, Tanjore, to the Hon. D. F. CARMICHAEL, Acting Chief Secretary to Government, Fort St. George, dated Tanjore, 1st February 1875, No. 14 :—

I have the honor to submit the Budget Estimate of receipts and disbursements of the Tanjore Municipality for the year 1875-76, according to the forms prescribed in G.O., dated 28th October 1871, No. 1646.

2. The necessary explanations have been given in the accompanying copy of the Vice-President's letter, dated 18th December 1874, No. 287.

From K. GOVINDA ROW, Vice-President, to H. S. THOMAS, Esq., President of the Municipal Commission, Tanjore, dated Tanjore, 18th December 1871, No. 287.

With reference to paragraph 4 of the G.O., No. 1646, dated 28th October 1871, I have the honor to submit herewith, in the prescribed forms, Budget Estimate for the year 1875-76 as passed by the Commissioners at their special meeting held on the 8th instant, together with a list of persons now on the Commission.

2. The Commissioners have reduced the estimated income from Tolls to Rupees 16,000, great difficulty having been experienced this year in securing Rupees 17,000 as estimated, owing to the want of competition at the time of sale. Moreover, the present contractor often complains that he has sustained a great loss already. Hence the decrease of Rupees 1,000 in the estimate.

3. The Commissioners have determined to maintain the existing two Municipal Dispensaries, and to secure for them the services of two 2nd-class Hospital Assistants. The establishment charges and contingencies have also been increased according to the suggestion of the Zillah Surgeon and Commissioner Dr. Houston. Hence the increase of Rupees 940 in the estimated expenditure under the head " Hospital and Dispensaries " over the present year's estimate.

4. The estimated expenditure under the head of Registration of Births and Deaths is Rupees 60 more than that for the current year. This is on account of the increase of pay which the Commissioners desire to give to the Registrar in consideration of his heavy and tedious work.

5. It has been found necessary this year to employ an Assistant Nuisance Inspector for the Karuttutangudi Division on Rupees 12 a-month ; this sum being met from the pay of scavengers and Toties stopped on account of their absence from work. Due provision is therefore made for the next year for this additional Inspector under the conservancy establishment.

6. The estimated cost of the Office Establishment is Rupees 3,030 against Rupees 2,620 provided in the current year's Budget. This increase of Rupees 410 is mainly due to the provision made as desired in your letter, No. 219, dated 25th November 1874, for the pay of two clerks to be entertained in your office and in the Treasury for the transaction of Municipal business and to the allotment made for the temporary establishment, and also to a small addition made to the Bill Collector's pay.

2. The opening balance is estimated at Rupees 4,000; while the estimates of the current year show no closing balance. It is presumed that the present estimate is due to the large balance which remained unutilized at the close of 1873-74.

3. The decrease in the estimated receipts is owing to its being believed that so large a sum will not again be realized by the sale of the right of collecting tolls.

4. The allotment for New Works is less than that made in the current year, but provision is made for some important works; such as, the construction of a good-water Conduit and the completion of the Clock Tower.

5. The proposed expenditure on Education is Rupees 200 less than the sum allotted for the purpose in the current year's Budget, but an increase of Rupees 140 appears in the allotment for Conservancy.

6. The slight increases to the Establishments on account of Hospitals, Registration of Births and Deaths, Conservancy and General Supervision are approved and sanctioned.

want of Competition at the time of sale. Moreover the present contractor of the Complains that he has sustained a great lop already. Hence the decrease of Rs 1000 in the Estimate.

3. The Commissioners have determined to maintain the Existing two municipal Dispensaries and to secure for them the services of two 2d class Hospital Assistants. The Establishment Charges and Contingencies have also been increased according to the suggestion of the Local Surgeon and Commissioner Dr. Houston. Hence the increase of Rs 940 in the Estimated Expenditure under the head "Hospital and Dispensaries" over the present year's Estimate.

4. The Estimated Expenditure under the head of Registration of Births and Deaths is Rs 60 more than that for the current year. This

is on account of the increase of pay which the Commissioners desire to give to the Registrar in consideration of his heavy and tedious work.

5 It has been found necessary this year to employ an Assistant Nuisance Inspector for the Karuttangudi Division on Rs 12 a month, this sum being met from the pay of Scavengers and Sweepers stopped on account of their absence from work. Due provision is therefore made for the next year for this additional Inspector under the Conservancy Establishment.

6. The Estimated cost of the office Establishment is Rs 3030 against Rs 2620 provided in the Current year's Budget. This increase of Rs 410 is mainly due to the provision made as desired by

in your letter No 219 dated 28th November 1874 for the pay of two Clerks to be Entertained in your office and in the Treasury for the transaction of Municipal business and to the allotment made for the temporary Establish ment and also to a small addi. tion made to the Bill Collector's pay.

Other items		450
Grant V.		
Office	2970.	3030.
Miscellaneous		350
	42300	41400

The opening balance is estimated at Rs 4000; while the Estimates of the Current year shew no closing balance. It is presumed that the present Estimate is due to the large balance which remained unutilized at the close of 1873-74.

The decrease in the Estimated Receipts is owing to its being believed that so large a sum will not again be realized by the sale of the right of collecting tolls.

The allotment for new Works is less than that made in the Current year but provision is made for some important works such as the Construction of a good water Conduit and the Completion of the Clock Tower.

The proposed Expenditure on Education is Rs 200 less than the sum allotted for the purpose in the Current year's budget, but an increase of Rs 140 appears in the allotment for Conservancy.

The slight increases to the Establishments on account of Hospitals, Registration of Births and Deaths, Conservancy and General Supervision are approved and sanctioned.

Abt one - third of Rs Lakhs!!
