Local Fund—Choultries.

No. 34. Read the following Proceedings of the Board of Revenue, dated 17th February 1875, No. 380:—

Read the following letters:—

From G. VANSAGNEW, Esq., President of the Local Fund Board, Nellore, to J. GROSE, Esq., Secretary to the Board of Revenue, dated 14th November 1874, No. 1,347.

WITH reference to resolution, No. 279, passed in June last by the Local Fund Board, sanctioning the construction of certain Choultries and Musaferkhanas at the places particularized therein, the District Engineer, on my requisition, forwarded with his letter of the 23rd ultimo, No. 75, plans and estimates for the construction of Choultries and Musaferkhanas at Nellorepalem, Chimakurti, and near the foot of the Vemulapad Pass.

2. At the last Local Fund Meeting the Board sanctioned* the following estimates:—

* Resolution No. 279 (copy subjoined).

				Rs.
For	a Second-class	Choultry at	Nellorepalem	8,360
Do.	do.	Musaferkhana at	do.	1,080
Do.	do.	Choultry at	Chimakurti	9,400
Do.	do.	do.	at Vemulapad	10,040

3. These estimates, with their plans, I have the honor to submit for sanction. The other two estimates received have been returned to the District Engineer for the reasons pointed out in the resolution.

4. The aggregate cost of the buildings proposed is Rupees 28,880. Due provision for an allotment from General Funds during the ensuing year will be made for these works in the supplemental budget to be submitted in May next. The District Engineer calculates upon being able to spend during the year only half the estimated cost.

5. Mr. R. Smith states: "The accompanying estimates seem high, but the sums solicited are not more than sufficient to pay for the style of work contemplated or for really permanent structures."

6. Nellorepalem is on the road to Cuddapah, and the other two places between Ongole and Cumbum. These routes are bleak to a degree, and choultry accommodation is entirely wanting though most needed.
