The Dispensary and the Conservancy charges are also reduced. Expenditure for Vaccination is enlarged, as it is intended to employ a permanent vaccinator as the town is thickly peopled. The other items call for no remarks.

~~Enclosure~~

While the draft order
on the Rajahmundry budget
was in circulation a
separate letter from the
Board containing proposals
for the increase of taxation
was disposed of in G.O.
D/15 7 1/2 dt 6 & 2 333 ~~with~~
which sanctions an in-
crease to the rate of toll
and the re-introduction of
the professional tax with
the exception of the 6 1/2
and 9th classes.

This threefold pro-

proposed that the draft G.O. on the budget may be cancelled and the following short order issued.

"The proposals contained in the budget submitted with the Resolution of 15th Oct. 1874 No 1 am sanctioned, subject to the submission of a supplemental budget for the utilization of the additional funds made available under the operation of G.O. of 15th Feb. 1875 No 333"

+ Municipal R. 2202
Endorsement - 709.

The actual receipts of the Rajahmundry Municipality in 1873/4 were Rupees 19.912 - of which Rs 3299 were the balance of the previous year and Rs 1600 were derived from the Profession Tax. The actual Expenditure of the year was Rs 17.001. or Rs 2911 below the income. 1874/5

The current year thus began with a balance of Rs 2911 and the estimated receipts were Rs 13480. the total income thus being Rs 16391. The cand

of the Municipalities in the current year was the abolition of the Professional Tax.

The estimated Expenditure was Rs 13859 - or Rs 2233. less -

The ensuing year 1875/6. was then expected to show with a Balance of Rs 2233. - it appears however from the estimates now submitted that there is no likelihood of any Balance remaining at the end of the year. The Municipal Comrs. purpose to raise the House Tax from 5 to 6¼ per cent. and in the the addition was then made to the estimate the income at Rs 13.250. The expenditure is estimated at the same sum - and provides for no Balance. The Comrs have made large reductions in the Expenditure on Works and Sanitation - but nevertheless are unable to make any provision at all for Education. This entire neglect of our

of the most im
portant heads of
the last cannot of
course be subtracted
but in that and
distrual taxation
it seem impossible
to allot funds to
Education.
The marginal
abstract shews the
receipts & expenditure
of the last two years
& the ensuing year
and I see no pro-
-bability of the former
increasing or of the
latter diminishing.
I would sanction the
increase of the Income
Tax to 6½ per cent,
as suggested by the
Com^rs and hope to obtain
thereby a further valuation

Accountt. General. 13/3 6
Pres'd. L. F. Bd. Godavery Dist. 6

It is observed that the absence of any opening balance for 1875-76. has caused a very considerable decrease in the estimated receipts for that year as compared with those for the current year. The proposal to raise the rate on houses from 5 to 6¼ per cent is approved, though it is observed that the increase is expected to do little more than take the place of a revised valuation which it was intended to introduce in the current year, but which appears to have been abandoned.

The whole of the estimated receipts have been

been allotted to the various purposes of the Act with the exception of Education for which no provision is made, on the ground that no funds are available. The Govt cannot allow so important an object as education to be wholly neglected, and resolve to direct that Rs 500 be diverted to that purpose from the assignment for lighting which will still have Rs 255 more than the actual expenditure on that object in 1873-74.

Details should have been given in Statement II A of the allotment of Rs 816 under Repairs, Sanitary and Miscellaneous.

a Supplemental Indent will be required in the event of the sanction of fair prices accorded to any item contained in the Bridge Estimate submitted in the Bridge Letter dated 16th Jan 1875 No 3.

Sir,

Last year Serious embarrassment caused in Cocanada by the Death in consequence of the Suspension of the Professional Bridge forced on more addition of the Rates a Town Library in that Town - Learned & Opposed the measure & advocated the removal of the Bridge - both work and Rates of the Same Death incapable of the Same cause - The from the Same cause - The remedy - legal economical is & Resort to the duly provided & sound form of taxation - that i.e. abegance - sooner or later this will have to be done every Item & depreciation must be Raising the House tax until the Octroi is brought up to the Same level

In 1873-4 the Road the Professional Tax: and the Octroi produced Rs 2612 less income - but had a balance of Rs 2612 -

I should be known as admitted by the practice of European Municipalities as very much better than the Professional Tax, which is an Income Tax better graded to daily exaggerated
