Proceedings of the Madras Government, Financial Department,
5th March 1875.

Local Funds—Establishment.

No. 62. Read the following Proceedings of the Board of Revenue, dated 13th February 1875, No. 1138 (Miscellaneous):—

Read Proceedings of the Madras Government, Financial Department, dated 19th January 1875, No. 82, requesting the Board of Revenue to submit, after consulting with the Local Fund and Municipal Boards, a report on the expediency of entertaining a separate Engineering establishment to work under their control.

Before calling upon all Local Boards and Municipalities for their views, the Board resolve respectfully to request that the question may be more definitely stated. The Board think that the reports will be more valuable and be more likely to lead to practical result if Government will say whether they mean an entirely new and separate Engineering establishment to be entertained in addition to and not to be supervised by District Engineers or other officers of the present establishment, or whether they contemplate merely placing a portion of the existing establishment more directly under the orders of Local Boards and Municipality.

establishment should take in the event of its entertainment being eventually decided on. It may be stated however, that the words "Separate Local Engineering Establishments to work under the control of Local Funds Municipalities" were meant to refer to Local establishments which would work entirely independent of any supervision or control on the part of the District Engineer or other Officer of the General Public Works Establishment of the Presidency.

Board of Revenue. 10 Sept 1873

I did not understand the Board's Resg. in Board's Proc. all works above a certain value are under control of the Superintending Engineer. District
