Local Funds—Roads.

No. 187. Read the following Proceedings of the Board of Revenue, dated 13th March 1875, No. 616:—

Read letter from the President of the Local Fund Boards, Nellore, dated 10th February 1875, No. 140, requesting early sanction to his letter, No. 1347, and stating that the District Engineer will be authorized to spend, during the current official year, Rupees 2,500 on the Choultries at Chimakurti and Vemulapad Pass from the sum of Rupees 6,000 which he cannot utilize this year for the Gudur and Venkatareddipalla Choultries.

Read also letter from the same Officer, dated 17th February 1875, No. 229, submitting a statement of works on which additional allotments are urgently required in the current year, as well as a statement of savings and balances available, and requesting that a transfer of Rupees 13,731 from General Funds may be made to Road Funds.

With the second letter read above, the President of the Local Fund Board, Nellore, submits application from the District Engineer for allotments as follows:—

		Rs.
	Road Fund.	
1.	Excess on Estimates	1,246
2.	Clearing jungle on a proposed road	100
		1,346
3.	Emergent repairs to roads required owing to heavy floods ...	12,385
		13,731
	General Fund.	
4.	Excess on Estimates	1,765
5.	New Choultries	4,200
6.	Petty repairs	393
		6,358
	Total...	20,089

2. It is proposed to meet these demands as follows:—

Savings, Road Fund		3,000
Do. General Fund		8,500
Balance do.		5,000
Transfer do. allotment for wells		3,589
	Total...	20,089

The proposals thus involve a transfer from General to Road Fund of Rupees 10,731, the amount by which the proposed Road Fund allotments exceed the Road Fund savings. The Road Fund balance at the present time is reported to be Rupees 43 only.

3. On the understanding that the supplemental estimates promised will be submitted without delay for the sanction of the Local Fund Board, the Board sanction the following transfers:—

	Rs.
From the allotment, Rupees 10,000 for the road from Koppolu to Biramgunta, Item 6, Statement II.-A., 1874-75	1,316
To—	
Road from Oolupalem to Vemulapad Pass 849	
Constructing certain masonry works and metalling a portion of Great Northern Trunk Road 386	
Road from Kaligiri to Udayagiri 11	
Clearing jungle from Gilakapad to Rapur 100	
	1,346

4. The third item entered above, paragraph 1, is composed as shown in the margin. It appears from the accounts before the Board that up to December 1874 there had been expended on the first Rupees 3,129, and on the second Rupees 3,192, total Rupees 6,321. This amount has, therefore, been already met from the Road Fund, and has gone to reduce the balance to Rupees 43 as above stated; and what is now wanted is that the Controller should be authorized to pass the expenditure by the assignment of a formal allotment which the Board are doubtless warranted at this period of the year in making from savings on Road Fund works. There remains a sum of Rupees 6,064, which can be provided as follows:—

	Rs.
1. Great Northern Road	7,880
2. Dornal Road	4,055
3. Road from Gudur to Venkatigiri ...	250
4. Do. do. to Dugurazpatam.	200
Total...	12,385

	Rs.
Transfer from allotment, Rupees 8,850, for road from Nellore to Kistnapatam	1,000
Do. do. Rupees 10,000, road from Koppolu to Biramgunta ...	654
Appropriation from General Fund balance	4,410
Total...	6,064

5. No estimates have yet been sanctioned for the works in question, either as regards the emergent repairs to the Great Northern or Dornal Roads, or the additional amounts required for the other two roads specified. The President will submit the estimates without delay; but, meanwhile, the Board resolve to ask the sanction of Government to the arrangements above indicated, which is necessary as they involve transfer from New Works to Repairs as well as an appropriation from the General to the Road Fund. The Board think that the latter may be allowed in the circumstances of the case, the expenditure on objects belonging to the General Fund being greater in the Nellore Circle than in most others, and the present needs of the Road Fund having arisen from unforeseen emergency. Should the Government consent, the Board will issue orders for placing the funds at the disposal of the Public Works Department. Early orders are requested.

6. Revised or supplemental estimates must be submitted and sanctioned in due course before the allotment asked for under Item 4 in paragraph 1 *supra* can be disposed of.

7. The estimates for choultries, to which Item 5 belongs, were submitted for the sanction of Government in Board's Proceedings, dated 17th February 1875, No. 380.

8. As regards the last item, the Board observe that the whole amount of the estimates, Rupees 896, was allotted in 1873-74 (Board's Proceedings, dated 9th January 1874, Miscellaneous No. 125), of which Rupees 503 were spent up to the close of the year, leaving Rupees 393 required for expenditure this year. The latter sum is now sanctioned from the allotment of Rupees 1,200 for the school at Venkatagiri (Item No. 13 in the list of Incomplete Works for 1874-75).

Nellore Circle.—The proposed transfer of funds from New Works to Repairs on account of certain Local Fund Works in this Circle, sanctioned, and the appropriation to the Road Fund of Rupees 4,410 from the General Fund Balance, authorized.

Resolution, applied for permission to spend during the current year Rs 1500 and 1000 respectively on the Choultries proposed to be constructed at Ghirnakurki and the Vennilapad Pass. Mr R. Smith, has, in a separate application, similarly proposed to spend Rs 1200 and 500 respectively on the Choultry and Musaferkhana at Nellorepallem; but I have informed him that these works cannot be begun pending the receipt of the sanction of Government.

2. In his letter of the 18 ultimo, the same officer reports that he is unable to utilize the following allotments during the current year on the Local Fund works particularized below—

Constructing Choultry at Gudur Rs 4000
Do — Do at Venkatareddipalle 2000

3 From these savings Mr Smith will on sanction to the estimates being accorded, be authorized to spend during the current year the sums he requires on the Choultry and Musaferkhana at Nellorepallem, and the Choultries at Ghirnakurki and Vennilapad.

Sir,

I have the honor to forward a state-
-ment of works, on which additional allot-
-ments are urgently required in the current
year, as well as a statement of the Savings
and Balances available.

2. Under Road Fund:- The District
Engineer requires Rs 1346 for new works,
and Rs 12385- for repairs, making a total
of Rs 13731. The savings are Rs 3000 from
Road Fund Works. The net additional

sum

sum of Rs 13731 is still required to meet the emergent demands. The Road Fund balance is only Rs 43-4-4

3. Under General Funds:- The District Engineer required for original works Rs 5965 and for Repairs Rs 393, making a total of Rs 6358. The savings are Rs 8500. Of the sum required for Original works, Rs 4200 belong to the Chowtries, the estimates of which have not been sanctioned by Government yet, and for which an allotment of funds was proposed in my letter No. 140, dated 10th February 1875. Assuming that these estimates and the proposed allotment of Rs 4200 for them can be sanctioned

in

in the current year, the Net Surplus Savings from General Fund works amount to Rs 2142. The balance of the General Fund on this date is Rs 6500. The works referred to above, being of an emergent character, I have the honor to request, in anticipation of the sanction of the Local Fund Board, that the additional sum required, viz. Rs 13731, for Road Fund may be met by transferring to those works the sums specified below:-

Amount surrendered by the District Engineer from Road Fund works as shown in the Statement No. 1.	Rs 3000
Net Surplus Savings under General Fund works	2142
Portion of the Budget Balance under General Funds now available	

available viz: 6400 ——— 5000

From the Rs 13062, sanctioned
for wells in Revenue Board's
Proceedings, Mis: No 365 of
18 January 1875 ——— 3589

13731

The transfer of Funds from General to Road Fund is absolutely necessary to meet the emergent demands, which have arisen. The sums required for the Repairs of the Great Northern Road and the Road to Cuddapah are for restoring those Roads which suffered severely from the late floods.

2. It is proposed to meet these demands as follows:-

Savings Road fund	3000
" General fund	2500
Balance General fund	5000
Transfer, General fund, allotment for wells.	3589
Total	20089

The proposals thus involve a transfer from General to Road fund of Rs 10731, the amount by which the proposed Road fund allotments exceed the Road fund savings. The Road funds balance at the present time is reported to be Rs 43 only.

3. On the understanding that the supplemental

Supplemental estimates promised will be submitted without delay for the sanction of the Local Fund Board the Board sanction the following transfers:-

From the allotment Rs 10000 for the road from Koppolu to Biramgunta - Item 6 Sb. II A. 1874-75 ——— 1346

To Road from Colapalem to Vemulapad Pass ——— Rs 849
