7. The decrease in Bungalow fees was owing to a smaller number of travellers using the bungalows, of which there were five, four being available for travellers, and one being rented to a Department Public Works Supervisor.

8. Only Rupees 5,000 of the loan of Rupees 30,000, sanctioned in G.O., Financial Department, dated 4th December 1873, No. 1757, for the re-construction of the Sattur Bridge, were credited to Local Funds in the year under report.

The latter visited 291 pyal schools with the view of bringing them under examination on the Results System. Of these schools, 217 were visited by him more than once. The balance Rupees 840 of Salary Grants due to 143 schools for 1872-73 was paid, and Results Grants, amounting to Rupees 10,420, were paid to 222 schools.

24. There were from 15 to 18 Vaccinators and one Superintendent employed. The total number of persons vaccinated was reported to be 13,310, of which 11,868 are said to have been

successful. They gave an average of 830 cases to each Vaccinator or 70 cases per month, more than twice the number reported during 1872-73. The President adds that these figures cannot be depended on. It is reported that the Vaccinator in the Tinnevelly Municipality, who is far more closely supervised, vaccinated only 346 persons or 29 per month.

25. The President says that the Local Fund Board are satisfied that much money is wasted on vaccination; that they would gladly dispense with the services of the Superintendent on Rupees 70 a month and appoint a Gumastah instead on Rupees 15 for keeping the accounts; and that they would also prefer adopting their own measures for supervising and checking the work performed and corresponding direct with the Superintendent General.

26. A sum of Rupees 8,301 was spent on Sanitation as detailed below:—

	Rs.
1. Repairing seventeen square tanks and five wells	3,380
2. Improving sixty village sites	3,728

28. Including the Strivelliputtur chuttrum, which is being built and which was omitted in the accounts of 1872-73, the Local Fund Board had under their control twenty chuttrums and two water-pandals. Of these, thirteen chuttrums and one water-pandal are endowed. The institutions had a balance of Rupees 1,551 at their credit at the beginning of the year. The receipts from rent and produce of land aggregated Rupees 2,305 and contributions Rupees 702, making a total of Rupees 4,558. Fixed and contingent charges amounted to Rupees 2,358, Rupees 268 were paid on account of repairs to the Strivaikuntum and Alvartirunagiri chuttrums executed in the previous year, Rupees 1,298 were spent in the erection of a new chuttrum at Strivelliputtur, and Rupees 265 were debited on account of Public Works supervision, etc.; the total expenditure was thus Rupees 4,189, leaving a balance of Rupees 369.

29. There were five bungalows* in the Circle, four of which were used by 305 travellers, the fifth having been rented out to the Public Works Department. Fees and rent amounted to Rupees 582, while the establishment cost Rupees 687, and the repairs of the five bungalows Rupees 594.

34. Local Fund Board.—Twelve Meetings were held with an average attendance of four official and four non-official members. The non-official members continued to do good work, and the President speaks in high terms of the aid which they afforded.

SHERMADEVI.

35. Receipts.—The assets of this Circle amounted to Rupees 1,42,567 including an opening balance of Rupees 35,043.

36. The collections in 1873-74 (excluding the balance) were Rupees 1,07,524, or Rs. 10,167 less than in 1872-73 as shown below:—

37. The Surplus Pound Fund decreased for the same reason as that assigned in the case of the other Circle.

38. The Road and Land Cess receipts show a considerable decrease compared with the collections of the previous year, but very nearly realized the estimate of the year. The total demand including arrears was Rupees 69,900, of which Rupees 53,959 were collected, leaving a balance of Rupees 15,988 uncollected. The season was unfavorable.

39. The increase under Choultries was due chiefly to an increase in the receipts of the Tirukurangudi Chuttrum. No remissions were granted on account of waste and withered crops on chuttrum lands, and no deductions were allowed on account of the low price of paddy. The Arumangalum Chuttrum was transferred to the Local Fund Board during the year, but the receipts were only Rupees 42.
