No. 107. Read the following Proceedings of the Board of Revenue, dated 10th December 1874, No. 3575 :—

Read the following letter from J. H. GARSTIN, Esq., President of the Local Fund Boards, South Arcot District, to J. GROSE, Esq., Secretary to the Board of Revenue, dated Cuddalore, 9th November 1874, No. 100 :—

With reference to Board's Proceedings, dated 13th July last, Miscellaneous No. 4696, I have the honor to state that I called on the Divisional Officers to report, after careful inquiry, whether the rule laid down in Board's Proceedings of the 21st June 1869, requiring lists of persons vaccinated to be left with the Village Officers of the villages visited by the Vaccinators, is strictly enforced in their divisions, and the result is given below.

2. In the sub-division, the Tahsildar of Virdachellam reports that in that taluq the lists are furnished to Village Officers, but the Deputy Tahsildar of Tittagudi, in the same taluq, is unable to report on this point, as the villages in his firka have not been visited by Vaccinators for the last seven years. In Chedambram, the Tahsildar of that taluq and the Deputy Tahsildar of Bowanagiri both report that lists are not furnished to Village Officers, while the Deputy Tahsildar of Mannargudi states that printed forms, filled in by Vaccinators, are left with Village Officers, but that the Vaccinators do not prepare these statements until the operation in each case has succeeded. The Kallakurchi Tahsildar reports that lists of the kind are left with Village Officers.

3. The Head Assistant Collector states that in the Villapuram Taluq only a very few of the villages have been visited by the Vaccinators, who have very rarely given in a list of the persons vaccinated to the Village Officers. Out of the sixteen chief villages of the taluq, only two were visited by the Vaccinators, but in neither did they leave any list, while only 220 villages out of 560 in the Tindevanam Taluq were visited by the Vaccinators, and in only forty were lists given.

4. The Deputy Collector, General Duties, states that the Tahsildars of Trickalore and Trinomalai Taluqs both report that the lists are being left by the Vaccinators with the Village Officers concerned.

5. The Tahsildar of Cuddalore reports that, from the inquiries made by him while on a tour in his taluq, he found that in the generality of cases the Vaccinators do not leave lists of persons vaccinated in the villages visited by them.

6. In reporting on this subject, the Sub-Collector speaks to the fact that one Monigar told him that the Vaccinators gave him printed papers in *English*, the contents of which he did not understand, and that others stated that no forms were furnished them at all.

7. It will thus be seen that the rule relative to the leaving of lists of persons vaccinated with the Village Officers is not strictly enforced in the Vaccination Department, and that there is good ground for inferring that the statement made by the Local Fund Board of the Cuddalore Circle is strictly correct.
