No. 273. Read the following letter from J. C. LOCH, Esq., President of the Municipal Commission, Madras, to the Hon. W. HUDLESTON, Chief Secretary to Government, Fort St. George, dated Madras, 11th March 1875, No. 498 :—

I have the honorto enclose an application from Mr. Standish Lee, Executive Engineer to the Municipality, for two years' leave of absence to Europe on medical certificate.

2. Mr. Lee having been for some time past in a bad state of health, I have to request that His Excellency the Governor in Council will be pleased to sanction the leave applied for by him under the provisions of Section 7, Act V. of 1871.

3. The arrangement I would recommend for the performance of Mr. Lee's work during his absence is that Mr. Stephenson, the Assistant Engineer, should act for him on a salary of Rupees 500 per mensem.

From STANDISH LEE, Esq., Executive Engineer, to J. C. LOCH, Esq., President, of the Municipal Commission, Madras, dated Madras, 11th March 1875, W. W. No. 1367—2818.

I have the honor to forward a medical certificate from Dr. Cockerill, Surgeon of the General Hospital, duly countersigned by the Surgeon-General of the Indian Medical Department, and to request that you will be so good as to obtain for me two years sick leave as therein recommended.

2. I should like to avail myself of the leave as early in April, as the Commissioners can spare my services.

No. 274. ORDER THEREON, 31st March 1875, No. 687.

Under Section 7, Act V. of 1871, (Madras) the Governor in Council is pleased to grant Mr. Standish Lee leave of absence on medical certificate for two years, during the first fifteen months of which he will draw half-pay at the rate of Rupees 350 monthly, and during the remainder of the leave will be entitled to quarter salary at the rate of Rupees 175 monthly, being the scale of absentee allowances prescribed for Uncovenanted Servants in Government employ which the Government deem suitable for Mr. Lee's case.

2. As the Act restricts the maximum charge on Municipal Funds for the Executive Engineer to an aggregate of Rupees 700 monthly for both absentee and acting allowances, the proposal made by the President for the conduct of Mr. Lee's duties during his absence is inadmissible. And as it is understood that the retention of Mr. Stephenson's services as Assistant Engineer is not advocated by the Municipal Sub-Committee on the re-organization of the establishment, the Governor in Council is prepared to place at the disposal of the Municipality for this temporary employment the services of Assistant Engineer S. Soobraya Acharya, B.C.E., now employed in the North Arcot Public Works Department, on Rupees 350 monthly, which is the amount available for the post of Acting Executive Engineer. The Government have reason to think him qualified for the Executive charge. The President will report on this suggestion.
