No. 283. Read the following Proceedings of the Board of Revenue, dated 3rd March 1875, No. 1724 (Miscellaneous):—

Read the following letter from G. VANSAGNEW, Esq., President of the Local Fund Boards, Nellore, to H. E. STOKES, Esq., Acting Secretary to the Board of Revenue, dated Nellore, 10th February 1875, No. 153:—

Adverting to the Revenue Board's Proceedings of the 7th ultimo, No. 60 (Miscellaneous), communicating (with the remark that they presumed further instructions would be issued) G.O., dated 26th November 1874, No. 1971, passing orders respecting the transfer of the Vaccine Staff in the Mofussil to all Local Fund Boards who are willing to receive it, I have the honor to submit, for the information of the Board, copy of a letter, dated 27th ultimo, No. 1896, to my address from the Inspector of Vaccination reporting that he had, in accordance with the terms of the Government Order quoted, instructed the Superintendent of Vaccine in this Circle to hand over their records and to work under the orders of the Local Fund Board.

2. This letter was laid before the last Meeting of the Local Fund Board on the 5th instant, when the following resolution was passed:—

"No. 31. The Board are not prepared to undertake the control of the Vaccine Staff of this Circle, pending a reference to be made to Government on the subject. The Inspector of Vaccination should have ascertained the wishes of the Board before directing the Superintendents to place themselves under the orders of the Board."

3. On the above resolution being passed, I instructed the two Superintendents of Vaccination at Nellore and Ongole not to quit their stations for Nellore with their records, but to continue to perform their duties as hitherto, pending the result of this reference.

4. In my letter referred to in Proceedings of the Board of Revenue, dated 15th September 1874, No. 2615, I, when submitting the resolution of the Local Fund Board agreeing in general terms to undertake the supervision of the Vaccine Staff, observed that I presumed the Zillah Surgeon would be expected to teach the vaccinators their work, and in paragraph 11 of their Proceedings the Revenue Board allude to this remark. It seems necessary that Government should pass orders on this point, and that provision should be made for the entertainment and payment of a class of pupil vaccinators.

From Surgeon-Major J. SHORTT, M.D., Inspector of Vaccination, Madras Presidency, to G. VANSAGNEW, Esq., President of the Local Fund Boards, Nellore District, dated Madras, 27th January 1875, No. 1896.

The Government having in their Proceedings, dated 26th November 1874, No. 1971, directed that the vaccinators of the district should be made over to the various Local Fund Boards, I have the honor to inform you that the necessary orders have been issued to the Superintendents of Vaccination of your district to make over to you all records, &c., belonging to the Vaccine Staff of your district, and to report themselves personally to you for orders, and to make to you the usual reports, &c., submitted to this office, and to hold no communication with this office on subjects connected with their offices and department except through you for the future.

2. At the same time to request that the usual reports and returns submitted to this office be continued until the 31st March 1875, to enable me to complete my annual report for the year 1874-75, and that any modifications or alterations you may consider necessary in the reports and returns may be introduced with the commencement of the official year 1875-76.

3. The Superintendents of Vaccination of the district have on their records the particulars of service and character, &c., of every vaccinator in your district in full.

Submitted for the orders of Government.

2. The instructions issued by the Superintendent-General of Vaccination seem to have been premature, Government having clearly indicated that further points of detail must be settled before the transfer can take place.
