8. These figures agree with those of the Accountant-General and Controller. The expenditure is 95·17 per cent. on the sanctioned allotment which is very satisfactory.

9. The President points out that a contribution of Rupees 130 to the Chicacole Local Fund Board for the repairs of the south approach of the Chicacole bridge has been included by the Controller of Public Works Accounts in the sum of Rupees 6,257 expended by "Other Agency" on repairs of communications, a grant for the purpose having been made in the budget under that head, and the sum having consequently been placed at the disposal of the Public Works Department. It should have appeared under "Contributions."

10. The cost of Establishment was as follows:—

	RS.
Public Works Department, General Establishment	32,008
Petty Establishment	1,880
Total ...	33,888

11. It will be observed that the cost of Public Works Supervision was 24·89 per cent. on the expenditure by the Public Works Department.

12. Three hundred and twenty miles of road were maintained, fifty-two miles of country cross roads constructed and repaired under the supervision of a Member of the Local Fund Board, earthwork and gravelling were executed on sixty-six miles on roads, and 131 masonry works were completed. Avenues along certain salt roads were planted. The Travellers' Bungalow at Vizianagaram was repaired, and a sum of Rupees 180, being the cost of repairs executed to the Travellers' Bungalow at Chittivalsa in 1872-73, was debited in the accounts of the year under report with a view to adjustment. The roads in the circle are on the whole reported to be in fair order.

Vedantachari from 1st April up to 16th July 1873, and then by V. Apparow. They inspected 135 schools, and examined 2,992 pupils. The Inspecting School-masters inspected 262 schools with 4,569 pupils, and visited 195 villages. The

16. Rupees 410 were contributed to the Government Normal School at Vizagapatam.

The number of pupils attending the schools is not stated. This should now be reported, and should be invariably given in future reports.

18. In accordance with the G. O., Financial Department, dated 1st November 1872, No. 1,489, three depôts have been established for the sale of books in the taluqs of Vizianagaram, Palcondah, and Parvatipoor. The grant-in-aid from Government was Rupees 19,530, and the Surplus Pound Fund collections amounted to Rupees 2,012.

The refunds from Public Works amount to Rupees 35,073.

7. *Expenditure.*—The expenditure as shown by my Treasury accounts amounted to Rupees 1,74,254, viz. :—

Item No. 6.—The 130 Rupees is an allotment to the Chicacole Local Fund Board on account of the annual repairs of the south approach of the Chicacole bridge sanctioned in Board's Proceedings, No. 1,309, dated 17th July 1873, and placed under this head by the Controller of Public Works Expenditure. It should apparently have been entered under the head of Contribution to the Chicacole Local Fund Board as directed in Board's Circular Memorandum, No. 937, dated 16th July 1872.

10. A sum of Rupees 4,077 has been expended on twenty-six country-cross-roads sanctioned in Board's Proceedings, Miscellaneous No. 732, dated 4th February 1874, particulars of which are given below. The whole of these works have been executed under the supervision of Sree P. Jagannatharazu Garu, a member of the Local Fund Board, to whom the supervision of the work was entrusted. The total length of the roads repaired is 52 miles and 491 yards at the above cost of Rupees 4,077, being at the rate of Rupees 78 per mile.

11. The usual statement showing the mileage of each road completed, maintained and in progress in this circle, is attached:—

Number.	Names of Roads.	Number of miles maintained.	Number of miles completed.	Number of miles in progress.	Remarks by the Public Works Department.
1	Vizianagram to Parvatipore.	52	52	...	During the past year about 4 miles of this road have been gravelled, and the gravelling is now completed throughout. The traffic being very great the road is heavy during the rains. It may be classed as a good fair weather road. Four large streams are unbridged and the masonry works have not been plastered.
2	Parvatipore to Palcondah.	26	...	...	The traffic is so heavy that this road must be metalled. About 20 miles of it are now in tolerably good order, the remaining 6 miles are almost impassable during the rains; two large streams and a few small ones are unbridged, the largest stream is frequently impassable for several days consequently.
3	Kopperla to Konada.	4½	2½	1¾	The embankment is very nearly completed; 2½ miles of gravelling was executed on the last portion of the road. The road is impassable for traffic during the rainy season near Konada.
4	Ramabhadrapuram to Salur.	5	5	...	A good fair weather road; gravelling completed throughout. Two large streams unbridged. This road will never be in a satisfactory state until metalled, as the gravel found in the vicinity is of an inferior description and the traffic very considerable.
5	Vizianagram to Chittivalsa.	13	4¼	4	About 4¼ miles of this road have been metalled during the past year and are in a satisfactory state; the remaining 8¾ miles are a good fair weather road; the metalling of this road will be completed throughout during the present year.
6	Vizianagram to Palcondah.	44	38	6	During the past year about 3 miles of the road were gravelled; about six miles still require gravelling; remainder is a good fair weather road.
7	Vizianagram to Bowdara.	19	19	...	A good fair weather road.
8	Vizagapatam to Vemulavalsa.	15	12½	2½	This road is in a fair state, with the exception of about 3½ miles; a bridge still remains to be built across the stream on the 3rd mile.
9	Vizagapatam to Bowdara.	38	26	12	This road has been completed and gravelled up to the 32nd mile, and so far is a fair weather road, but requires metalling.
10	Vizagapatam to Ankapilli as far as Agnampudy.	9	6	3	A good fair weather road.
11	Bimlipatam to Gambheeram.	5	4½	0½	A good fair weather road; requires metalling.
12	Bimlipatam to Chittivalsa.	3½	3	0½	Metalled and bridged with the exception of about half mile.
13	Trunk road from Rampur to Chicacole.	59	...	...	Parts are impassable for wheel traffic in the rainy season; two large rivers to be bridged. The whole line requires metalling.

12. The following are extracts from Notes by Messrs. Daniel and Willock on the roads in the Circle :—

No. 1. *Road from Vizagapatam to Vizianagram.*— By Mr. Daniel. "I have been over this several times, and it is now in very good order ; portion from Chittivalsa to Vizianagram, where the traffic in the part of Bimlipatam is so heavy, has been metalled."

No. 2. *Vizianagram to Chittivalsa.*—By Mr. Willock. "This road has been enormously improved within the last year, and is now in first-rate order with the exception of the two first miles from Chittivalsa which are rough and stony."

No. 3. *Road from Vizianagram to Ramabhadrapuram and Salur.*—By Mr. Daniel. "This I have seen on two occasions, it is in very fair order, but this ought to be metalled the whole way. This is the principal road in this district ; traffic is heavy, and the great fault of it at present is that the gravel all turns to dust partly from the nature of the gravel and partly from the want of proper moistening and beating when being newly made."

No. 4. *Road from Ramabhadrapuram to Salur.*—By Mr. Willock. "In very fair order."

No. 5 *Road from Vizianagram to Parvatipore.*—By Mr. Willock. "This road was in very good condition in January last, with the exception of about four miles between Seetanagram and Parvatipore. I passed along it again at the end of March, and found it had been greatly damaged in most places. The enormous traffic during the cold weather had cut the gravelling into deep holes, filled with soft sand, along the greater part of its length. It was in fair order, however, from Paradi river to Seetanagram river, and also from Gajapatinagram to Vizianagram. This road will never be able to stand the traffic until it has been widened and gravelled."

No. 6. *Road from Ramabhadrapuram to Parvatipore.*—By Mr. Daniel. "When I saw this early in January there were many places out of repair, especially near to Parvatipore ; repairs had recently been made but not completed, and the road had become lumpy in one part ; half the road had been newly made and the other half left untouched. The road nearer Ramabhadrapuram was better and work was going on ; but the whole road requires attention."

No. 7. *Road from Vizianagram to Palcondah.* By Mr. Daniel. "Rode over this at the end of November ; it was in very bad order, the first part from Vizianagram to Cheepurupilli and a mile or two beyond was fair but wants repair. The rest of the road was in a terrible state ; it was just after rain had fallen. The state of this road was due to neglect of duty on the part of Overseer Jeffries, who was subsequently dismissed."

By Mr. Willock. "I last saw this road in December. It was for the most part in very bad order then, but repairs were being executed."

No. 8. *Road from Palcondah to Parvatipore.*—By Mr. Daniel. "For some miles out of Palcondah the road continued bad, but it was improved towards Parvatipore."

By Mr. Willock. "The part of this road between Parvatipore and Naguru, which used to be in very fair order, has been cut up into big holes. About three miles on the other side of Naguru have been gravelled during the year, but the work is very bad and giving way already. The remainder of the road as far as Veeragottam is terribly bad. Between Veeragottam and Palcondah repairs are urgently required, as the large stones used in foundation for the road are everywhere cropping up."

No. 9. *Road from Vizianagram to Bowdara.*—By Mr. Willock. "In fair condition."

13. The expenditure for Controlling establishment at the Presidency, and at the Collector's and Local Fund Board's offices, amounts to Rupees 1,412 out of the Budget allotment of Rupees 1,410, and has been debited as follows :—

	Rs.
Road Fund	1,244
General Fund	168
Total...	1,412

The Budget allotment for Petty establishment is Rupees 3,150, but the actual expenditure amounted to Rupees 1,880.

Rupees 32,008 are debited in the accounts for Public Works Supervision, when only Rupees 24,680 are provided in the Budget.

Out of the Budget provision of Rupees 1,030 for Tools and Plant Rupees 980 were expended by Public Works Department

14. The following brief statement shows the actual work executed from the Road Fund during the year :—

New Works. { 66 Miles earth-work and gravelling.
No. 131, Masonry works.
Rupees 15,869 compensation for lands.

Repairs ... { 52 Miles cross-roads constructed and repaired.
320 Miles of road repaired.

15. General Fund—*Statement No.* 5.—The year opened with a balance of Rupees 8,458, composed of the following items :—

Rs.	
6,105	The balance of General Fund on 31st March last.
1,323	Union Fund balance on 31st March transferred to General Fund according to G. O., No. 513, dated 22nd April 1873.
1,030	Endowment Fund balance as per Local Fund Report of 1872-73.
8,458	Total.

16. The Budget estimate of receipts for the year, including the balance, amounted to Rupees 20,420. The actual receipts, however, amounted to Rupees 26,531, or an increase of Rupees 6,111, caused principally by the General Fund balance at the end of the year 1872-73, being Rupees 6,105 instead of Rupees 2,050 as estimated.

17. The receipts as shown in Statement No. 5 are all of usual occurrence except No. 8, which requires explanation. The Local Fund contribution, fixed in G. O., No. 491, dated 17th April 1871, to the Civil Dispensaries of Vizagapatam and Palcondah were from that period debited by the Treasury Deputy Collector to Local Funds and credited to Provincial Services in adjustment of the charges of salaries, etc., incurred under that head on account of the Civil Dispensaries. This was continued up to the end of 1871-72, when it was objected to by the Accountant General, who directed that the several amounts should be recovered from Provincial Services, re-credited to Local Funds, paid to the Dispensary Committees concerned from whom the money should be drawn, and re-credited to Provincial Services; the whole transaction being intended to show that payments to Provincial Services are from the Dispensary Committee and not from Local Funds as was hitherto the case.

18. Expenditure.—The Budget allotment was Rupees 15,230, the actual expenditure being Rupees 15,281, showing a slight increase of Rupees 51.

19. Grant I.—There is an allotment of Rupees 300 for avenues along certain salt roads, all of which has been expended.

Rupees 234 were allotted for repairs to the Travellers' bungalow at Vizianagram in Board's Proceedings, Miscellaneous No. 8,778, dated 31st December 1873, and the amount has been spent on the works.

20. Grant II., Education.—The Budget allotment for education was Rupees 8,760. Of this Rupees 5,037 were expended, leaving a balance of Rupees 3,723. The decrease in expenditure is chiefly in "Purchase of books" and Results grants.

21. There has been no change in the Educational staff. The following abstract statement shows the names, salaries and allowances, and the work done by the Inspectors:—

Number.	Names of Inspecting Officers.	Designation.	Monthly pay.	Annual Cost.			Number of			Remarks.

22. The Training School grant of Rupees 410 has been paid in full to the Normal School at Vizagapatam. Under G. O., No 426, dated 28th March 1873, this contribution, as well as that to the salary, etc., of the Deputy Inspector of Schools and his establishment, will cease to be a charge on Local Funds from 1874-75.

23. Purchase of Books.—The allotment for this purpose is Rupees 1,000, of which Rupees 174 were utilized, Rupees 158 being the value of the books bought *minus* discount, and the remaining sum of Rupees 16 being commission allowed to Inspecting Schoolmasters. Under G. O., No 1,489, dated 1st November 1873, three depôts have been established for the sale of books in the Taluqs of Vizianagram, Palcondah, and Parvatipore. Two indents were made on the District Book Depôt during the year under report, the value of the books indented for being Rupees 256. Of this books to the value of Rupees 158 alone were supplied by the District Curator on three occasions. Rupees 119 were realized from the sale proceeds of books. The following statement shows the sale transactions at these depôts during the past official year.

25. In addition to the above there is a Local Fund School at Parvatipore, the only Middle Class School under the Board. The Teaching staff has not been increased during the year, and consists of—

1	Head Master	on Rupees	25	a month.
1	Assistant	do. on do.	15	do.
1	Servant	on do.	3	do.
	Total...		43	

26. GRANT III.—The Budget allotment is Rupees 5,970. The expenditure amounts to Rupees 7,142, or an increase of Rupees 1,172, caused principally by the contribution to the Civil Dispensaries having, under instructions from the Accountant General, No. 489, dated 19th April 1873, been debited to Local Funds for the years 1871 to 1873.

27. VACCINATION.—The Vaccine establishment of this Circle consists of—

		RS.
1	Superintendent	70
22	Vaccinators—	
2	On 18 each	36
13	On 10 each	130
7	On 7 each...	49

the whole cost being borne by Local Funds. Previous to 1872-73 eleven Vaccinators, costing 89 Rupees per mensem, used to be paid for by the Zemindars of the Circle and by Messrs. Arbuthnot and Co., renters of the Palcondah Taluq; but under G. O., No. 750, dated 1st July 1872, these Vaccinators were taken over by the Local Board from 1872-73.

The number of persons vaccinated during the year was 12,678 against 9,328 in 1872-73. Of these 12,064 operations were successful and 614 unsuccessful, or 5 per cent. of the number vaccinated.

28. SANITATION.—Out of the Budget allotment of Rupees 1,000 only Rupees 285 were expended in Srungavarapucota and Cheepurupilli; the remainder of the money was not utilized although the local Divisional Officers were invited to propose schemes for its utilization.

29. TRAVELLERS' BUNGALOWS.—There are five Travellers' bungalows in this Circle. The number of travellers occupying them was 158, the fees collected amounting to Rupees 295, or Rupees 55 below the Budget estimate. The cost of establishment for the year is 282.

30. CIVIL DISPENSARIES.—During the year no such institutions were established in the Circle, but there are three within Municipal limits, to the support of which the Local Fund Board contribute, viz.:—

	RS.
To Vizagapatam Civil Dispensary	770
,, Bimlipatam do.	330
,, Palcondah do.	400

From 1874-75 the Palcondah Civil Dispensary has been transferred to Local Funds.

31. GRANT IV.—The expenditure under this head amounted to Rupees 2,388 as follows:—

	RS.
1. Controlling establishment, etc., chargeable to General Fund	168
2. Contingencies	150
3. Refund of Bungalow Fee Fund, as per Accountant-General's Miscellaneous No. 8,935, dated 21st January 1874	1,040
4. Balance of Endowment Fund	1,030
Total...	2,388

32. The first two items call for no remark.

Item 3.—In Board's Proceedings, dated 8th January 1872, No. 53, the Board directed the transfer of Rupees 1,560 from the Vizagapatam Bungalow Fund to the funds of Ganjam, Kistna, and Tanjore. This order was not acted upon as there were no funds.

This circumstance was reported to the Board, but the order was not cancelled and matters were left in this state until January 1874, when, under instructions from the Accountant-General, the whole amount was debited in the Treasury accounts to Local Funds, *i.e.*, Rupees 1,040 to the Vizagapatam Circle and Rupees 520 to the Nursipatam Circle. As the Local Fund Board acquired the possession of the bungalows, with only a balance of Rupees 605-9-6, the transfer of Rupees 1,040 from the Local Funds of the Circle seems to be erroneous, and the Local Fund Board propose to address the Board of Revenue separately on this subject.

33. The Endowment Fund charge of Rupees 1,030 represents the subscription received before the Local Fund Act came into force for a Civil Dispensary at Parvatipore, and which sum has been transferred to deposits under paragraph 3 of Revenue Board's Proceedings, No. 95, dated 23rd January 1873.

From H. St. A. GOODRICH, Esq.,
Acting Collector and President, Local Fund Boards.

To J. GROSE, Esq.,
Secretary to the Board of Revenue.

I have the honor to forward, herewith, copy of the Local Fund Report of the Narsipatam Circle for 1873-74, received from the Vice-President, together with the usual Statements accompanying it.

2. Statement No. 3, Report, paragraph 8.—I have no remarks to make on the report, excepting that the charges incurred for Public Works Supervision, and Tools and Plant, have all been debited to the Road Fund, instead of a portion being debited to the General Fund also, under paragraph 28 of the Local Fund Rules. They should be apportioned thus :—

Enclosure No. 1.

From G. D. IRVINE, Esq., Vice-President of the Local Fund Board, Narsipatam Circle, to H. St. A. GOODRICH, Esq., Acting President of the Local Fund Boards, Vizagapatam, dated Ankapilli, 8th October 1874, No. 66.

Referring to Section 73 of the Local Fund Rules, I have the honor to submit my report on the administration of the Local Funds of the Narsipatam Circle for 1873-74, accompanied by the usual Statements.

2. The year opened with a net deficit of Rupees 18,479. The receipts amounted to Rupees 92,947, and expenditure to Rupees 85,052. The deficit balance at the close of the year was therefore Rupees 10,584.

The following Statement shows in one view the particulars of receipts, disbursements, and balance of each fund, constituting the Local Fund of the Circle :—

No.	Funds.	Receipts.			Disbursements.	Balance.	Remarks.

3. Road Fund Receipts—*Statement III.*—This fund opened with a deficit of Rupees 26,881. The receipts during the year amounted to Rupees 80,018, the greater part of which is from the Land-cess, under Act IV. of 1871. The grant from Provincial Funds was Rupees 15,160, and the Surplus Pound Fund collections amounted to Rupees 897.

4. Expenditure.—The expenditure according to the Treasury Accounts amounted to Rupees 76,627, viz. :—

	RS.
1. New works	38,945
2. Repairs	21,047
3. Public Works supervision	13,439
4. Petty Establishment	2,476
5. Controlling Establishment	258
6. Tools and Plant	462
Total...	76,627

5. New Works.—The new works executed consist chiefly of roads, on which Rupees 38,945 were expended, Rupees 28,333 by the Public Works Department, and Rupees 10,612 by the Revenue Department. The details of Public Works figures will be found in Statement No. 4. The expenditure incurred by the Revenue Department, viz., Rupees 10,612 appertains to compensation for lands taken up for the following roads :—

1. Ankapilli to Vizagapatam ...	1,123	13	8

6. Repairs.—The allotment in the Budget for repairs was Rupees 21,990, and the actual expenditure amounted to Rupees 21,047, or Rupees 943 less. Statement No. 4 contains the particulars of expenditure.

7. Appended is the Statement showing the mileage of each road completed, maintained, and in progress in the Circle, during the year under report.

9	Do. from do. to Polaram.	19	14	5	Good fair weather road, 14 miles gravelled.

8. A sum of Rupees 10,320 was provided in the Budget for Public Works supervision, and under Section 27, Clause 3 of the Local Fund Rules, this appears to be a fixed grant, and not liable to alterations, a twelfth part of the grant being debited monthly to Local Funds under Clause 4. But Rupees 13,439 are debited under this head in the Treasury Accounts apparently under instructions from the Accountant-General, in communication with the Controller of Public Works Accounts.

Rupees 2,476 are entered in the accounts as the cost of the Petty Establishment, when only Rupees 1,570 was provided for in the Budget. Under Tools and Plant an excess expenditure of Rupees 72 over the Budget grant has been debited in the accounts.

9. The expenditure for Controlling Establishment at the Presidency, and at the Collector's and Local Fund Board's offices amounts to Rupees 300, out of a budget allotment of Rupees 540. The difference of Rupees 240 was the anticipated cost of the establishment of this Circle for which provision was made in the budget; but no charges were incurred as no establishment was entertained. The actual charge of Rupees 300 above referred to has been debited in the accounts as follows:—

	RS.
Road Fund	258
General Fund	42
Total...	300

10. General Fund Receipts.—The General Fund opened with a balance of Rupees 8,402 against an estimate of Rupees 600. The Budget Estimate of Receipts including the estimated balance amounted to Rupees 13,300, while the actual receipts including the actual balance came to Rupees 21,331, showing an increase of Rupees 8,031, caused principally by the General Fund Balance at the beginning of the year under report being Rupees 8,402, instead of Rupees 600 as was anticipated.

11. Expenditure.—The allotment in the Budget Estimate of the year for expenditure from the General Fund was Rupees 11,720, but the amount actually expended was Rupees 8,425 showing a decrease of Rupees 3,295. The cause of this difference will be noticed as details come up.

12. Grant I.—The amount of estimate sanctioned in Board's Proceedings, No. 1,268, dated 12th July 1873, for the construction of a Civil Dispensary at Narsipatam, was Rupees 1,750, for which provision was made in the Local Fund Budget of the Circle for 1873-74. But of this only Rupees 835 were spent by the Public Works Department before the close of the year.

13. There is an allotment of Rupees 300 for avenues, along certain roads, the whole of which has been utilized, excepting a small sum of Rupees 10 which was refunded into the treasury at the close of the year.

14. The following Statement shows the progress made during the year in the plantation of avenue trees.

15. A sum of Rupees 171 was allotted in the Proceedings of the Board of Revenue noted in the margin, for repairs to the Travellers' Bungalows at Yalamunchili and Nakkapilli. The repairs were executed and the allotment fully utilized.

6th July and 30th December 1873, Nos. 4,195 and 8,772, respectively.

16. Grant II., Education.—The budget allotment for education was Rupees 6,120. Of this Rupees 4,241 were expended, leaving a balance of Rupees 1,879. The decrease in expenditure is chiefly in "payment for inspection" and "results grants."

17. Rupees 2,710 were provided in the budget for "Payment for inspection" calculated as follows:—

	RS.	
1 Deputy Inspector of Schools on	100	a month.
1 Writer on	15	do.
1 Peon on	5	do.

yearly...	1,236	or 1,240 in round numbers.

But the amount actually expended was only Rupees 1,725, as there is at present only one Inspecting Schoolmaster entertained on Rupees 35 a month, and as the pay of the Deputy Inspector is only Rupees 75 instead of 100 as estimated in the budget. The educational staff remains therefore the same as in last year. The following Statement shows the names, salaries, etc., and the work done by the Inspecting agency during the year under review.

18. A sum of Rupees 410 is entered in the budget opposite to "Training Schools." This represents the amount of contribution to the Government Normal School at Vizagapatam. The amount has been paid in full. Under G. O., No. 426, dated 28th March 1873, this contribution as well as that to the Deputy Inspector of Schools, and his establishment will cease to be a charge on Local Funds from 1874-75.

19. Results Grants.—A sum of Rupees 1,951 has been spent in Results grants against a budget allotment of Rupees 2,500. The following is a Taluqwar Statement showing the number of Results Grant Schools in the Circle, and the amount of grant received by each during 1873-74.

20 Purchase of Books.—The allotment for this purpose is Rupees 500, of which Rupees 155 were utilized, Rupees 141 being the value of the books, etc., bought minus discount, and the remaining sum of Rupees 14 being the commission allowed to the Inspecting Schoolmaster. Only Rupees 50 were realized from the sale proceeds of books. Under G. O., No. 1,489, dated 1st November 1873, three depôts have been established for the sale of books in the taluqs of Ankapilli, Sarvasiddhi and Veeravilli. 21. GRANT III.—The provision in the budget under this grant was Rupees 2,970, but the expenditure amounted to Rupees 2,230 on a decrease of Rupees 740, chiefly in the item "Sanitary Establishment" for which Rupees 1,000 was provided in the budget.

22. VACCINATION.—The vaccine establishment of the Narsipatam Circle consists of one Superintendent on Rupees 70 (a portion of which is debited to this Circle, and the other part to the Vizagapatam Circle) and fourteen vaccinators, as follows :—

2 On Rupees 18 a month.
6 On ,, 10 do.
6 On ,, 7 do.

The number of persons vaccinated during the year was 7,785. Of these 7,559 operations were successful, and 206 unsuccessful, while the result in twenty cases was unknown.

23. SANITATION.—Of the Budget provision of Rupees 1,000 for sanitation, only Rupees 433 were utilized as follows :—

24. TRAVELLERS' BUNGALOWS.—There are three Travellers's Bungalows in the Circle, transferred to the Narsipatam Board, under G. O., No. 1,171, dated 3rd September 1872. They are those at Kasimcota, Yalamunchili, and Nakkapilli. As has been already noticed, a sum of Rupees 171 has been expended during the year under report in repairing the last two bungalows. The number of travellers that halted during last year was 173 and the fees collected amounted to Rupees 314, or Rupees 34 over the budget estimate. The cost of the Establishment, etc., charges is only Rupees 157, against an allotment of Rupees 220.

25. GRANT IV.—The expenditure under Grant IV. amounted to Rupees 658, as detailed below, against a provision of Rupees 100, in the budget :—

		Rs.
1.	Cost of general management chargeable to General Fund ...	42
2.	Contingencies	43
3.	Advances recoverable	7
4.	Refund of cesses	46
5.	Refund of Bungalow Fee Fund	520
	Total...	658

26. The first four items call for no remark.

The last item is the portion debited to the Local Funds of the Narsipatam Circle, out of the amount of Rupees 1,560, which the Board of Revenue directed in their Proceedings, No. 53, dated 8th January 1872, to be transferred from the Vizagapatam Bungalow Fund to the funds of certain other districts. Two-thirds of this sum has been charged to the Vizagapatam Circle, and the remaining ⅓rd to Narsipatam. But the Local Fund Board acquired the possession of the bungalows, only with a balance of Rupees 447 or Rupees 73 below the sum of Rupees 520 transferred from the funds of this Circle.
