No. 53-A. Read the following letter from W. CLARK, Esq., C.E., Drainage Engineer, Madras, to Colonel G. W. WALKER, R.E., Secretary to Government, Public Works Department, Fort St. George, dated Mount Road, 3rd April 1875, No. 1 :—

December last, holds for the period of three months, I have the honor to point out that the estimated period in which the work would be accomplished was taken at three months, but as the expenditure does not exceed the amount sanctioned on this account for the scheme, I request that the Government may be moved to grant special sanction for the same at early convenience. The amount expended up to date inclusive of the present bill is Rupees 2,206-3-1, while the total amount sanctioned is Rupees 2,287, leaving a balance of Rupees 80-12-11 at credit of the scheme.

2. As, however, the completion of the plans and estimates is likely to occupy a little more time than I anticipated, I take this opportunity of asking that the sanction of Government may be extended on the present scale to the 15th April instant, in addition to the balance in hand by which time it is hoped all work will be completed.
