Municipal Office Cocanada
30th March 1875

To

The Honorable W. Huddleston
Chief Secretary to Government
Fort St George

Sir.

With reference to the Proceedings of the Government, Financial Department, of the 3. ultimo No 226 Para 7, I have the honour to state that the sum of Rupees 351 therein referred to, is exclusive of Rupees 1831 which were expended for metalling main road. The Commissioners carried out this work from funds which had been allotted for repairs, but the expenditure was subsequently shewn under the head "New works" on account of the nature of the work which appeared to come under this head rather than that of repair; the work was metalling a road formerly unmetalled. The amount allotted for 1875-76 is not more than what is actually required to keep all the roads in good condition. Several new roads have been lately constructed which will require repairs

Cocanada Municipality

Education. 2. The reason for the amount

allotted for result grants for 1875-76 being smaller than previously is that several Schools which were aided under this head had ceased to Exist when the Budget was in preparation..

The Commissioners will have at their disposal a portion of the amount allotted for Salary Grants, as the aid given to one School, viz: B. Ramseni's School, on a Grant of Rupees 20 under this head will be discontinued from the beginning of the next official year, and all such Surplus will be available for result Grants which may be sanctioned in the course of 1875-76.

I have the honor to be
