Proceedings of the Madras Government, Financial Department,
13th April 1875.

Local Funds—Vaccination.

Read the following Proceedings of the Board of Revenue, dated 3rd April 1875, No. 2676, (Miscellaneous):—

No. 142. Read the following letter from J. B. PENNINGTON, Esq., President of the Local Fund Board, Trichinopoly, to H. E. STOKES, Esq., Acting Secretary to the Board of Revenue, dated Trichinopoly, 12th February 1875, No. 8:—

With reference to G.O., No. 1971, of 26th November 1874, transferring the vaccine staff in the mofussil to the Local Fund Boards, &c., I have the honor to request that Government may be moved to issue the further instructions alluded to by the Board in their miscellaneous No. 60, dated 7th January 1875, as soon as possible.

2. I have just received an application from the Superintendent of Vaccination in this district requesting to be transferred to a "sea coast northern district" on account of his health, the Inspector of Vaccination having directed him by endorsement dated 2nd February 1875 to apply to me on the subject.

3. It would be convenient, I think, if the transfers of *Superintendents* of Vaccination were still made by the Inspector in consultation with the Presidents of Local Fund Boards, as the Inspector will still be responsible for the efficiency of the inspecting staff, and will have far better opportunities of judging of the qualifications of the various Superintendents than any single President of a Local Fund Board.

Submitted for the orders of Government.
