Local Funds—Education.

No. 7. Read the following Proceedings of the Board of Revenue, dated 24th March 1875, No. 2437 (Miscellaneous):—

Read the following letter from W. D. HORSLEY, Esq., President of the Local Fund Boards, Cuddapah District, to H. E. STOKES, Esq., Acting Secretary to the Board of Revenue, dated Cuddapah, 19th February 1875, No. 92:—

With reference to G.O., No. 66, dated 13th January 1875, I have to explain that all the wants of elementary education have been fully provided for, and it is doubtful whether the money allotted will be spent. The result-grant system works well in the Cuddapah Circle, and by its means the money is spent.

Submitted to Government with reference to G.O., Financial Department, 13th January 1875, No. 66.

2. The educational grant in the Cuddapah Circle for 1874-75 is Rupees 11,950, and for 1875-76 Rupees 12,270. Though it would take much more to fully provide means of education in the Circle, yet there appears no immediate prospect of the General Fund money, the transfer of which to the Road Fund was asked for, being utilized.

(True Copy and Extract.)

(Signed) H. E. STOKES,
Acting Secretary.

No. 8. ORDER THEREON, 1st May 1875, No. 972.

The Government must decline to sanction the proposed transfer.

2. The Local Board should hasten the development of elementary education by the establishment of schools on the system of a combination of fixed stipends and results grants, in which case any portion of the surplus General Fund not likely to be annually recurring can be utilized in the erection of school-buildings.

to prefer it is doubtful if even the budget allotments for education can be spent.

If the retention of the results grants system is to be allowed, as the sole educational agency of the circle, it would seem that the expenditure on education must be allowed to dwindle itself in which case the general fund balance may as well be utilized for other purposes.

30/3

It seems clear that there will be great delay, on the existing system (Results grants) in providing sufficiently for elementary education — I would desire the application of the surplus as indicated by the Govr. PM

you have done more already provided for by the Budget allotment?

May we certainly establish elementary schools in Ulster & some other system: and I wd. request them to apply the money in pursuance of this purpose.

In H.C.O. abolishing the Board I am the inclined to think that elementary schools

no rate Hon. Mr. Young's landscape (previously land & in all counties supply ded. by grant or rating) but elementary

& road: fully educn. ded. by provided for by separate contribution was for a road. It cannot be said that Elementary Educn. is fully provided for in Cuddy Estimates.

Even if it were the case (which it cannot possibly be) that the money cd. not be

(X I presume to be replaced elsewhere permanently)

spent on Educn. but cd. easily & fitly spent on road, let it reduce local taxation otherwise, we shd. not only be requiring the extra grant amount of 2/3 ds. of the land rep. Ulster to road, but taxing other people to provide more for Ulster than per head

per 10/4

Copy sent for information & R.O. not to be returned

Note with reference to H. E. the Govr's remarks it is submitted that it is not likely that the large surplus of Rs 18390 will be permanent.

The General fund portion of the budget for 1875-76 is as under:-

~~Opening balance Rs 6500~~

Receipts

½ Land Cess =	Rs 41670	
Provincial Grant	1630	
Grant from Special funds	200	
School fees	300	
Contributions	290	
Miscellaneous	150	
Income of the year	Rs 44640	
Opening balance	6500	
	51140	

Expenditure

Public Works Rs	5800
Education	12270
Sanitary & Medical Charges	27310
Inspection	420
	45800
Closing balance & Arrears	5340
	51140

The allotments for the

year are thus in excess of the income excluding the opening balance, but the provision for Sanitary & Medical Services (apart from Public Works) forms an unduly high proportion of the 1/3 d Land Cess + and a portion of it may justly be diverted for the extension of elementary education so long as no special tax is imposed for this purpose.

+ 1/3 d Land Cess = Rs 41610
Sanitary allotments = 27310
Per-centage = 65-6
